(1) Includes the Golden Gates, Golden Gulch and Mardi Gras casinos.

We acquired the rights to the name “Bally’s” in 2020 as part of our strategy to become a leading U.S. full-service sports betting/iGaming company with physical casinos and online gaming solutions united under a single, prominent brand. We have taken other key steps to build our iGaming and sports betting business in the past year, including:

- entering into a strategic partnership with Sinclair Broadcast Group (“Sinclair”) to leverage the Bally’s brand and combine our sports betting technology with Sinclair’s expansive natural footprint, which includes 188 local TV stations, 19 regional sports networks, the STIRR streaming service, the Tennis Channel and five stadium digital TV and internet sports networks; and
- signing definitive agreements to acquire Bet.Works, a sports betting platform provider to operators in Colorado, New Jersey, Indiana and Iowa, and Monkey Knife Fight (“MKF”), the third-largest fantasy sports platform in North America.
- acquiring SportsCaller, a leading B2B free-to-play (“FTP”) game provider, in early 2021.

We are a Delaware corporation with our global headquarters in Providence, Rhode Island.

Our Operating Structure

As of December 31, 2020, the Company had ten operating segments; Twin River Casino Hotel, Hard Rock Biloxi, Dover Downs, Tiverton Casino Hotel, Black Hawk Casinos, Casino KC, Casino Vicksburg, Bally's Atlantic City, Shreveport and Mile High USA. Beginning in the third quarter of 2020, we changed our reportable segments to better align with our strategic growth initiatives in light of recent and pending acquisitions. For purposes of financial reporting, our operating properties have been aggregated into the following four reportable segments:

- *Rhode Island* - includes Twin River Casino Hotel and Tiverton Casino Hotel.
- *Mid-Atlantic* - includes Dover Downs and Bally's Atlantic City
- *Southeast* - includes Hard Rock Biloxi, Casino Vicksburg and Shreveport
- *West* - includes Casino KC and the Black Hawk Casinos.

The Company reports Mile High USA, an immaterial operating segment, and shared services provided by Twin River Management Group (our management subsidiary), in the "Other" category.

Prior to the onset of COVID-19, our properties generated strong free cash flow driven by income growth and low maintenance capital expenditures. Our Rhode Island and Delaware casinos do not bear the costs of slot machine acquisitions, replacements or maintenance, as these responsibilities are borne by the state, in each case, and are paid for, in effect, by these states' gaming taxes on slot machine revenue.

Our casino operations are all within the U.S. Refer to Note 18 "Segment Reporting" to our consolidated financial statements presented in Part II, Item 8 for additional information.

Our Strategy

Recent and Pending Acquisitions

We seek to continue to grow our business by actively pursuing the acquisition and development of new gaming opportunities and reinvesting in our existing operations. We believe that interactive gaming, including mobile sports betting and iGaming represents a significant strategic opportunity for future growth of the Company. In addition, we seek to increase revenues at our brick and mortar casinos through enhancing the guest experience by providing popular games, restaurants, hotel accommodations, entertainment and other amenities in attractive surroundings with high-quality guest service.

Our recent and pending business acquisitions include:

- *Dover Downs* - On March 28, 2019, we completed our merger with Dover Downs, with Dover Downs becoming our indirect wholly owned subsidiary and Dover Downs shareholders receiving common stock of Bally's representing 7.225% of the equity of the combined company at closing.
- *Black Hawk Casinos* - On January 23, 2020 we acquired three casino properties in Black Hawk, Colorado (Golden Gates, Golden Gulch and Mardi Gras) from a subsidiary of Affinity Gaming ("Affinity") for \$53.8 million in cash, subject to customary post-closing adjustments. On November 5, 2019, Proposition DD was passed by the voters of Colorado, legalizing sports gambling in the state. As a result of this new legislation, we received three sports betting licenses in Colorado through the acquisition of the Black Hawk Casinos. We have entered into separate agreements with DraftKings Inc. and FanDuel Group to provide sportsbook products through these licenses.
- *Casino KC and Casino Vicksburg* - On July 1, 2020, we acquired Casino KC in Kansas City, Missouri and Casino Vicksburg in Vicksburg, Mississippi for \$229.9 million in cash, subject to customary post-closing adjustments from Eldorado Resorts, Inc., ("Eldorado"). (Eldorado subsequently merged with Caesars Entertainment Corporation and formed Caesars Entertainment Inc ("Caesars")).
- *Bally's Atlantic City* - On November 18, 2020, we acquired Bally's Atlantic City from Caesars and Vici Properties Inc. along with the license to build out a sports book and launch online sports and internet gaming for \$24.7 million in cash, subject to customary post-closing adjustments.
- *Shreveport* - On December 23, 2020, we acquired Eldorado Resort Casino Shreveport in Shreveport, Louisiana for \$137.2 million, subject to customary post-closing adjustments, from Caesars.

- *SportCaller* - On February 5, 2021, we acquired SportCaller, one of the leading B2B free-to-play (“FTP”) game providers for sports betting and media companies across North America, the UK, Europe, Asia, Australia, LATAM and Africa, for \$24.0 million in cash and 221,391 shares of our common stock (valued at approximately \$12.0 million), subject to adjustment, and up to \$12.0 million in value of additional shares if SportCaller meets certain post-closing performance targets (calculated based on an exchange ratio of 0.8334).
- *MontBleu* - On April 24, 2020, we agreed to acquire MontBleu Resort Casino & Spa operations in Lake Tahoe, Nevada for \$15.0 million, subject to post-closing adjustments, from Caesars, subject to required regulatory approvals and satisfaction of other customary closing conditions.
- *Jumer’s Casino & Hotel* - On September 30, 2020, we agreed with Delaware North Companies Gaming & Entertainment, Inc. to acquire Jumer’s Casino & Hotel in Rock Island, Illinois for \$120.0 million in cash, subject to required regulatory approvals and satisfaction of other customary closing conditions.
- *Tropicana Evansville* - On October 27, 2020, we agreed with Caesars to acquire the Tropicana Evansville Casino in Evansville, Indiana for a purchase price of \$140.0 million. The transaction is expected to close in the second quarter of 2021, subject to receipt of required regulatory approvals and satisfaction of other customary closing conditions.

At the same time, an affiliate of Gaming & Leisure Properties, Inc. (“GLPI”) agreed to acquire the real estate associated with the Tropicana Evansville Casino for \$340.0 million and lease it back to us for \$28.0 million per year, subject to escalation. GLPI also agreed to acquire the real estate associated with our Dover Downs casino for \$144.0 million and lease it back to us for \$12.0 million per year, subject to escalation. Both leases are governed by a master lease agreement with GLPI which has an initial term of 15 years with four five-year renewal options. Refer to Note 5. “Acquisitions” for further information.

- *Bet.Works* - On November 18, 2020, we agreed to acquire Bet.Works, a sportsbook technology platform, for \$62.5 million in cash and 2,528,194 common shares, subject in each case to customary adjustments. This transaction is subject to customary closing conditions, including receipt of required regulatory approvals.
- *Monkey Knife Fight* - On January 22, 2021, we agreed to acquire MKF for (1) immediately exercisable penny warrants to purchase up to 984,450 Bally’s common shares (subject to adjustment) at closing and (2) contingent penny warrants to purchase up to 787,550 additional common shares half of which are issuable on each of the first and second anniversary of closing. The total value of the warrants at signing was \$90.0 million. The transaction is subject to customary closing conditions.

We believe these acquisitions have expanded and will, in the case of the pending acquisitions, further expand both our operating and digital/interactive footprints, provide us access to the potentially lucrative interactive mobile sports betting and iGaming markets, and diversify us from a financial standpoint, while continuing to mitigate our susceptibility to regional economic downturns, idiosyncratic regulatory changes and increases in regional competition.

Other Strategic Initiatives

Bally’s Trade Name

On October 13, 2020, we acquired the Bally’s brand name and related rights from Caesars and changed our name to Bally’s Corporation. We began trading on the New York Stock Exchange (“NYSE”) as “BALY” shortly thereafter. We believe Bally’s is an iconic brand that is commensurate with the premier properties and amenities that define our diversified portfolio. We believe that the “Bally’s” trade name brand has a rich history of gaming and entertainment that will provide immediate and enhanced nationwide brand recognition.

With our Sinclair media partnership and our interactive acquisitions, we have targeted growth in regional gaming, mobile and iGaming segments with the goal of becoming an industry leader in these segments in the U.S. Our rapidly growing footprint will now allow us to serve the over 80 million customers that reside within the markets for our soon to be 14 premier casino properties. With the Bally brand, media partnership and the unencumbered skins, or gaming licenses, we have acquired and reserved in our portfolio, we can now provide omni-channel offerings across our various physical properties while having a singular online and mobile presence with a brand that is synonymous with gaming entertainment.

Bally Interactive

Upon acquiring Bet.Works' proprietary technology stack and turnkey solutions, which include marketing, operations, customer service, risk management and compliance, we believe we will position ourselves to become a leading, full-service, vertically integrated sports betting and iGaming company in the U.S. with physical casinos and online gaming solutions united under a single, leading brand, thus enabling it to launch our B2B2C business model. The Bet.Works acquisition, which complements these initiatives, will provide us with a suite of advanced omni-channel products, platforms, software and content solutions that we expect will position us to deliver unrivaled sports betting and iGaming offerings to customers on a national scale. Complementing the Bet.Works transactions are our announced pending acquisition of MKF and completed acquisition of SportCaller. These acquisitions provide us with the platforms to broaden our interactive offerings to include daily fantasy sports and FTP options which will both generate revenue as well as serve to increase our player database. In addition to providing additional offerings for Bally's, SportCaller, similar to Bet.Works, also already includes an established B2B solutions and revenue stream.

Strategic Partnership - Sinclair Broadcast Group

Our agreements with Sinclair provide for a long-term strategic partnership for up to 20 years that combines our vertically integrated, proprietary sports betting technology and expansive market access footprint with Sinclair's premier portfolio of local broadcast stations and live regional sports networks ("RSNs"), STIRR streaming service, its popular Tennis Channel, and digital and over-the-air television network Stadium. Bally's and Sinclair will partner to create unrivaled sports gamification content on a national scale, positioning Bally's as a leading omni-channel gaming company with physical casinos and online sports betting and iGaming solutions united under a single brand.

We plan to integrate Bally's content into the 190 television stations that Sinclair owns, operates or provides services to across 88 markets and its regional sports networks. Our plan is to jointly market, design and integrate products on a state-by-state basis, and deliver online gaming experiences to local audiences. The Sinclair partnership, along with our acquisition of Bet.Works' iGaming technology platform, brings the opportunity to integrate media and technology into our traditional, regional land-based casino footprint.

Refer to Note 9 "Sinclair Agreement" for more information on the Sinclair transaction.

Proposed Partnership with IGT in Rhode Island

On January 30, 2020, we announced an agreement in principle to form a joint venture ("JV") with International Gaming Technology PLC ("IGT") to become a licensed technology provider and supply the State of Rhode Island with all video lottery terminals ("VLTs") at both Twin River Casino Hotel and Tiverton Casino Hotel for a 20-year period starting July 1, 2022. IGT would own 60% of the joint venture. In addition, our master contract with Rhode Island would be extended on existing terms until June 30, 2043, and we would commit to investing \$100 million in Rhode Island over this extended term, including an expansion and the addition of new amenities at Twin River Casino Hotel. This proposed agreement requires the Rhode Island State Legislature to enact legislation for the state to enter into or amend contracts with us. The agreement in principle would also result in changes to our Regulatory Agreement in Rhode Island, including an increase in the ratios applicable to us and greater flexibility to complete sale-leaseback transactions. We expect this legislation will be adopted later in 2021, although there can be no assurance of this.

Centre County, Pennsylvania Development

On December 31, 2020, we signed a framework agreement with entities affiliated with an established developer to design, develop, construct and manage a Category 4 licensed casino in Centre County, Pennsylvania. Construction of the casino is expected to begin in 2021 and will take approximately one year to complete. Subject to receipt of regulatory approvals, it will house up to 750 slot machines and 30 table games. The casino will also provide, subject to receipt of separate licenses and certificates, retail sports betting, online sports betting and online gaming. The Company estimates the total cost of the project, including construction, licensing and sports betting/iGaming operations, to be approximately \$120 million. If completed, we will acquire a majority equity interest in the partnership, including 100% of the economic interests of all retail sports betting, online sports betting and iGaming activities associated with the project.

Richmond, Virginia Proposal

On February 22, 2021, we submitted a proposal to the City of Richmond, Virginia (“Richmond”) to develop and operate a world class destination resort, hotel and casino. The proposed project would span more than 1.6 million square feet and include a casino, sportsbook, hotel, pool, dining and retail outlets, and a flexible space for live entertainment and conferences. We estimate that the total investment for this project will be approximately \$650 million and will be supported by several strategic partnerships.

Properties

As of February 19, 2021, we own and manage 12 properties; 11 casinos across seven states, a horse racetrack and 13 authorized off-track betting (“OTB”) licenses in Colorado. Our operations include 12,890 slot machines, 443 game tables and 2,904 hotel rooms. Information relating to the location and general characteristics of our properties is provided in “Item 2. Properties”.

Following the completion of our pending acquisitions, as well as the construction of a land-based casino in Centre County, Pennsylvania, we will own 16 properties across 11 states.

Intellectual Property

As of February 19, 2021, we own 34 trademarks and have 12 pending applications for trademarks with the U.S. Patent and Trademark Office.

As part of our acquisition of the Hard Rock Biloxi in July 2014, Hard Rock Biloxi entered into an amendment to the existing license agreement with Hard Rock Hotel, Licensing, Inc., which originally provided for an initial term of 20 years through September 2025 and the option to renew for two successive ten-year terms. Under the license agreement, we have the exclusive right to use the “Hard Rock” brand name in connection with, and as it relates to, the Hard Rock Biloxi property for an annual fee.

See discussion of our acquisition of the Bally’s trade name under “Other Strategic Initiatives - Bally’s Trade Name” above.

Competition

The gaming industry is characterized by a high degree of competition among a large number of operators, including land-based casinos, riverboat casinos, dockside casinos, video lotteries, video gaming terminals at taverns in certain states, sweepstakes and poker machines not located in casinos, Native American gaming, emerging varieties of Internet and fantasy sports gaming, increased sports betting and other forms of gaming in the U.S. In a broader sense, our gaming operations face competition from many leisure and entertainment activities, including, for example: shopping, athletic events, television and movies, concerts and travel. Legalized gaming is currently permitted in various forms in different parts of the U.S., in several Canadian provinces and on many lands taken into trust for the benefit of certain Native Americans in the U.S. and First Nations in Canada. We face significant competition in each of the jurisdictions in which we operate. Such competition may intensify in some of these jurisdictions if new gaming operations open in these markets or existing competitors expand their operations. Our properties compete directly with other gaming properties in each state in which we operate, as well as in adjacent states. In some instances, particularly with Native American casinos, our competitors pay substantially lower taxes or no taxes at all. We believe that increased legalized gaming in other states, particularly in areas close to our existing gaming properties and the development or expansion of Native American gaming in or near the states in which we operate, could create additional competition for us and could adversely affect our operations or future development projects. See “Item 1A. Risk Factors” for more information on competition.

Government Gaming Regulation

General

The gaming and racing industries are highly regulated and we must maintain licenses and pay gaming taxes in each jurisdiction in which we operate in order to continue operations. Each of our facilities is subject to extensive regulation under the laws, rules and regulations of the jurisdiction in which it is located. These laws, rules and regulations generally concern the responsibility, financial stability, integrity and character of the owners, managers and persons with financial interests in the gaming operations. Violations of laws or regulations in one jurisdiction could result in disciplinary action in that and other jurisdictions.

Some jurisdictions, including those in which we are licensed, empower their regulators to investigate participation by licensees in gaming outside their jurisdiction and require access to periodic reports respecting those gaming activities. Violations of laws in one jurisdiction could result in disciplinary action in other jurisdictions.

Under provisions of gaming laws in jurisdictions in which we have operations, and under our organizational documents, certain of our securities are subject to restrictions on ownership which may be imposed by specified governmental authorities. The restrictions may require a holder of our securities to dispose of the securities or, if the holder refuses, or is unable, to dispose of the securities, we may be required to repurchase the securities.

For a more detailed description of regulations to which we are subject, see Exhibit 99.1, to this Annual Report on Form 10-K, which is incorporated herein by reference.

The Regulatory Agreement

On November 13, 2019, certain of our subsidiaries, the Rhode Island Department of Business Regulation and the Division of Lotteries of the Rhode Island Department of Revenue amended and restated our Regulatory Agreement (the “Regulatory Agreement”), replacing the previous regulatory agreement dated July 1, 2016. The Regulatory Agreement sets forth certain requirements with respect to the Division of Lotteries of the Rhode Island Department of Revenue and the Rhode Island Department of Business Regulation’s regulatory oversight of us. The Regulatory Agreement contains financial and other covenants that, among other things, (1) restrict the acquisition of stock and other financial interests in us, (2) relate to the licensing and composition of members of our management and Board of Directors (the “Board”), (3) prohibit certain competitive activities and related-party transactions, and (4) restrict our ability to declare or make restricted payments (including dividends), or incur additional indebtedness, or take certain other actions, if our leverage ratio exceeds 4.75 to 1.00 (in general being gross debt divided by EBITDA as defined in the Regulatory Agreement). This ratio level is subject to potential reduction after June 30, 2021.

The Regulatory Agreement also provides affirmative obligations, including setting a minimum number of employees that we must employ in Rhode Island and providing the Rhode Island Department of Business Regulation and the Division of Lotteries of the Rhode Island Department of Revenue with periodic information updates about us. Among other things, the Regulatory Agreement prohibits us and our subsidiaries from owning, operating, managing or providing gaming specific goods and services to any properties in Rhode Island (other than Twin River Casino Hotel and Tiverton Casino Hotel), Massachusetts, Connecticut or New Hampshire. Termination of the Regulatory Agreement may be effected by us if we are no longer involved in the ownership or management of the Lincoln or Tiverton facilities, among other events. A failure to comply with the provisions in the Regulatory Agreement could subject us to injunctive or monetary relief, payments to the Rhode Island regulatory agencies and ultimately the revocation or suspension of our licenses to operate in Rhode Island.

On October 6, 2020, we and the Rhode Island regulatory authorities amended the Regulatory Agreement to clarify the leverage ratio and capital expenditure requirements in light of COVID-related closures and curtailments. Under the amendments, in general, we are authorized to establish Adjusted EBITDA amounts by reference to pre-COVID performance levels, by property, for purposes of calculating compliance with the maximum leverage ratio, until such time as that property has no further COVID-related restrictions or its performance exceeds pre-COVID levels. This method of calculating Adjusted EBITDA for purposes of determining the leverage ratio applies to all existing properties as well as all properties acquired in the future. In addition, the amendments allowed us to defer required capital expenditures from 2020 until 2021, and provides the State of Rhode Island discretion to further defer some of the required capital expenditures into 2022 depending on capital expenditure levels in 2021 and other factors.

Other Laws and Regulations

Our businesses are subject to various federal, state and local laws and regulations in addition to gaming regulations. These laws and regulations include, but are not limited to, restrictions and conditions concerning alcoholic beverages, food service, smoking, environmental matters, employees and employment practices, currency transactions, taxation, zoning and building codes, and marketing and advertising. Such laws and regulations could change or could be interpreted differently in the future, or new laws and regulations could be enacted. Material changes, new laws or regulations, or material differences in interpretations by courts or governmental authorities could adversely affect our operating results.

The sale of alcoholic beverages is subject to licensing, control and regulation by applicable local regulatory agencies. All licenses are revocable and are not transferable. The agencies involved have full power to limit, condition, suspend or revoke any license, and any disciplinary action could, and revocation would, have a material adverse effect upon our operations.

Human Capital Resources

Employee Relations, Diversity and Social Inclusion

We pride ourselves on providing an outstanding guest experience and we recognize that we must attract and retain employees who are committed to this vision. We support the professional development of our employees through training programs, scholarships, wellness initiatives and tuition reimbursement opportunities. We also have programs in place to recognize our employees' contributions to the workplace to reinforce that we value them and their contributions. To promote and foster a culture of inclusion, our properties have hiring initiatives that are aimed at increasing diversity and promoting gender equality and we welcome employees and guests of all backgrounds. We believe in the importance of giving back to our communities and have several philanthropic initiatives, including fundraising events to support local charities and organizations and community service events.

Labor Relations

As of December 31, 2020, we had approximately 5,455 employees. Most of our employees in Rhode Island and New Jersey are represented by a labor union and are subject to collective bargaining agreements with us. As of such date, we had 19 collective bargaining agreements covering approximately 2,281 employees. Three collective bargaining agreements are scheduled to expire in 2021 and we are currently renegotiating one collective bargaining agreement that has expired, covering 806 employees. There can be no assurance that we will be able to extend or enter into replacement agreements. If we are able to extend or enter into replacement agreements, there can be no assurance as to whether the terms will be on comparable terms to the existing agreements. Employees in Delaware, Mississippi, Missouri, Louisiana and Colorado are not represented by any labor union.

Seasonality

Casino, hotel and racing operations in our markets are subject to seasonal variation. Seasonal weather conditions can frequently adversely affect transportation routes to each of our properties and may cause flooding and other effects that result in the closure of our properties. As a result, unfavorable seasonal conditions could have a material adverse effect on our operations.

ITEM 1A. RISK FACTORS

In addition to the other information contained in this Annual Report on Form 10-K, the following Risk Factors should be considered carefully in evaluating our business.

If any of the following risks actually occur, our business, financial condition and results of operations could be adversely affected. If this were to happen, the value of our securities, including our common stock, could decline significantly, and investors could lose all or part of their investment.

COVID-19 Pandemic Risks and General Economic Conditions

The global COVID-19 pandemic has materially impacted our business, financial results and liquidity, and such impact could worsen and last for an unknown period of time.

The global spread of the COVID-19 pandemic has been, and continues to be, complex and rapidly evolving, with governments, public institutions and other organizations imposing or recommending, and businesses and individuals implementing restrictions on various activities or other actions to combat its spread, such as restrictions and bans on travel or transportation, stay-at-home directives, requirements that individuals wear masks or other face coverings, limitations on the size of gatherings, closures of work facilities, schools, public buildings and businesses, cancellation of events, including sporting events, concerts, conferences and meetings, and quarantines and lock-downs. The pandemic and its consequences have dramatically reduced travel and demand for hotel rooms and other casino resort amenities, which has had a negative impact on our results for the 2020 fiscal year and continuing into 2021. In particular, all of our properties had previously been required to close and are currently operating under various reduced capacities and other operating restraints and will continue to do so for an undetermined period of time pursuant to various state and local government regulations, orders or directives.

The extent to which the COVID-19 pandemic impacts our business, operations, and financial results, including the duration and magnitude of such effects, will depend on numerous evolving factors that we may not be able to accurately predict or assess, including the duration and scope of the pandemic (and whether there is a continued resurgence in new cases, hospitalizations or deaths in the future or when the vaccine or other therapeutics become widely available); the negative impact it has on global and regional economies and economic activity, including the duration and magnitude of its impact on unemployment rates and consumer discretionary spending; its short and longer-term impact on the demand for travel, transient and group business, and levels of consumer confidence even after travel advisories and restrictions are lifted; the ability of us and our business partners to successfully navigate the impacts of the pandemic; actions governments, businesses and individuals take in response to the pandemic, including limiting or banning travel and limiting or banning leisure, casino and entertainment activities; and how quickly economies, travel activity, and demand for gaming, entertainment and leisure activities recovers after the pandemic subsides. The impact of the COVID-19 pandemic may also have the effect of exacerbating many of the other risks described in this filing. As a result of the foregoing, we cannot predict the ultimate scope, duration and impact the COVID-19 pandemic will have on our results of operations, but we expect that it will continue to have a material and adverse impact on our business, financial condition, liquidity, results of operations (including revenues and profitability) and stock price.

All of the properties that we currently own, as well as those we have agreed to acquire, are currently operating at less than full capacity and without all available amenities, and we are unable to predict when all, or any of, such properties will return to pre-pandemic operating level, or the period of time required for the ramp-up of operations.

All of our properties and those we have agreed to acquire are currently operating under reduced capacity and other restrictions and without all available amenities pursuant to state and local government requirements as a result of the unprecedented public health crisis from the COVID-19 pandemic. As a result, these properties are predominately generating less than pre-pandemic levels of revenue.

While we have engaged in cost reduction efforts in connection with the restrictions, we still have significant fixed and variable expenses, which will adversely affect our profitability. Furthermore, while we are working closely with government officials on plans to fully re-open our properties when the government restrictions are lifted, we cannot predict the duration or any additional limitations the government or we may impose on our operations. Currently our operations include some combination of screening of employees and guests upon entrance of the properties, thermal imaging cameras, enforcement of social distancing guidelines, including spacing between VLTs and limited or no table games, frequent cleaning and sanitizing protocols for all areas, mask protection and public awareness signage. In addition, we have experienced, and may continue to experience, weakened demand at our properties in light of continued travel restrictions or warnings, consumer fears and reduced consumer discretionary spending and general economic uncertainty. In light of the foregoing, we are unable to determine when all our properties will return to pre-pandemic demand, but we expect that the impact may have a material

impact on our consolidated results of operations during 2021, particularly if new cases, hospitalizations and deaths in our markets continue to rise.

We have undertaken actions to reduce costs and improve efficiencies to mitigate losses as a result of the COVID-19 pandemic, which could negatively impact guest loyalty and our ability to attract and retain employees.

As a result of the closures we experienced in the second quarter of 2020, the current restrictions on operations at all of our properties and the continued uncertainty regarding the duration and severity of this pandemic, we have taken steps to reduce operating costs and improve efficiencies, including furloughing employees. Such steps, and further changes we may make in the future to reduce costs, may negatively impact guest loyalty or our ability to attract and retain employees, and our reputation may suffer as a result. For example, if all of our furloughed employees do not return to work with us when the COVID-19 pandemic subsides, including because they find new employment during the furlough, we may experience operational challenges that may impact our ability to resume operations in full. We may also face demands or requests from labor unions that represent our employees, whether in the course of our periodic renegotiation of our collective bargaining agreements, through effects bargaining relating to the shut down and/or reopening of our operations, or otherwise, for additional compensation, healthcare benefits or other terms as a result of the COVID-19 pandemic that could increase costs, and we could experience labor disputes or disruptions as we continue to implement our COVID-19 mitigation plans. These properties we have agreed to acquire face similar challenges.

Our business is particularly sensitive to reductions in discretionary consumer spending.

Our business is particularly sensitive to reductions from time to time in discretionary consumer spending. Demand for entertainment and leisure activities, including gaming, can be affected by changes in the economy and consumer tastes, both of which are difficult to predict and beyond our control. Unfavorable changes in general economic conditions, including recessions, economic slowdowns, sustained high levels of unemployment, and rising prices or the perception by consumers of weak or weakening economic conditions, may reduce our users' disposable income or result in fewer individuals engaging in entertainment and leisure activities, such as visiting casinos and casino hotel properties, daily fantasy sports, sports betting and iGaming. Moreover, we rely on the strength of regional and local economies for the performance of each of our properties. As a result, we cannot ensure that demand for our offerings will remain constant. Adverse developments affecting economies throughout the world including a general tightening of the availability of credit, increasing energy costs, rising prices, inflation, acts of war or terrorism, natural disasters, declining consumer confidence, significant declines in the stock market or epidemics, pandemics or other health-related events or widespread illnesses, like the ongoing COVID-19 pandemic, could lead to a reduction in visitors to our properties, including those that stay in our hotels, or discretionary spending by our customers on entertainment and leisure activities, which could adversely affect our business, financial condition and results of operations.

Competition

The gaming industry is very competitive and increased competition, including through legislative legalization or expansion of gaming by states in or near where we own facilities or through Native American gaming facilities and internet gaming, could adversely affect our financial results.

We face significant competition in all of the areas in which we conduct our business. Increased competitive pressures may adversely affect our ability to continue to attract customers or affect our ability to compete efficiently.

Several of the facilities where we conduct our business are located in jurisdictions that restrict gaming to certain areas and/or may be affected by state laws that currently prohibit or restrict gaming operations. We also face the risk that existing casino licensees will expand their operations and the risk that Native American gaming will continue to grow. Budgetary and other political pressures faced by state governments could lead to intensified efforts directed at the legalization of gaming in jurisdictions where it is currently prohibited. The legalization of gaming in such jurisdictions could be an expansion opportunity for our business, or create competitive pressures, depending on where the legalization occurs and our ability to capitalize on it. Our ability to attract customers to the existing casinos which we own could be significantly and adversely affected by the legalization or expansion of gaming in certain jurisdictions and by the development or expansion of Native American casinos in areas where our customers may visit.

In addition, our competitors may refurbish, rebrand or expand their casino offerings, which could result in increased competition. Furthermore, changes in ownership may result in improved quality of our competitors' facilities, which may make such facilities more competitive. Certain of our competitors are large gaming companies with greater name recognition and marketing and financial resources. In some instances, particularly in the case of Native American casinos, our competitors pay lower taxes or no taxes. These factors create additional challenges for us in competing for customers and accessing cash flow or financing to fund improvements for our casino and entertainment products that enable us to remain competitive.

We also compete with other forms of legalized gaming and entertainment such as bingo, pull-tab games, card parlors, sports books, pari-mutuel or simulcast betting on horse and dog racing, state-sponsored lotteries, instant racing machines, VLTs (including racetracks that offer VLTs), and video poker terminals and, in the future, we may compete with gaming or entertainment at other venues. Further competition from internet lotteries and other internet wagering gaming services, which allow their customers to wager on a wide variety of sporting events and play Las Vegas-style casino games from home, could divert customers from the facilities we own and thus adversely affect our business. Such internet wagering services are likely to expand in future years and become more accessible to domestic gamblers as a result of U.S. Department of Justice positions related to the application of federal laws to intrastate internet gaming and initiatives in some states to consider legislation to legalize intrastate internet wagering. The law in this area has been rapidly evolving, and additional legislative developments may occur at the federal and state levels that would accelerate the proliferation of certain forms of internet gaming in the United States.

In addition, in May 2018, the U.S. Supreme Court struck down as unconstitutional the Professional and Amateur Sports Protection Act of 1992, a federal statute enacted to stop the spread of state-sponsored sports gambling. This decision has the effect of lifting federal restrictions on sports wagering and thus allows states to determine by themselves the legality of sports wagering. While new federal online gaming legislation has been introduced in Congress from time to time, there has been no federal legislative response to the U.S. Supreme Court's decision.

As a result, numerous states, including states we operate in currently in Rhode Island, Delaware, Mississippi, Colorado and Indiana have passed legislation authorizing fixed-odds sports betting. Our Rhode Island, Delaware, Mississippi and Indiana properties now offer sports wagering pursuant to state law in each case and the properties we have recently acquired in Black Hawk, Colorado will also offer sports wagering.

We may also face competition from other gaming facilities which are able to offer sports wagering services (including mobile sports wagering) following the enactment of applicable legislation. Numerous states that border the states in which we operate have pending or proposed legislation which would allow for sports betting, each of which could have an adverse effect on our financial results.

Compliance, Regulatory and Legal Risks

We are subject to extensive state and local regulation and licensing, and gaming authorities have significant control over our operations, which could have an adverse effect on our business.

Our ownership and operation of casino gaming, horse racing facilities, sports betting, VLTs and online offerings are subject to extensive state and local regulation, and regulatory authorities at the state and local levels have broad powers with respect to the licensing of these businesses, and may revoke, suspend, condition, fail to renew or limit our gaming or other licenses, impose substantial fines and take other actions, each of which poses a significant risk to our business, results of operations and financial condition. We currently hold all state and local licenses and related approvals necessary to conduct our present operations, but must periodically apply to renew many of these licenses and registrations and have the suitability of certain of our directors, officers and employees renewed. There can be no assurance that we will be able to obtain such renewals or that we will be able to obtain future approvals that would allow us to expand our gaming operations. Any failure to maintain or renew existing licenses, registrations, permits or approvals would have a material adverse effect on us. As we expand our gaming operations in our existing jurisdictions or to new areas, we may have to meet additional suitability requirements and obtain additional licenses, registrations, permits and approvals from gaming authorities in these jurisdictions. The approval process can be time-consuming and costly, and we cannot be sure that we will be successful. In addition, the loss of a license in one jurisdiction could trigger the loss of a license or affect our eligibility for a license in another jurisdiction. Furthermore, if additional gaming laws or regulations are adopted in jurisdictions where we operate, these regulations could impose additional restrictions or costs that could have a significant adverse effect on us.

Gaming authorities in the U.S. generally can require that any beneficial owner of our securities file an application for a finding of suitability. If a gaming authority requires a record or beneficial owner of our securities to file a suitability application, the owner must generally apply for a finding of suitability within 30 days or at an earlier time prescribed by the gaming authority. The gaming authority has the power to investigate such an owner's suitability and the owner must pay all costs of the investigation. If the owner is found unsuitable, then the owner may be required by law to dispose of our securities.

Our officers, directors and key employees are also subject to a variety of regulatory requirements and various licensing and related approval procedures in the various jurisdictions in which we manage gaming facilities. If any applicable gaming authority were to find any of our officers, directors, or key employees unsuitable for licensing or unsuitable to continue having a relationship with us, we would have to sever all relationships with that person. Furthermore, the applicable gaming authority may require us to terminate the employment of any person who refuses to file appropriate applications. Either result could adversely affect our gaming operations.

Applicable gaming laws and regulations may restrict our ability to issue certain securities, incur debt and undertake other financing activities. Such transactions would generally require notice and/or approval of applicable gaming authorities, and our financing counterparties, including lenders, might be subject to various licensing and related approval procedures in the various jurisdictions in which we manage gaming facilities. Applicable gaming laws further limit our ability to engage in certain competitive activities and impose requirements relating to the composition of our board of directors and senior management personnel. If state regulatory authorities were to find any person unsuitable with regard to his, her or its relationship to us or any of our subsidiaries, we would be required to sever our relationship with that person, which could materially adversely affect our business.

We are subject to numerous federal, state and local laws that may expose us to liabilities or have a significant adverse impact on our operations. Changes to any such laws could have a material adverse effect on our operations and financial condition.

Our business is subject to a variety of federal, state and local laws, rules, regulations and ordinances. These laws and regulations include, but are not limited to, restrictions and conditions concerning alcoholic beverages, environmental matters, employees, currency transactions, taxation, zoning and building codes, and marketing and advertising. Such laws and regulations could change or could be interpreted differently in the future, or new laws and regulations could be enacted. Changes to any of the laws, rules, regulations or ordinances to which we are subject, new laws or regulations, or material differences in interpretations by courts or governmental authorities could have an adverse effect on our business, financial condition, results of operations and prospects.

Many of our employees, especially those that interact with our customers, receive a base salary or wage that is established by applicable state and federal laws that establish a minimum hourly wage that is, in turn, supplemented through tips and gratuities from customers. From time to time, state and federal lawmakers have increased the minimum wage. It is difficult to predict when such increases may take place. Any such change to the minimum wage could have a material adverse effect on our business, financial condition, results of operations and prospects.

The sale of alcoholic beverages is a highly regulated and taxed business. Federal, state and local laws and regulations govern the production and distribution of alcoholic beverages, including permitting, licensing, trade practices, labeling, advertising, marketing, distributor relationships and related matters. Federal, state and local governmental entities also levy various taxes, license fees, and other similar charges and may require bonds to ensure compliance with applicable laws and regulations. Failure to comply with applicable federal, state or local laws and regulations could result in higher taxes, penalties, fees, and suspension or revocation of permits, licenses or approvals and could have a material adverse effect on our business, financial condition, results of operations and prospects. From time to time, local and state lawmakers, as well as special interest groups, have proposed legislation that would increase the federal and/or state excise tax on alcoholic beverages or certain types of alcoholic beverages. If federal or state excise taxes are increased, we may have to raise prices to maintain our current profit margins. Higher taxes may reduce overall demand for alcoholic beverages, thus negatively impacting sales of our alcoholic beverages at our properties. Further federal or state regulation may be forthcoming that could further restrict the distribution and sale of alcohol products. Any material increases in taxes or fees, or the adoption of additional taxes, fees or regulations could have a material adverse effect on our business, financial condition, results of operations and prospects.

Legislation in various forms to ban or substantially curtail indoor tobacco smoking in public places has been enacted or introduced in many states and local jurisdictions, including some of the jurisdictions in which we operate. We believe the smoking restrictions can significantly impact business volumes. If additional smoking restrictions are enacted within jurisdictions where we operate or seek to do business, our financial condition, results of operations, and cash flows could be adversely affected.

In addition, each restaurant we operate must obtain a food service license from local authorities. Failure to comply with such regulations could cause our licenses to be revoked or our related restaurant business or businesses to be forced to cease operations. Moreover, state liquor laws may prevent the expansion of restaurant operations into certain markets.

We handle significant amounts of cash in our operations and are subject to various reporting and anti-money laundering laws and regulations. Recently, U.S. governmental authorities have evidenced an increased focus on compliance with anti-money laundering laws and regulations in the gaming industry. Any violation of anti-money laundering laws or regulations could have a material adverse effect on our business, financial condition, results of operations and prospects. Internal control policies and procedures and employee training and compliance programs that we have implemented to deter prohibited practices may not be effective in prohibiting our employees, contractors or agents from violating or circumventing our policies and the law. If we or our employees or agents fail to comply with applicable laws or our policies governing our operations, we may face investigations, prosecutions and other legal proceedings and actions which could result in civil penalties, administrative remedies and criminal sanctions. Any such government investigations, prosecutions or other legal

proceedings or actions could have a material adverse effect on our business, financial condition, results of operations and prospects.

Failure to comply with the terms of the Regulatory Agreement could result in a breach and could harm our business.

We are currently a party to the Regulatory Agreement with Rhode Island regulatory agencies. The Regulatory Agreement imposes certain affirmative and negative covenants on us. For more detail on the Regulatory Agreement see the section entitled “Governmental Regulation” in “Item I. Business.” A failure to comply with the provisions in the Regulatory Agreement could subject us to injunctive or monetary relief, payments to the Rhode Island regulatory agencies and ultimately the revocation or suspension of our licenses to operate in Rhode Island. Any such remedy could adversely affect our business, financial condition and results of operations. Among other things, the Regulatory Agreement prohibits us and our subsidiaries from owning, operating, managing or providing gaming specific goods and services to any gaming facilities in Rhode Island (other than Twin River Casino Hotel and Tiverton Casino Hotel), Massachusetts, Connecticut or New Hampshire, which may adversely affect our growth and market opportunity in those states.

We are subject to extensive environmental regulation, which creates uncertainty regarding future environmental expenditures and liabilities.

We are subject to various federal, state and local environmental laws and regulations that govern activities that may have adverse environmental effects, such as discharges to air and water, as well as the management and disposal of solid, animal and hazardous wastes and exposure to hazardous materials. These laws and regulations, which are complex and subject to change, include United States Environmental Protection Agency regulations. In addition, our horse racing facility in Colorado is subject to state laws and regulations that address the impacts of manure and wastewater generated by Concentrated Animal Feeding Operations (“CAFO”) on water quality, including, but not limited to, storm water discharges. CAFO regulations include permit requirements and water quality discharge standards. Enforcement of CAFO regulations has been receiving increased governmental attention. Compliance with these and other environmental laws can, in some circumstances, require significant capital expenditures. For example, we may incur future costs under existing and new laws and regulations pertaining to storm water and wastewater management at our racetracks. Moreover, violations can result in significant penalties and, in some instances, interruption or cessation of operations.

We are also subject to laws and regulations that create liability and cleanup responsibility for releases of regulated materials into the environment. Certain of these laws and regulations impose strict, and under certain circumstances joint and several, liability on a current or previous owner or operator of property for the costs of remediating regulated materials on or emanating from our property. The costs of investigation, remediation or removal of those substances may be substantial. The presence of, or failure to remediate properly, such materials may adversely affect the ability to sell or rent such property or to borrow funds using such property as collateral. Additionally, as an owner or manager of real property, we could be subject to claims by third parties based on damages and costs resulting from environmental contamination at or emanating from third party sites. These laws typically impose clean-up responsibility and liability without regard to whether the owner or manager knew of or caused the presence of the contaminants and the liability under those laws has been interpreted to be joint and several unless the harm is divisible and there is a reasonable basis for allocation of the responsibility. In addition, environmental requirements address the impacts of development on wetlands.

The possibility exists that contamination, as yet unknown, may exist on our properties. There can be no assurance that we will not incur expenditures for environmental investigations or remediation in the future.

We are or may become involved in legal proceedings that, if adversely adjudicated or settled, could impact our business and financial condition.

From time to time, we are named in lawsuits or other legal proceedings relating to our businesses. In particular, the nature of our business subjects us to the risk of lawsuits filed by customers, past and present employees, shareholders, competitors, business partners and others in the ordinary course of business. As with all legal proceedings, no assurances can be given as to the outcome of these matters. Moreover, legal proceedings can be expensive and time consuming, and we may not be successful in defending or prosecuting these lawsuits, which could result in settlements or damages that could adversely affect our business, financial condition and results of operations.

Business Operational Risks

We have a new business model, which makes it difficult for us to forecast our financial results, creates uncertainty as to how investors will evaluate our prospects, and increases the risk that we will not be successful.

We are in the process of expanding our product offering to include sportsbook and iGaming product offerings in 2021. In November 2020, we announced our agreement to acquire Bet.Works Corp, a U.S. based sports betting platform provider, and a long-term strategic partnership with Sinclair Broadcast Group that combines our sports betting technology with their local broadcast television stations and regional sports networks. We also announced our pending acquisition of MKF and SportCaller. These acquisitions represent a new business model and new offerings. Accordingly, it will be difficult for us to forecast our future financial results, and it will be uncertain how our new business model will affect investors' perceptions and expectations, which can be idiosyncratic and vary widely, with respect to our prospects. It may be difficult for investors to evaluate our business due to the lack of similarly situated competitors. Furthermore, our new business model may not be successful. Consequently, you should not rely upon our past quarterly financial results as indicators of our future financial performance, and our financial results and stock price may be negatively affected.

Our VLTs and table games hold percentages may fluctuate.

The gaming industry is characterized by an element of chance and our casino guests' winnings depend on a variety of factors, some of which are beyond our control. In addition to the element of chance, hold percentages are affected by other factors, including players' skill and experience, the mix of games played, the financial resources of players, the volume of bets placed and the amount of time played. The variability of our hold percentages has the potential to adversely affect our business, financial condition and results of operations.

The success, including win or hold rates, of existing or future sports betting and iGaming products depends on a variety of factors and is not completely controlled by us.

The sports betting and iGaming industries are characterized by an element of chance. Accordingly, we employ theoretical win rates to estimate what a certain type of sports bet or iGame, on average, will win or lose in the long run. Net win is impacted by variations in the hold percentage (the ratio of net win to total amount wagered), or actual outcome, on our iGames and sports betting we offer to our users. We use the hold percentage as an indicator of an iGame's or sports bet's performance against its expected outcome. Although each iGame or sports bet generally performs within a defined statistical range of outcomes, actual outcomes may vary for any given period. In addition to the element of chance, win rates (hold percentages) may also (depending on the game involved) be affected by the spread of limits and factors that are beyond our control, such as a user's skill, experience and behavior, the mix of games played, the financial resources of users, the volume of bets placed and the amount of time spent gambling. As a result of the variability in these factors, the actual win rates on our online iGames and sports bets may differ from the theoretical win rates we have estimated and could result in the winnings of our iGame's or sports bet's users exceeding those anticipated. The variability of win rates (hold rates) also have the potential to negatively impact our financial condition, results of operations, and cash flows.

Our success also depends in part on our ability to anticipate and satisfy user preferences in a timely manner. As we will operate in a dynamic environment characterized by rapidly changing industry and legal standards, our products will be subject to changing consumer preferences that cannot be predicted with certainty. We will need to continually introduce new offerings and identify future product offerings that complement our existing platforms, respond to our users' needs and improve and enhance our existing platforms to maintain or increase our user engagement and growth of our business. We may not be able to compete effectively unless our product selection keeps up with trends in the digital sports entertainment and gaming industries in which we compete, or trends in new gaming products.

The casino, hotel and hospitality industry is capital intensive and we may not be able to finance development, expansion and renovation projects, which could put us at a competitive disadvantage.

Our casino and hotel properties have an ongoing need for renovations and other capital improvements to remain competitive, including room refurbishments, amenity upgrades, and replacement, from time to time, of furniture, fixtures and equipment. We may also need to make capital expenditures to comply with applicable laws and regulations. Construction projects entail significant risks, which can substantially increase costs or delay completion of a project. Such risks include shortages of materials or skilled labor, unforeseen engineering, environmental or geological problems, work stoppages, weather interference and unanticipated cost increases. Most of these factors are beyond our control. In addition, difficulties or delays in obtaining any of the requisite licenses, permits or authorizations from regulatory authorities can increase the cost or delay the completion of an expansion or development. Significant budget overruns or delays with respect to expansion and development projects could adversely affect our business, and our results of operations.

Renovations and other capital improvements of casino properties in particular require significant capital expenditures. In addition, any such renovations and capital improvements usually generate little or no cash flow until the projects are completed. We may not be able to fund such projects solely from cash provided from operating activities. Consequently, we may have to rely upon the availability of debt or equity capital to fund renovations and capital improvements, and our ability to carry them out will be limited if we cannot obtain satisfactory debt or equity financing, which will depend on, among other things, market conditions. We cannot assure you that we will be able to obtain additional equity or debt financing on favorable terms or at all. Our failure to renovate and maintain gaming and entertainment venues from time to time may put us at a competitive disadvantage to gaming and entertainment venues offering more modern and better maintained facilities, which could adversely affect our business, financial condition, results of operations and prospects.

We may invest in or acquire other businesses, and our business may suffer if we are unable to successfully integrate acquired businesses into our company or otherwise manage the growth associated with multiple acquisitions.

We cannot assure you that our recently completed, pending or any future acquisitions, will enhance our financial performance. Our ability to achieve the expected benefits of any acquisitions will depend on, among other things, our ability to effectively translate our strategies into revenue, our ability to retain and assimilate the acquired businesses' employees, our ability to retain existing customers and suppliers on terms similar to, or better than, those in place with the acquired businesses, our ability to attract new customers, the adequacy of our implementation plans, our ability to maintain our financial and internal controls and systems as we expand our operations, the ability of our management to oversee and operate effectively the combined operations and our ability to achieve desired operating efficiencies and revenue goals. The integration of the businesses that we acquire might also cause us to incur costs that are unforeseen or that exceed our estimates, which would lower our future earnings and would prevent us from realizing the expected benefits of such acquisitions. Our recent acquisition of two properties from Eldorado Resorts will require the provision of transition services from the seller for a period of time as we work to separate the properties from their parent companies. In some cases, the services provided by the sellers are critical to the ongoing efficient operation of the properties and may involve costly payments from us to the provider of the services. If the provision of these services by the sellers is disrupted or given insufficient attention by the sellers, our ability to operate the properties may be negatively impacted until such time as we are able to take full control over the services. Moreover, we must pay the sellers for these services and the costs to us for these services may exceed our estimates and these expenses will negatively impact the results of operations of these properties during these transition periods. Failure to achieve the anticipated benefits of these acquisitions could result in decreases in the amount of expected revenues and diversion of management's time and energy and could adversely affect our business, financial condition and operating results including, ultimately, a reduction in our stock price.

We face risks associated with growth and acquisitions.

As part of our business strategy, we regularly evaluate opportunities for growth through development of gaming operations in existing or new markets, through acquiring other gaming entertainment facilities or through redeveloping our existing gaming facilities. In the future, we may also pursue expansion opportunities, including joint ventures or partnerships, in jurisdictions where casino gaming is not currently permitted in order to be prepared to develop projects upon approval of casino gaming.

Although we only intend to engage in acquisitions that, if consummated, will be accretive to us and our shareholders, acquisitions require significant management attention and resources to integrate new properties, businesses and operations. Our ability to realize the anticipated benefits of acquisitions will depend, in part, on our ability to integrate the acquired businesses with our businesses. The combination of two independent companies is a complex, costly, and time-consuming process. This process may disrupt the business of either or both of the companies and may not result in the full benefits expected. Potential difficulties we may encounter as part of the integration process that may negatively impact our earnings or otherwise adversely affect our business and financial results include, among other things, the following:

- the inability to successfully incorporate the assets in a manner that permits us to achieve the full revenue increases, cost reductions and other benefits anticipated to result from any acquisitions;
- complexities associated with managing the combined business, including difficulty addressing possible differences in cultures and management philosophies and the challenge of integrating complex systems, technology, networks and other assets of each of the companies in a seamless manner that minimizes any adverse impact on customers, suppliers, employees and other constituencies;
- the disruption of, or the loss of momentum in, each of our ongoing businesses;
- inconsistencies in standards, controls, procedures and policies; and
- potential unknown liabilities and unforeseen increased expenses associated with acquisitions.

Additionally, even if integration is successful, the overall integration of acquired assets and businesses may result in material unanticipated problems, expenses, liabilities, competitive responses, loss of customer and other business relationships and diversion of management attention. There is also no guarantee that the acquired assets or businesses will generate any of the projected synergies and earnings growth, and the failure to realize such projected synergies and earnings growth may adversely affect our operating and financial results and derail any growth plans.

There can be no assurance that we will be able to identify, acquire, develop or profitably manage additional companies or operations or successfully integrate such companies or operations into our existing operations without substantial costs, delays or other problems. Additionally, there can be no assurance that we will receive gaming or other necessary licenses or approvals for new projects that we may pursue or that gaming will be approved in jurisdictions where it is not currently approved.

Ballot measures or other voter-approved initiatives to allow gaming in jurisdictions where gaming, or certain types of gaming (such as slots and sports wagering), was not previously permitted could be challenged, and, if such challenges are successful, these ballot measures or initiatives could be invalidated. Furthermore, there can be no assurance that there will not be similar or other challenges to legalized gaming in existing or current markets in which we may operate or have development plans, and successful challenges to legalized gaming could require us to abandon or substantially curtail our operations or development plans in those locations, which could have a material adverse effect on our financial condition and results of operations.

There can be no assurance that we will not face similar challenges and difficulties with respect to new development projects or expansion efforts that we may undertake, which could result in significant sunk costs that we may not be able to fully recoup or that otherwise have a material adverse effect on our financial condition and results of operations. We may not be able to obtain additional financing on acceptable terms or at all. To the extent that we seek to acquire other businesses in exchange for our common stock, fluctuations in our stock price could adversely affect our ability to complete acquisitions. We may not realize the anticipated benefits of existing or pending strategic alliances, joint ventures, acquisitions, divestitures, or new business strategies.

We have invested in, formed strategic alliances with, and announced proposed joint ventures with other companies, a proposed joint venture with IGT in Rhode Island (the "Joint Venture"), and we may expand those relationships or enter into similar relationships with additional companies which may require various state approvals which may or may not be granted. These initiatives are typically complex and we may not be able to complete anticipated alliance or joint venture transactions, the anticipated benefits of these transactions may not be realized, or the benefits may be delayed. For example, we may not successfully integrate an alliance or joint venture with our operations, including the implementation of our controls, systems, procedures, and policies, or unforeseen expenses or liabilities may arise that were not discovered during due diligence prior to an investment or entry into a strategic alliance, or a misalignment of interests may develop between us and the other party. Further, to the extent we share ownership, control, or management with another party in a joint venture, our ability to influence the joint venture may be limited, and we may be unable to prevent misconduct or implement our compliance or internal control systems. In addition, implementation of a new business strategy may lead to the disruption of our existing business operations, including distracting management from current operations. Results of operations from new activities may be lower than our existing activities, and, if a strategy is unsuccessful, we may not recoup our investments in that strategy. Failure to successfully and timely realize the anticipated benefits of these transactions or strategies could have an adverse effect on our financial condition or results of operations.

With respect to the proposed Joint Venture, any material unanticipated issues arising from the integration process could negatively impact our stock price, future business and financial results. Moreover, uncertainty about the effect of the proposed transaction on employees, customers, suppliers, distributors and other business partners may have an adverse effect on us and the Joint Venture. These uncertainties may impair our and/or the Joint Venture's ability to attract, retain and motivate key personnel to execute the Joint Venture's strategy, and could cause customers, suppliers, distributors and others who deal with us and/or the Joint Venture to seek to change or cancel existing business relationships with us and/or the Joint Venture or fail to renew existing relationships.

The Joint Venture will be subject to the risks associated with the Company's gaming business, approvals by the state of Rhode Island, in addition to the risks associated with IGT's machine gaming business, and the business, financial condition and results of operations of the Joint Venture may be affected by factors that are different from or in addition to those currently affecting the independent business, financial condition and results of operations of the Company's gaming business. Many of these factors are outside of our and the Joint Venture's control, and could materially impact the business, financial condition and results of operations of the Joint Venture. Moreover, although we will have certain consent, board representation and other governance rights with respect to the joint venture, the Company will be a minority owner of the Joint Venture. As a result, we will not have control over the Joint Venture, its management or its policies and we may have business interests, strategies and goals that differ in certain respects from those of IGT or the Joint Venture.

Our growth will depend, in part, on the success of our strategic relationships with third parties. Overreliance on certain third parties, or our inability to extend existing relationships or agree to new relationships may cause unanticipated costs for us and impact our financial performance in the future.

We have entered into strategic partnership with Sinclair Broadcast Group and with the National Hockey League and may enter into relationships with advertisers, casinos and other third parties in order to attract users to our platform. These relationships along with providers of online services, search engines, social media, directories and other websites and e-commerce businesses direct consumers to our platform. In addition, many of the parties with whom we have advertising arrangements provide advertising services to other companies, including other fantasy sports and gaming platforms with whom we compete. While we believe there are other third parties that could drive users to our platform, adding or transitioning to them may disrupt our business and increase our costs. In the event that any of our existing relationships or our future relationships fails to provide services to us in accordance with the terms of our arrangement, or at all, and we are not able to find suitable alternatives, this could impact our ability to attract consumers cost effectively and harm our business, financial condition, results of operations and prospects.

We conduct our business in an industry that is subject to high taxes and may be subject to higher taxes in the future.

In gaming jurisdictions in which we conduct our business, with the exception of Rhode Island, state and local governments raise considerable revenues from taxes based on casino revenues and operations. In Rhode Island, the state takes all of the gaming win that comes into our Rhode Island operations and then pays us a percentage of the gaming win. We also pay property taxes, occupancy taxes, sales and use taxes, payroll taxes, franchise taxes and income taxes. Our profitability will depend on generating enough revenues to cover variable expenses, such as payroll and marketing, as well as largely fixed expenses, such as property taxes and interest expense. From time to time, state and local governments have increased gaming taxes and such increases could significantly impact the profitability of our gaming operations.

Our operations in other states are generally subject to significant revenue-based taxes and fees in addition to normal federal, state and local income taxes, and such taxes and fees are subject to increase at any time. In addition, from time to time, federal, state and local legislators and officials have proposed changes in tax laws, or in the administration of such laws, affecting the gaming industry. Further, worsening economic conditions could intensify the efforts of Delaware, Colorado and Mississippi and applicable local governments to raise revenues through increases in gaming taxes and/or property taxes. It is not possible to determine with certainty the likelihood of changes in tax laws in these jurisdictions or in the administration of such laws. Such changes, if adopted, could adversely affect our business, financial condition and results of operations. The large number of state and local governments with significant current or projected budget deficits makes it more likely that those governments that currently permit gaming will seek to fund such deficits with new or increased gaming taxes and/or property taxes and worsening economic conditions could intensify those efforts. Any material increase, or the adoption of additional taxes or fees, could adversely affect our future financial results.

There can be no assurance that governments in jurisdictions in which we conduct our business, or the federal government, will not enact legislation that increases gaming tax rates. General economic pressures have the potential to reduce revenues of state governments from traditional tax sources, which may cause state legislatures or the federal government to be more inclined to increase gaming tax rates.

If we fail to detect fraud or theft, including by our users and employees, our reputation may suffer which could harm our brand and reputation and negatively impact our business, financial condition and results of operations and can subject us to investigations and litigation.

We have in the past incurred, and may in the future incur, losses from various types of financial fraud, including use of stolen or fraudulent credit card data, claims of unauthorized payments by a user and attempted payments by users with insufficient funds. Bad actors use increasingly sophisticated methods to engage in illegal activities involving personal information, such as unauthorized use of another person's identity, account information or payment information and unauthorized acquisition or use of credit or debit card details, bank account information and mobile phone numbers and accounts. Under current credit card practices, we may be liable for use of funds on our platform with fraudulent credit card data, even if the associated financial institution approved the credit card transaction.

Acts of fraud may involve various tactics, including collusion. Successful exploitation of our systems could have negative effects on our product offerings, services and user experience and could harm our reputation. Failure to discover such acts or schemes in a timely manner could result in harm to our operations. In addition, negative publicity related to such schemes could have an adverse effect on our reputation, potentially causing a material adverse effect on our business, financial condition, results of operations and prospects. In the event of the occurrence of any such issues with our existing platform or product offerings, substantial engineering and marketing resources and management attention, may be diverted from other projects to correct these issues, which may delay other projects and the achievement of our strategic objectives.

In addition, any misappropriation of, or access to, users' or other proprietary information or other breach of our information security could result in legal claims or legal proceedings, including regulatory investigations and actions, or liability for failure to comply with privacy and information security laws, including for failure to protect personal information or for misusing personal information, which could disrupt our operations, force us to modify our business practices, damage our reputation and expose us to claims from our users, regulators, employees and other persons, any of which could have an adverse effect on our business, financial condition, results of operations and prospects.

Despite measures we have taken to detect and reduce the occurrence of fraudulent or other malicious activity on our platform, we cannot guarantee that any of our measures will be effective or will scale efficiently with our business. Our failure to adequately detect or prevent fraudulent transactions could harm our reputation or brand, result in litigation or regulatory action and lead to expenses that could adversely affect our business, financial condition and results of operations.

We are largely dependent on the skill and experience of management and key personnel.

We expect to experience strong competition in hiring and retaining qualified property and corporate management personnel, including competition from Native American gaming facilities that are not subject to the same taxation regimes as we are and therefore may be willing and able to pay higher rates of compensation. From time to time, a number of vacancies in key corporate and property management positions can be expected. If we are unable to successfully recruit and retain qualified management personnel at our facilities or at the corporate level, our results of operations could be adversely affected.

In addition, our officers, directors and key employees are required to file applications with the gaming authorities in each of the jurisdictions in which we conduct our business and are required to be licensed or found suitable by these gaming authorities. If the gaming authorities were to find an officer, director or key employee unsuitable for licensing or unsuitable to continue having a relationship with us, we would have to sever all relationships with that person. Furthermore, the gaming authorities may require us to terminate the employment of any person who refuses to file appropriate applications. Either result could significantly impair our operations. The time and effort needed to successfully complete the application process could impact our ability to attract, hire and retain top talent.

We are subject to risks associated with labor relations, labor costs and labor disruptions.

We are subject to the costs and risks generally associated with labor disputes and organizing activities related to unionized labor. From time to time, our operations may be disrupted by strikes, public demonstrations or other coordinated actions and publicity. We may incur increased legal costs and indirect labor costs as a result of contractual disputes, negotiations or other labor-related disruptions. We have collective bargaining agreements applicable to approximately 36% of our employees as of December 31, 2019. We have 13 collective bargaining agreements with terms ranging between three to five years generally. These agreements are based solely in Rhode Island. We may also face organizing activities that could result in additional employees becoming unionized. Furthermore, collective bargaining agreements may limit our ability to reduce the size of our workforce during an economic downturn, which could put us at a competitive disadvantage.

Our obligation to fund multi-employer defined benefit to which we are a party may adversely affect us.

We must contribute to a number of multi-employer defined benefit pension plans under the terms of collective-bargaining agreements that cover certain union-represented employees. The risks of participating in these multi-employer plans are different from single-employer plans in the following aspects:

- assets contributed to the multi-employer plan by one employer may be used to provide benefits to employees of other participating employers;
- if a participating employer stops contributing to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers; and
- if we choose to stop participating in some of our multi-employer plans, we may be required to pay those plans an amount based on the underfunded status of the plan, referred to as a withdrawal liability.

In addition, the funding obligations for our pension plans will be impacted by the performance of the financial markets, particularly the equity markets, and interest rates. Funding obligations are determined by government regulations and are measured each year based on the value of assets and liabilities on a specific date. If the financial markets do not provide the long-term returns that are expected, we could be required to make larger contributions. The equity markets can be very volatile, and in the first quarter of 2020 have displayed meaningful volatility and, therefore, our estimate of future contribution requirements can change dramatically in relatively short periods of time. Similarly, changes in interest rates and legislation enacted by governmental authorities can impact the timing and amounts of contribution requirements. An adverse change in the funded status of the plans could significantly increase our required contributions in the future and adversely impact our liquidity.

We may incur impairments to goodwill, indefinite-lived intangible assets, or long-lived assets.

We monitor the recoverability of our long-lived assets, such as buildings, and evaluate their carrying value for impairment whenever events or changes in circumstances indicate that the carrying amount of such assets may not be fully recoverable. We annually review goodwill to determine if impairment has occurred. Additionally, interim reviews are performed whenever events or changes in circumstances indicate that impairment may have occurred. If the testing performed indicates that impairment has occurred, we are required to record a non-cash impairment charge for the difference between the carrying value and fair value of the long-lived assets or the carrying value and fair value of the reporting unit, in the period the determination is made. The testing of long-lived assets and goodwill for impairment requires us to make estimates that are subject to significant assumptions about our future revenue, profitability, cash flows, fair value of assets and liabilities, weighted average cost of capital, as well as other assumptions. Changes in these estimates, or changes in actual performance compared with these estimates, may affect the fair value of long-lived assets or reporting unit, which may result in an impairment charge.

We cannot accurately predict the amount or timing of any impairment of assets. Should the value of long-lived assets or goodwill become impaired, our financial condition and results of operations may be adversely affected.

Our operations have historically been subject to seasonal variations and quarterly fluctuations in operating results, and we can expect to experience such variations and fluctuations in the future.

Historically, our gaming facilities have typically been subject to seasonal variations. In the Rhode Island market, excessive snowfall during the winter months can make travel to Rhode Island casinos more difficult. This often results in significant declines in traffic on major highways and causes a decline in customer volume. Furthermore, management believes that substantially all visitors to the Rhode Island casinos arrive by some form of ground transportation. Therefore, even normal winter weather may cause revenues and cash flows for our Rhode Island and Delaware operations to be adversely affected. Our recently acquired Black Hawk Casinos are subject to similar risks.

Our insurance and self-insurance programs may not be adequate to cover future claims.

Although we maintain insurance that we believe is customary and appropriate for our business, we cannot assure you that insurance will be available or adequate to cover all losses and damage to which our business or our assets might be subjected. We use a combination of insurance and self-insurance to provide for potential liabilities, including employee healthcare benefits, up to certain stop-loss amounts which limit our exposure above the amounts we have self-insured. We estimate the liabilities and required reserves associated with the risks we retain. Any such estimates and actuarial projection of losses is subject to a considerable degree of variability. A considerable increase in claims as a result of a pandemic including COVID-19, should they occur, could have a material adverse effect on our business, financial condition or results of operations. If actual losses incurred are greater than those anticipated, our reserves may be insufficient and additional costs could be recorded in our consolidated financial statements. If we suffer a substantial loss that exceeds our self-insurance reserves, and any excess insurance coverage, the loss and attendant expenses could harm our business, financial condition, or results of operations. The lack of adequate insurance for certain types or levels of risk could expose us to significant losses in the event that a catastrophe occurred for which we are uninsured or under insured. Any losses we incur that are not adequately covered by insurance may decrease our future operating income, require us to find replacements or repairs for destroyed property and reduce the funds available for payments of our obligations. We renew our insurance policies on an annual basis. The cost of coverage may become so high that we may need to further reduce our policy limits, further increase our deductibles, or agree to certain exclusions from our coverage.

Our results of operations and financial condition could be adversely affected by the occurrence of natural disasters, such as hurricanes, or other catastrophic events, including war and terrorism.

Natural disasters, such as major hurricanes, typhoons, floods, fires and earthquakes, could adversely affect our business and operating results. Hurricanes are common in the areas in which our Mississippi property is located, and the severity of such natural disasters is unpredictable.

Catastrophic events, such as terrorist attacks in the United States and elsewhere, have had a negative effect on travel and leisure expenditures, including lodging, gaming (in some jurisdictions) and tourism. We cannot accurately predict the extent to which such events may affect us, directly or indirectly, in the future. There can be no assurance that we will be able to obtain or choose to purchase any insurance coverage with respect to occurrences of terrorist acts and any losses that could result from these acts. If there is a prolonged disruption at our facilities due to natural disasters, terrorist attacks or other catastrophic events, our results of operations and financial condition would be adversely affected.

We may be unable to obtain business interruption coverage for casualties resulting from severe weather such as hurricanes, and there can be no assurance that we will be able to obtain casualty insurance coverage at affordable rates, if at all, for casualties resulting from severe weather.

Cybersecurity and Technology Risks

We rely on information technology and other systems and platforms, and any failures, errors, defects or disruptions in our systems or platforms could diminish our brand and reputation, subject us to liability, disrupt our business, affect our ability to scale our technical infrastructure and adversely affect our operating results and growth prospects.

We, or one of our state regulatory bodies, engage a number of third parties to provide gaming operating systems for the facilities we own. As a result, we rely on such third parties to provide uninterrupted services in order to run our business efficiently and effectively. In the event one of these third parties experiences a disruption in its ability to provide such services (whether due to technological or financial difficulties or power problems), this may result in a material disruption to the wagering activity at the casinos which we own and have a material adverse effect on our business, operating results and financial condition.

If our user base and engagement continue to grow, and the amount and types of offerings continue to grow and evolve, we will need an increasing amount of technical infrastructure, including network capacity and computing power, to continue to satisfy our users' needs. Such infrastructure expansion may be complex, and unanticipated delays in completing these projects or availability of components may lead to increased project costs, operational inefficiencies, or interruptions in the delivery or degradation of the quality of our offerings. In addition, there may be issues related to this infrastructure that are not identified during the testing phases of design and implementation, which may only become evident after we have started to fully use the underlying equipment or software, that could further degrade the user experience or increase our costs. As such, we could fail to continue to effectively scale and grow our technical infrastructure to accommodate increased demands. In addition, our business may be subject to interruptions, delays or failures resulting from adverse weather conditions, other natural disasters, power loss, terrorism, cyber-attacks, public health emergencies (such as the coronavirus) or other catastrophic events. Any unscheduled interruption in our technology services is likely to result in an immediate, and possibly substantial, loss of revenues due to a shutdown of our gaming operations, cloud computing and lottery systems.

We believe that if our users have a negative experience with our offerings, or if our brand or reputation is negatively affected, users may be less inclined to continue or resume utilizing our products or recommend our platform to other potential users. As such, a failure or significant interruption in our service would harm our reputation, business and operating results.

Our business may be harmed from cyber security incidents and we may be subject to legal claims if there is loss, disclosure or misappropriation of or access to our customers', business partners' or our own information or other breaches of information security.

We make extensive use of online services and centralized data processing, including through third party service providers. We have experienced cyber-attacks, attempts to breach our systems and other similar incidents. The secure maintenance and transmission of customer information is a critical element of our operations. Our information technology and other systems that maintain and transmit customer information, or those of service providers, business partners or employee information may be compromised by a malicious third party penetration of our network security, or that of a third party service provider or business partner, or impacted by intentional or unintentional actions or inactions by our employees, or those of a third party service provider or business partner. As a result, our customers' information may be lost, disclosed, accessed or taken without our customers' consent.

In addition, third party service providers and other business partners process and maintain proprietary business information and data related to our employees, customers, suppliers and other business partners. Our information technology and other systems that maintain and transmit this information, or those of service providers or business partners, may also be compromised by a malicious third party penetration of our network security or that of a third party service provider or business partner, or impacted by intentional or unintentional actions or inactions by our employees or those of a third party-service provider or business partner. As a result, our business information, customer, supplier and other business partner data may be lost, disclosed, accessed or taken without consent.

Any such loss, disclosure or misappropriation of, or access to, customers' or business partners' information or other breach of our information security can result in legal claims or legal proceedings, including regulatory investigations and actions, may have a serious impact on our reputation and may adversely affect our business, operating results and financial condition. Furthermore, the loss, disclosure or misappropriation of our business information may adversely affect our reputation, business, operating results and financial condition.

Financing Risks

Our debt agreements and regulatory agreement contain restrictive covenants that may limit our operating flexibility.

Our current credit facility and regulatory agreement includes, and our future debt agreements and regulatory agreements will likely include, numerous financial and other covenants, imposing financial and operating restrictions on our business. Our ability to comply with these provisions may be affected by general economic conditions, industry conditions and other events beyond our control. There can be no assurance that we will be able to comply with these covenants. The failure to comply with a financial covenant or other restrictions contained in the agreements governing such indebtedness or our regulatory agreement, may result in an event of default under the credit agreement or sanctions or fines under the regulatory agreement. An event of default under our credit facility could result in acceleration of some or all of the applicable indebtedness as well as other indebtedness of ours and the inability to borrow additional funds. We do not have, and cannot be certain we would be able to obtain, sufficient funds to repay any such indebtedness if it is accelerated. Restrictions in our debt agreements or our regulatory agreements might affect our ability to operate our business, might limit our ability to take advantage of potential business opportunities as they arise and might adversely affect the conduct of our current business, including by restricting our ability to finance future operations and capital needs and limiting our ability to engage in other business activities.

Our existing and future indebtedness may limit our operating and financial flexibility.

As of December 31, 2020, we had approximately \$1.13 billion of total indebtedness outstanding consisting of \$569.1 million outstanding under our term loan facility (the "Term Loan Facility" or "Term Loan") pursuant to the terms of a credit agreement the Company entered into on May 10, 2019 (the "Credit Agreement") with Citizens Bank, N.A., as administrative agent (the "Agent"), and the lenders party thereto, and \$400.0 million in aggregate principal amount of outstanding 6.75% senior notes due 2027 (the "Senior Notes"). As of December 31, 2020, we also were a party to a \$250.0 million revolving credit facility (the "Revolving Credit Facility" or "Revolver" and together with the Term Loan, the "Credit Facility"), of which there were no borrowings as of that date. This indebtedness may have important negative consequences for us, including:

- limiting our ability to satisfy obligations;
- increasing vulnerability to general adverse economic and industry conditions;
- limiting flexibility in planning for, or reacting to, changes in our businesses and the markets in which we conduct business;
- increasing vulnerability to, and limiting our ability to react to, changing market conditions, changes in industry and economic downturns;
- limiting our ability to obtain additional financing to fund working capital requirements, capital expenditures, debt service, general corporate or other obligations;
- subjecting us to a number of restrictive covenants that, among other things, limit our ability to pay dividends and distributions, make acquisitions and dispositions, borrow additional funds and make capital expenditures and other investments;
- limiting our ability to use operating cash flow in other areas of our business because we must dedicate a significant portion of these funds to make principal and/or interest payments on outstanding debt;
- exposing us to interest rate risk due to the variable interest rate on borrowings under our Credit Facility;
- causing our failure to comply with the financial and restrictive covenants contained in our current or future indebtedness, which could cause a default under that indebtedness (and other indebtedness of ours) and which, if not cured or waived, could adversely affect us; and
- affecting our ability to renew gaming and other licenses necessary to conduct our business.

Though we have significant amounts of indebtedness outstanding, we have the ability to borrow the entire \$250.0 million under our Revolving Credit Facility and may issue or incur additional indebtedness to fund our operations, including as necessary to execute on our growth strategy. Further, we may incur other liabilities that do not constitute indebtedness. The risks that we face based on our outstanding indebtedness may intensify if we incur additional indebtedness or financing obligations in the future.

Servicing our indebtedness and funding our other obligations requires a significant amount of cash, and our ability to generate sufficient cash depends on many factors, some of which will be beyond our control.

Our ability to make payments on and refinance our indebtedness and to fund our operations and capital expenditures depends upon our ability to generate cash flow and secure financing in the future. Our ability to generate future cash flow depends, among other things, upon:

- our future operating performance;
- general economic conditions;
- competition;
- legislative and regulatory factors affecting our operations and businesses; and
- our future operating performance.

Some of these factors will be beyond our control. There can be no assurance that our business will generate cash flow from operations or that future debt or equity financings will be available to us to enable us to pay our indebtedness or to fund other needs. If our operating results and available cash are insufficient to meet our debt service obligations we could face substantial liquidity problems and might be required to dispose of material assets or operations to meet our debt service and other obligations. We may not be able to consummate those dispositions or to obtain the proceeds that we could realize from them, and these proceeds may not be adequate to meet any debt service obligations then due. The inability to generate cash flow could result in us needing to refinance all or a portion of our indebtedness on or before maturity, including through the issuance of additional debt or equity securities. If needed, there can be no assurance that we will be able to refinance any of our indebtedness on favorable terms, or at all. Any inability to generate sufficient cash flow or refinance our indebtedness on favorable terms could adversely affect our financial condition.

A market downturn may negatively impact our access to financing.

Since emergence from a recession over ten years ago, the U.S. economy has been expanding at various growth rates. Such growth could slow, or reverse, and another economic downturn could occur, including as a result of the ongoing outbreak of the COVID-19 virus. A downturn in the financial markets or market volatility (like those now being experienced) could negatively impact our ability to access capital and financing (including financing necessary for acquisitions or to refinance our existing indebtedness) on acceptable terms and prices, that we would otherwise need in connection with the operation of our business.

Risks Related to our Common Stock

The market price of our common stock could fluctuate significantly.

There have been and are periods of time when the U.S. securities markets have experienced significant price fluctuations. These price fluctuations may be day-to-day or they may last for extended periods of time. Significant price fluctuations in the securities markets as a whole have caused, and may continue to cause, the market price of our common stock to be volatile and subject to wide fluctuations. The trading volume of our common stock may fluctuate and cause significant price variations to occur. Additional factors that could cause fluctuations in, or adversely affect, our stock price or trading volume include:

- general market and economic conditions, including market conditions in the gaming and hotel industries;
- actual or expected variations in quarterly operating results;
- differences between actual operating results and those expected by investors and analysts;
- sales of our common stock by current shareholders seeking liquidity in the public market;
- changes in recommendations by securities analysts;
- operations and stock performance of competitors;
- accounting charges, including charges relating to the impairment of goodwill;
- significant acquisitions or strategic alliances by us or by competitors;
- sales of our common stock by our directors and officers or significant investors; and
- recruitment or departure of key personnel.

There can be no assurance that the stock price of our common stock will not fluctuate or decline significantly in the future. In addition, the stock market in general can experience considerable price and volume fluctuations that may be unrelated to our performance.

Our largest shareholder owns a meaningful percentage of our outstanding common stock, which could limit the ability of other shareholders to influence corporate matters.

Our largest shareholder beneficially owned 36.4% of our outstanding common stock as of February 19, 2021. As a result, this shareholder, who is also our chairman, may be able to exert influence over our affairs and policies. This concentrated ownership could limit the ability of the remaining shareholders to influence corporate matters, and the interests of the large shareholder may not coincide with our interests or the interests of the remaining shareholders. The concentration of ownership may also have the effect of delaying, preventing or deterring a change of control.

We are not paying dividends and any decision to do so in the future will be at the discretion of our Board.

The timing, declaration, amount and payment of any future dividends will be at the discretion of our board of directors and will depend upon, among other factors, our earnings, cash requirements, financial condition, requirements to comply with the covenants under our debt instruments and the Regulatory Agreement, legal considerations, and other factors that our board of directors deems relevant. If we do not pay cash dividends on our common stock in the future, then the return on an investment in our common stock will depend entirely upon our future stock price. There is no guarantee that our common stock will maintain its value or appreciate in value.

We are a holding company and will depend on our subsidiaries for dividends, distributions and other payments.

We are structured as a holding company, a legal entity separate and distinct from our subsidiaries. Our only significant asset is the capital stock or other equity interests of our operating subsidiaries. As a holding company, we will conduct all of our business through our subsidiaries. Consequently, our principal source of cash flow, including cash flow to pay dividends, will be dividends and distributions from our subsidiaries. If our subsidiaries are unable to make dividend payments or distributions to us and sufficient cash or liquidity is not otherwise available, we may not be able to pay dividends. In addition, our right to participate in a distribution of assets upon a subsidiary's liquidation or reorganization will be subject to the prior claims of the subsidiary's creditors.

As a public company we are obligated to develop and maintain proper and effective internal control over financial reporting and any failure to do so may adversely affect investor confidence in us and, as a result, the value of our common stock.

We are required by Section 404 of the Sarbanes-Oxley Act to furnish an annual report by management on, among other things, our assessment of the effectiveness of our internal control over financial reporting. This assessment includes disclosure of any material weaknesses identified by our management in our internal control over financial reporting. We also are required to disclose significant changes made in our internal control procedures on a quarterly basis. The process of designing, implementing and testing internal controls over financial reporting is time consuming, costly and complicated. However, for as long as we remain an emerging growth company as defined in the JOBS Act, we intend to take advantage of the exemption permitting us to avoid the independent registered public accounting firm attestation requirement.

If we are unable to successfully remediate any future deficiencies or weaknesses in our internal control over financial reporting, or if we identify any additional deficiencies or weaknesses, the accuracy and timing of our financial reporting could be adversely affected, we may be unable to maintain compliance with securities law requirements regarding timely filing of periodic reports in addition to applicable stock exchange listing requirements, investors may lose confidence in our financial reporting and/or our stock price may decline as a result.

Executive Overview

Our objective is to be one of the leading omni-channel gaming and interactive entertainment companies in the U.S. During 2020, we made great progress in our long-term growth and diversification strategy. Among other transactions, we acquired the rights to the name “Bally’s” in 2020 as part of our strategy to become the leading U.S. full-service sports betting/iGaming company with physical casinos and online gaming solutions united under a single, prominent brand. We took other key steps to build our iGaming and sports betting business in the past year, including entering into a strategic partnership with Sinclair Broadcast Group to leverage the Bally’s brand and combine our sports betting technology with Sinclair’s expansive natural footprint, which includes 188 local TV stations, 19 regional sports networks, the STIRR streaming service, the Tennis Channel and five stadium digital TV and internet sports networks. We also signed definitive agreements to acquire Bet.Works, a sports betting platform provider to operators in Colorado, New Jersey, Indiana and Iowa, and Monkey Knife Fight, the third-largest fantasy sports platform in North America. Earlier this year, we acquired SportsCaller, a leading B2B free-to-play game provider. See “Our Strategy - Recent and Pending Acquisitions, Development Projects and Other” for a description of our recent and pending business acquisitions.

COVID-19 Pandemic

We also experienced unprecedented challenges resulting from the COVID-19 pandemic. In an effort to mitigate the spread of the virus, during the first quarter of 2020, our regulators temporarily closed all of our properties by March 16, 2020. By June 17, 2020, all of our properties, including the newly acquired Casino KC and Casino Vicksburg, had reopened. Our Rhode Island properties were closed again from November 29 through December 20, 2020.

The following is an update of re-openings and current operations by property:

- *Twin River Casino Hotel and Tiverton Casino Hotel* - The Rhode Island properties pre-opened on June 8, 2020 with very limited invitation-only guests allowed. Beginning June 30, 2020, we were able to open to the general public, at approximately 65% capacity, with half of VLTs and a limited number of table games (with a three-player limit). The properties were closed again from November 29 through December 20, 2020 due to a state-mandated pause to slow the spread of COVID-19. Currently, the properties are open to the general public and are operating at 65% capacity with about half of VLTs, and all table games (with a three-player limit) available. The hotels at the Rhode Island properties remain closed.
- *Hard Rock Biloxi* - The Biloxi property re-opened to the general public on May 21, 2020 at 50% capacity with 41% of VLTs, all table games (with a three-player limit) available and 75% of the hotel rooms available to guests. Currently, Hard Rock Biloxi is operating at 50% capacity with over 63% of VLTs and all table games (with a three-player limit) available, and the hotel is operating with all rooms available to guests.
- *Dover Downs Casino Hotel* - The Delaware property re-opened on June 1, 2020 at 30% capacity with 45% of VLTs. Table games (with a two-player limit) became available on June 17, 2020 and the hotel, at 60% room capacity, became available on June 18, 2020. Currently, the property is operating at approximately 60% capacity with 52% of VLTs and 89% of table games (with a four-player limit) available, and all hotel rooms available to guests.
- *Casino KC* - Casino KC re-opened on June 1, 2020 at 50% capacity with 70% of VLTs and 30% of table games (with a three-player limit) available. Casino KC is currently operating at 50% capacity with all VLTs and table games (with a three-player limit) available.
- *Casino Vicksburg* - Casino Vicksburg re-opened on May 21, 2020 at 50% capacity with 48% of VLTs and 50% of hotel rooms available to guests. Currently, Casino Vicksburg is still operating at 50% capacity; however, 70% of VLTs are available and all table games (with a three-player limit) are available, and the hotel is currently operating with all rooms available to guests.
- *Black Hawk Casinos* - The Black Hawk Casinos re-opened on June 17, 2020 at 50% capacity with 55% of VLTs available to guests. Currently, the properties are still operating at 50% capacity; however, 83% of VLTs are now available to guests. As of November 11, 2020, table games remain closed.
- *Bally’s Atlantic City* - Bally’s Atlantic City is operating at 25% capacity with 58% of VLTs and all table games (with a four-player limit) available, and the hotel is currently operating with all rooms available to guests.
- *Shreveport* - Shreveport is operating at 50% capacity with 56% of VLTs and about half of table games (with a four-player limit) available, and the hotel is currently operating with all rooms available to guests.

While we are working closely with government officials on operational aspects of our re-opened properties and our desire to get additional amenities online, we cannot predict the duration of any limitations the government or we may impose on our operations. Though our operations are partially open in each of our markets, continuing restrictions on our operations, the economic uncertainty that COVID-19 continues to cause and the personal risk tolerances of our customers have caused, and may continue to cause, our business to be negatively impacted. In light of the foregoing, we are unable to determine when, or if, our properties will return to pre-pandemic demand.

As a result of the current restrictions on our properties related to the COVID-19 pandemic and the uncertainty regarding when we will return to pre-pandemic demand, we have established a multi-faceted plan to slow the usage of our available liquidity, focus on employee and community matters and prepare our facilities for full re-opening.

Liquidity

We are proactively managing expenses carefully in an effort to retain sufficient liquidity to last through these uncertain times and to fund the purchase prices for acquisitions. On May 11, 2020, we increased our term loan facility by \$275 million, a portion of the proceeds of which was utilized to repay the outstanding borrowings under our revolving credit facility. On October 9, 2020, we issued an additional \$125 million aggregate principal amount of 6.75% Senior Notes for a total of \$525 million of Senior Notes due 2027. Though the timing of when or if we will be able to return to pre-pandemic demand is uncertain, we believe we are prepared for sustained restriction on cash flow from operations and believe that our current available cash balances and availability under our revolving credit facility are sufficient to provide necessary liquidity to meet all of our obligations including debt service and required capital expenditures for the foreseeable future.

Throughout 2020, we carefully managed expenses in an effort to minimize variable costs and fixed property level costs and corporate expenses to protect our financial position. These efforts included the following:

- the suspension of all major capital projects and significant reduction of our expected capital expenditure spend, excluding our cash outlay for acquisitions during the year;
- renegotiation of certain service and vendor agreements to reduce or eliminate certain recurring fees and/or defer payments;
- reduction of employee costs through measured levels of re-hiring aimed at matching demand based on our properties' operating status and offerings;
- the suspension of employer 401(k) matching contributions; and
- suspension of dividend payments on our common stock as well as share repurchases under our Capital Return Program, each of which was a condition of the amendment we signed to our credit facility on April 24, 2020.

Employee and Community Matters We have taken a series of employee-and community-focused actions. Among other things, we continued health coverage at no cost to employees who were furloughed. We have also established a fund to provide financial assistance to employees who experience severe hardship during the shutdown period and are working diligently to bring employees back to work at levels that correspond to demand for our offerings. Our Twin River Casino property also served as a host site for a drive through rapid COVID-19 testing during the second quarter. We continue to collaborate with community and employee leaders, health officials and regulatory authorities.

Health and Safety Efforts at Re-opened Facilities As we have reopened our facilities we have actively engaged in a comprehensive sanitization of all properties with an emphasis on public spaces and 'touchpoints' such as handrails, VLTs, countertops and elevator buttons along with a chip sanitizing program. Additionally, we established a multi-phased approach to re-open each of our facilities. The plans include, among other things, screening of team members and guests upon arrival at our properties, thermal imaging cameras, enforcement of social distancing guidelines, including spacing between VLTs and limited or no table games to start, frequent cleaning and sanitizing protocols for all areas, mask protection, and public awareness signage.

We expect that the current restrictions on operations and amenities as a result of the COVID-19 pandemic will continue to negatively impact our results of operations. We do not expect to see a return to pre-pandemic levels until our properties are allowed to fully re-open with all amenities to the public, which is indeterminable at this time and is dependent on the length and severity of the pandemic, the duration of the restrictions in our markets and the speed and depth of vaccinations.

The COVID-19 pandemic has caused, and is continuing to cause, significant disruption in the financial markets both globally and in the U.S., and will continue to impact, possibly materially, our business, financial condition and results of operations. We cannot predict the degree or duration to which our operations will be affected by the COVID-19 pandemic, and the effects could be material. While we believe that strong liquidity position, valuable unencumbered assets and aggressive cost reduction initiatives will enable us to fund our current obligations, the COVID-19 pandemic has resulted in significant disruption of global financial markets, which could have a negative impact on our ability to access capital in the future. We continue to monitor the rapidly evolving situation and guidance from authorities, including federal, state and local public health authorities and may take additional actions based on their recommendations. In these circumstances, there may be developments outside our control requiring us to further adjust our operating plan, including ongoing restrictions to operations and potential future closings of our properties.

Because the situation is ongoing, and because the duration and severity of the pandemic remain unclear, it is difficult to forecast any impacts on our future results. We currently expect the COVID-19 pandemic to continue to impact our operations negatively throughout 2021.

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the “CARES Act”) was signed into law. The CARES Act provides opportunities for additional liquidity, loan guarantees, and other government programs to support companies affected by the COVID-19 pandemic and their employees, including those like us that operate in the gaming area. Based on our analysis of the CARES Act, the benefits we believe will be available to us include:

- refund of federal income taxes due to five-year carryback of net operating loss incurred in 2020 when our 2020 tax return is filed;
- relaxation of interest expense deduction limitation for income tax purposes;
- the employee retention credit, providing a refundable federal tax credit equal to 50% of the first \$10,000 of qualified wages and benefits, including qualified medical plan contributions, paid to employees while they are not performing services after March 12, 2020 and before January 1, 2021; and
- deferral of all employer Federal Insurance Contributions Act (“FICA”) taxes for the remainder of 2020, 50% payable by December 2021 and the remainder payable by December 2022.

Recent and Pending Acquisitions, Development Projects and Other

We seek to continue to grow our business by actively pursuing the acquisition and development of new gaming opportunities and reinvesting in our existing operations. We believe that interactive gaming, including mobile sports betting and iGaming represent a significant strategic opportunity for our future growth. In addition, we seek to increase revenues at our brick and mortar casinos through enhancing the guest experience by providing popular games, restaurants, hotel accommodations, entertainment and other amenities in attractive surroundings with high-quality guest service.

Our recent and pending business acquisitions are summarized above in “Our Strategy-Recent and Pending Acquisitions, Development Projects and Other.”

Acquisition of Bally’s Atlantic City

Details of Transaction

On November 18, 2020 we completed our acquisition of Bally’s Atlantic City from Caesars Entertainment, Inc. and Vici Properties Inc. Total cash consideration at closing was approximately \$27 million, subject to customary adjustments. As part of the regulatory approval process with the State of New Jersey, we committed to capital improvements to the property of \$90 million over a five-year period, which was a condition for approval for our temporary operating license. Refer to Note 5 “Acquisitions” for further information.

Historical and Current Performance

Prior to our acquisition of Bally's Atlantic City, its operations were run by Caesars as a single entity inclusive of the operations of Wild Wild West Casino, which we did not acquire. Historically, the results of Bally's Atlantic City and Wild Wild West Casino were reported on a combined basis and the ability to accurately produce historical financials on a carved out basis was determined to be difficult to produce without undue effort. Based on diligence procedures performed, it is believed that prior to COVID-19 related shut downs experienced in 2020, the Bally's Atlantic City property, excluding the operations of Wild Wild West Casino, generated approximately \$170 million of annual revenues and adjusted EBITDA of approximately \$12 million in 2019. As a result of COVID-19 restrictions, Bally's Atlantic City closed its operations from March 2020 through July 2020. Since July 2020, the property has continued to operate at limited capacity and under restricted hours based on local state-mandated restrictions. Bally's Atlantic City has historically generated a majority of its profit in the summer, as it is located on the New Jersey boardwalk, and has generated losses during the winter. Additionally, at the time of closing, our IT systems had not yet been converted and it was determined that we would operate the property under a transition services agreement ("TSA") using Caesars IT systems and the player rewards programs tied to Caesars Total Rewards until we were able to convert to our own systems, which ultimately occurred in mid-February 2021. The combination of COVID related restrictions, seasonality and increased overhead costs under the TSA and Caesars Total Rewards resulted in increased losses from the acquisition date through December 31, 2020. We expect those losses to continue into February 2021, when these systems were converted.

Planned Capital Improvements

As noted above, we expect to invest capital into the property over an initial five-year period, which we believe will transform the property resulting in increased revenue and profitability. Construction is expected to include a permanent Sportsbook facility, on which we have partnered with FanDuel, refurbished hotel rooms, new food and beverage offerings, a new boardwalk facade, and other cosmetic upgrades to the property.

Sports and iGaming Licenses

In connection with the transaction, we acquired three sports betting and five iGaming licenses in New Jersey. We have announced strategic partnerships with Points Bet, Esports Entertainment, SportTrade and the Score Bet for use of these licenses. We expect all of these agreements to be accretive and bring something unique to the expansive and cutting-edge New Jersey mobile gaming market. We also have kept one sports betting and i-gaming skin in New Jersey for our own future use as we roll our Bally's Interactive division in 2021.

Key Performance Indicator

The main key performance indicator used in managing our business is adjusted earnings before interest, taxes, depreciation and amortization ("Adjusted EBITDA"), a non-GAAP measure. Adjusted EBITDA is defined as earnings for the Company, or where noted our reporting segments, before, in each case, interest expense, net of interest income, provision (benefit) for income taxes, depreciation and amortization, non-operating income, acquisition, integration and restructuring expense, goodwill and asset impairment, expansion and pre-opening expenses, share-based compensation, rebranding, change in fair value of naming rights liabilities, gain on bargain purchases, professional and advisory fees associated with the capital return program, CARES Act credit, credit agreement amendment expenses, storm related losses, net of insurance recoveries, Bet.Works and Sinclair, sports and iGaming licensing, and certain other gains or losses as well as, when presented for our reporting segments, an adjustment related to the allocation of corporate cost among segments.

We use Adjusted EBITDA to analyze the performance of our business and it is used as a determining factor for performance based compensation for members of our management team. We have historically used Adjusted EBITDA when evaluating operating performance because we believe that the inclusion or exclusion of certain recurring and non-recurring items is necessary to provide a full understanding of our core operating results and as a means to evaluate period-to-period performance. Also, we present Adjusted EBITDA because it is used by some investors and creditors as an indicator of the strength and performance of ongoing business operations, including our ability to service debt, and to fund capital expenditures, acquisitions and operations. These calculations are commonly used as a basis for investors, analysts and credit rating agencies to evaluate and compare operating performance and value companies within our industry. Adjusted EBITDA information is presented because management believes that it is a commonly-used measure of performance in the gaming industry and that it is considered by many to be a key indicator of our operating results. Management believes that while certain items excluded from Adjusted EBITDA may be recurring in nature and should not be disregarded in evaluating our earnings performance, it is useful to exclude such items when comparing current performance to prior periods because these items can vary significantly depending on specific underlying transactions or events that may not be comparable between the periods presented or they may not relate specifically to current operating trends or be indicative of future results. Adjusted EBITDA should not be construed as an alternative to GAAP net income, its most directly comparable GAAP measure, as an indicator of our performance. In addition, Adjusted EBITDA as used by us may not be defined in the same manner as other companies in our industry, and, as a result, may not be comparable to similarly titled non-GAAP financial measures of other companies.

Year ended December 31, 2020 compared to year ended December 31, 2019

Total revenue

Total revenue for the year ended December 31, 2020 decreased \$150.8 million, or 28.8%, to \$372.8 million, from \$523.6 million in 2019. Gaming and racing revenue for the year ended December 31, 2020 decreased \$83.0 million, or 21.8%, food and beverage revenue decreased \$37.8 million, or 54.0%, and hotel revenue decreased \$14.2 million, or 36.5%, each compared to the prior year. The decreases in total revenue, gaming and racing revenue, food and beverage revenue and hotel revenue were driven by the mandated shut-down of our operations at all properties from mid-March of 2020 into June 2020 and the continued limitations on our operations in response to the COVID-19 pandemic, including a second shut down of our properties in Rhode Island from November 29 through December 20, 2020. Decreases in revenue resulting from the pandemic were partially offset by revenue from current year acquisitions of Casino KC and Casino Vicksburg on July 1, 2020 which contributed \$40.1 million, the Black Hawk Casinos on January 23, 2020 which contributed \$17.8 million, Bally's Atlantic City on November 18, 2020 which contributed \$8.7 million, and Shreveport on December 23, 2020 which contributed \$2.5 million.

Operating costs and expenses

For 2020, we recorded total operating costs and expenses of \$391.2 million, down 4.3% compared to the \$409.0 million in 2019. Gaming and racing expenses for the year ended December 31, 2020 decreased \$7.7 million, or 7.4%, to \$95.9 million from \$103.6 million in 2019. The decrease for the year ended December 31, 2020 year-over-year was primarily attributable to the mandated shut-down of our facilities in mid-March of 2020 into June 2020 as of result of the COVID-19 pandemic and the operational restrictions and limitations on our properties throughout the remainder of the 2020 year.

Non-gaming expenses for the year ended December 31, 2020 decreased \$38.8 million, or 47.6%, to \$42.8 million from \$81.6 million in 2019. This decrease was primarily due to the minimization of variable costs of non-gaming amenities during the mandated shut-down of our properties and during the year and the continued restrictions on operations.

We expect our total operating costs and expenses to increase in 2021 as compared to 2020 as a result of the inclusion of our recent acquisitions of Casino KC, Casino Vicksburg, Bally's Atlantic City and Shreveport operations as well as the operations of pending acquisitions of MontBleu, Jumer's and Tropicana Evansville that we expect to close in the first half of 2021.

Advertising, general and administrative

Advertising, general and administrative expenses for the year ended December 31, 2020 decreased \$3.5 million, or 1.9%, to \$176.9 million from \$180.4 million, in 2019. The decrease in advertising, general and administrative expenses year-over-year is primarily due to the shut down of operations at all of our facilities as a result of the COVID-19 pandemic from mid-March 2020 into June 2020 and the continued operational restrictions and limitations on our properties in the second half of 2020. The decrease was partially offset by an increase in share-based compensation expense for the year ended December 31, 2020, which increased \$13.9 million compared to last year. The increase in share-based compensation expense was directly attributable to our annual grant of restricted stock awards to eligible employees and executive management which occurred during the first quarter of 2020 with one-third of the restricted stock award vesting during the first quarter of 2020 and one-third vesting at the end of the 2020 year. In addition, in light of the pandemic and cash flow considerations for 2020, we elected to pay annual bonuses to eligible recipients in the form of immediately vested stock awards which were paid on December 30, 2020. In the prior year, we only granted equity awards to members of our Board and executive team with the grant occurring during the second quarter of 2019.

Acquisition, integration and restructuring expense

We incurred \$13.3 million of acquisition, integration and restructuring expense during the year ended December 31, 2020 compared to \$12.2 million in 2019 driven by acquisition and integration costs in each year of \$13.2 million and \$10.9 million, respectively. During 2020, we recorded total acquisition costs of \$10.3 million for acquisitions closed during the year including Shreveport, Bally's Atlantic City, Casino KC and Casino Vicksburg and the Black Hawk Casinos, and \$2.7 million of acquisition costs related to the proposed acquisitions of MontBleu, Jumer's and Tropicana Evansville. During 2020, we also incurred approximately \$0.1 million of costs relating to the proposed build of a casino in Centre County, Pennsylvania. During the year ended December 31, 2019, we incurred \$7.9 million of costs attributable to Dover Downs merger and going public expenses and \$3.0 million of acquisition costs related to the acquisitions of the Black Hawk Casinos and Casino KC and Casino Vicksburg. Additionally, in 2019 we incurred restructuring expenses of \$0.8 million related to severance costs incurred attributable to the acquisition of Dover Downs in the first quarter of 2019 as well as \$0.4 million related to severance costs incurred at our Twin River Casino Hotel property as a result of a voluntary termination program put into place in response to softness in the market due to new competition. Refer to Note 10 "Acquisition, integration and restructuring expense" for further information.

Other operating costs and expenses

We recorded storm related losses, net of insurance recoveries of \$14.1 million during 2020 primarily attributable to the effects of Hurricane Zeta which made landfall in Louisiana shutting down our Hard Rock Biloxi property for three days in the fourth quarter of 2020. Additionally, we recorded an impairment charge of \$8.7 million as a result of an impairment analysis performed on goodwill and intangible assets acquired in connection with our acquisition of the Black Hawk Casinos and \$0.8 million of rebranding expense during the fourth quarter of 2020 as we changed our corporate name to Bally's Corporation in November 2020.

Depreciation and amortization

Depreciation and amortization of intangibles expense for the year ended December 31, 2020 was \$37.8 million, an increase of \$5.5 million, or 16.8%, compared to \$32.4 million in 2019. These increases in depreciation and amortization expenses were attributable to the additions of Casino KC and Casino Vicksburg and the Black Hawk Casinos which contributed \$2.7 million and \$2.3 million during the year ended December 31, 2020, respectively.

(Loss) income from operations

Loss from operations was \$18.4 million for the year ended December 31, 2020 compared to income from operations of \$114.6 million in 2019. As a percentage of total revenue, income from operations decreased from 21.9% to a loss from operations of 4.9%, primarily impacted negatively by the COVID-19 pandemic with the shut-down of our properties from mid-March 2020 into June 2020 and the continued operational restrictions experienced in 2020, including the second shutdown of the Rhode Island properties in the fourth quarter of 2020.

Other income (expense)

Total other expense increased \$17.0 million, or 43.0%, to \$56.4 million for the year ended December 31, 2020 from other expense of \$39.4 million in 2019. The increase in other expense was driven primarily by expense associated with the change in naming rights liability associated with our contracts with Sinclair Broadcast group of \$57.7 million. Refer to Note 9 "Sinclair Agreement" for further information. Additionally, interest expense was \$63.2 million for the year ended December 31, 2020, an increase of \$23.4 million from \$39.8 million in 2019, due to increased borrowings and higher interest rates year-over-year. These increases in expense were offset by a total gain on bargain purchases of \$63.9 million recorded during the fourth quarter of 2020 related to the acquisitions of Bally's Atlantic City and Shreveport, which resulted in bargain purchase gains of \$32.6 million and \$31.3 million, respectively, as the preliminary fair values of the acquired assets and assumed liabilities for each of the acquisitions exceeded its purchase price. Refer to Note 5 "Acquisitions" for further information. The year ended December 31, 2019 also included a loss on extinguishment and modification of debt of 1.7 million as a result of the debt refinancing completed during the second quarter of 2019.

(Benefit) provision for income taxes

Provision for income taxes for the year ended December 31, 2020 decreased \$89.4 million to a benefit of \$69.3 million compared to 2019. The effective tax rate for the year ended December 31, 2020 was 92.7% compared to 26.7% in 2019. The increase in the effective tax rate was due to the impact of the CARES Act on the federal rate applied during 2020 and the impact of the bargain purchase gain recorded related to the acquisitions of Bally's Atlantic City and Shreveport in the fourth quarter of 2020, offset in part by the immediately exercisable penny warrants issued to Sinclair in the fourth quarter of 2020. The bargain purchase gain and the penny warrants issued to Sinclair will not impact the future tax basis of the underlying assets acquired.

Net Income (Loss) and earnings (loss) per share

Net loss for the year ended December 31, 2020 was \$5.5 million compared to net income of \$55.1 million in 2019. As a percentage of revenue, net income decreased from 10.5% for the year ended December 31, 2019 to a net loss of 1.5% for the year ended December 31, 2020. Diluted loss per share for the year ended December 31, 2020 was \$0.18, compared to earnings per share of \$1.46 for the year ended December 31, 2019, and was impacted by the factors noted above and share repurchases under our capital return program during the year.

Adjusted EBITDA by Segment

Consolidated Adjusted EBITDA was \$70.4 million for the year ended December 31, 2020, a decrease of \$96.7 million, or 58%, from \$167.2 million in the same period last year. Adjusted EBITDA for the Rhode Island segment decreased 74% to \$33.6 million, driven by the negative impact of COVID related restrictions and the shut down of our Rhode Island properties in mid-March of 2020 into June 2020 and again for three weeks during the fourth quarter of 2020. The Mid-Atlantic segment decreased 51% to \$8.1 million from \$16.7 million in the prior year and was negatively impacted by COVID related restrictions and the shut down of Dover Downs and the impact of Bally's Atlantic City, which was acquired in November, as operations were impacted by a combination of COVID related restrictions, seasonality and increased overhead costs under the TSA and reliance on IT systems, as described above. Adjusted EBITDA for the Southeast segment was \$40.6 million, an increase of \$3.4 million from the prior year, benefiting from the additions of Casino Vicksburg and Shreveport which were acquired on July 1, 2020 and December 23, 2020, respectively. Consolidated Adjusted EBITDA also includes the addition of Adjusted EBITDA from the West segment of \$10.3 million which includes our Casino KC and the Black Hawk Casinos properties which were acquired on July 1, 2020 and January 23, 2020, respectively.

Year ended December 31, 2019 compared to year ended December 31, 2018

The information required by this section can be found in our Part II, Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations" of our Annual Report on Form 10-K for the year ended December 31, 2019.

Liquidity and Capital Resources

We assess liquidity in terms of the ability to generate cash or obtain financing in order to fund operating, investing and debt service requirements. Our primary ongoing cash requirements include the funding of operations, capital expenditures, acquisitions and other investments in line with our business strategy, and debt repayment obligations and interest payments. Over the next twelve months, we believe that operating cash flows will be sufficient to meet funding needs for operating, capital expenditure and debt service purposes. Furthermore, existing cash balances and availability of additional borrowings under the Credit Facility provide additional sources of liquidity. While we may seek other funding alternatives, we believe existing cash balances, cash flow from operations and availability under our Credit Facility will provide the cash necessary to fund our proposed acquisitions of MontBleu, Jumer's, Tropicana Evansville, and Bet.Works, all of which are currently expected to close in the first half of 2021.

Operating Activities

Net cash provided by operating activities for the year ended December 31, 2020 was \$19.5 million, a decrease of \$74.6 million from \$94.1 million in 2019. This decrease was attributable to a net loss of \$5.5 million in 2020 compared to net income of \$55.1 million in 2019 primarily due to the mid-March 2020 shut-down of our facilities in response to the COVID-19 pandemic and operating restrictions on our properties following their reopening and a gain on bargain purchases of \$63.9 million relating to the current year acquisitions of Bally's Atlantic City and Shreveport, partially offset by a loss of \$57.7 million relating to a change in value of naming rights liabilities associated with the Sinclair Agreement. Prepaid expenses and other assets as of December 31, 2020 included the contingent consideration asset of \$27.7 million in connection with our arrangement with Caesars to reimburse us for capital spending to refurbish, upgrade and expand the amenities at our Bally's Atlantic City property.

Investing Activities

Net cash used in investing activities for the year ended December 31, 2020 was \$444.8 million, an increase of \$405.9 million compared to \$38.9 million used in investing activities for 2019. This increase was primarily driven by the \$425.1 million aggregate cash outlay for the acquisitions of the Black Hawk Casinos, Casino KC and Casino Vicksburg, Bally's Atlantic City, and Shreveport in 2020 compared to \$9.6 million paid in 2019 for the acquisition of Dover Downs, partially offset by a decrease in capital expenditures of \$13.0 million when compared to the prior year as we limited spending on capital projects to conserve cash in response to COVID related shutdowns. The 2020 year also includes a \$4.0 million deposit paid in connection with our acquisition of Jumer's in September 2020, \$2.0 million of which is nonrefundable.

Financing Activities

Net cash provided by financing activities for the year ended December 31, 2020 was \$366.4 million compared to net cash provided by financing activities of \$48.9 million for 2019. Cash provided by financing activities in 2020 was driven by \$261.2 million of borrowings, net of fees, on our additional term loan, \$122.5 million of Senior Notes proceeds and borrowings under our revolver, all of which were used to fund current year acquisitions. We also spent \$33.3 million on share repurchases and paid cash dividends of \$3.2 million under our capital return program. During 2019, cash provided by financing activities was driven by proceeds received from the Term Loan Facility and Senior Notes (defined below), net of fees incurred, of \$683.2 million, partially offset by debt repayments of \$343.9 million on our previous term loan and the required quarterly payments on our new Term Loan Facility. We also paid \$223.1 million for share repurchases, including shares repurchased in connection with our Dutch auction tender offer in July 2019 under our capital return program.

Working Capital

At December 31, 2020, net working capital balance was \$145.8 million, compared to \$155.2 million at December 31, 2019 a decrease of \$9.5 million. This decrease is primarily attributable to a decrease in our cash and cash equivalents balance to \$123.4 million as of December 31, 2020 compared to \$182.6 million as a result of the timing of transactions in each respective period, as noted above.

Capital Return Program and Quarterly Cash Dividend

During the second quarter of 2019, we announced that our Board approved a capital return program under which we may expend a total of up to \$250 million for a share repurchase program and payment of dividends. On July 26, 2019, we completed a modified Dutch auction tender offer, purchasing 2,504,971 common shares at an aggregate purchase price of \$73.9 million and repurchased an additional 6,558,379 common shares under the capital return program. During the year ended December 31, 2019, we paid cash dividends of \$0.10 per common share in each of the third and fourth quarters, for a total of \$0.20 per common share and a total cost of approximately \$7.6 million.

On February 10, 2020, the Board approved an increase in the capital return program of \$100.0 million. During the first quarter of 2020, we repurchased 1,581,813 common shares for an aggregate price of \$29.7 million under the capital return program and paid a cash dividend of \$0.10 per common share for approximately \$3.2 million. As of December 31, 2020, \$84.9 million remained available for use under the aforementioned program.

As noted below, as a result of the amendment to our Credit Facility, we are not permitted to declare or pay dividends on our common stock (or repurchase shares of our common stock) until the end of the Leverage Ratio Covenant Relief Period.

Senior Secured Credit Facility

On May 10, 2019, we entered into a credit agreement (“the “Credit Agreement”) with Citizens Bank, N.A., as administrative agent, (the “Agent”), and the lenders party thereto (the “Credit Facility”), consisting of a \$300 million Term B Loan facility (the “Term Loan Facility”) and a \$250 million revolving credit facility (the “Revolving Credit Facility”). Our obligations under the Revolving Credit Facility will mature on May 10, 2024. Our obligations under the Term Loan Facility will mature on May 10, 2026. Beginning September 30, 2019, the Company is required to make quarterly principal payments of \$750,000 on the Term Loan Facility on the last business day of each fiscal quarter. In addition, we are required to make mandatory payments of amounts outstanding under the Credit Facility with the proceeds of certain casualty events, debt issuances, and asset sales and, commencing with the fiscal year beginning January 1, 2020, we are required to apply a portion of its excess cash flow to repay amounts outstanding under the Credit Facility.

On March 16, 2020, we borrowed under our Revolving Credit Facility the full available amount of \$250 million to increase our cash position and liquidity to facilitate financial flexibility in light of the then uncertainty in the global markets and the our business resulting from the COVID-19 pandemic. Upon closing of the additional \$275 million term loan noted below, we repaid the full \$250 million we had outstanding under our Revolving Credit Facility and currently have the full amount of the Revolving Credit Facility available for borrowing. Pursuant to the Revolving Credit Facility, we may utilize this availability for working capital, general corporate and other purposes as permitted under the terms of the Revolving Credit Facility. We believe that we have sufficient liquidity to meet our obligations, including those under our Term Loan Facilities, the Senior Notes and pending acquisitions.

On April 24, 2020, we and our lenders amended the financial covenants and certain other terms of our Credit Facility to provide financial covenant relief from the effects of the COVID-19 pandemic. Until the period on which we are required to deliver our compliance statement and financial statements for the three months ending March 31, 2021 (the “Leverage Ratio Covenant Relief Period”), we will not be required to comply with the maximum total net leverage ratio covenant. Instead the Company will be required to comply with a minimum liquidity covenant tested at the last day of each month during the Leverage Ratio Covenant Relief Period. Under the minimum liquidity requirement, we will be required to have unrestricted cash on hand at the end of each month in the following amounts: (1) \$75.0 million at April 30, 2020 and May 31, 2020, (2) \$65.0 million at June 30, 2020, (3) \$55.0 million at July 31, 2020, and (4) \$50.0 million at each month-end thereafter through March 31, 2021.

We will not be permitted to declare or pay dividends on our common stock or make other restricted payments, complete investments or acquisitions (other than those previously announced or to which the lenders consent) during the Leverage Ratio Covenant Relief Period, and the interest rates on the Revolving Credit Facility borrowings are LIBOR + 2.75% during the Leverage Ratio Covenant Relief Period. Additionally, the amendment permanently changed the minimum LIBOR on Revolver borrowings from 0.00% to 0.75%.

On March 5, 2021, we and our lenders amended the financial covenants and certain other terms of our Credit Facility to provide deemed consolidated EBITDA numbers for certain fiscal quarters of 2021 and to permit the annualization of consolidated EBITDA for the 2021 fiscal year for purposes of calculating compliance with the consolidated total net leverage ratio, to the extent we are required to comply with it.

On May 11, 2020, we closed on an amendment to our Credit Facility to increase our Term Loan Facility by \$275.0 million. Borrowings under the increased portion of the Term Loan Facility will bear interest at LIBOR + 8.00% per annum with a 1.00% LIBOR floor through the May 10, 2026 maturity date. Following the amendment, we repaid the full \$250.0 million outstanding under our Revolving Credit Facility. This new term loan satisfied the financing contingency in the purchase agreement to acquire Shreveport and MontBleu from affiliates of Eldorado.

On March 9, 2021, we amended our Credit Agreement to increase the aggregate principal amount of the Revolving Credit Facility to \$325 million, an increase of \$75 million pursuant to an incremental revolving facility. Borrowings under the new incremental revolving facility will be subject to the same terms and conditions of the existing Revolving Credit Facility under the Credit Agreement.

6.75% Senior Notes due 2027

On May 10, 2019, we issued \$400.0 million aggregate principal amount of 6.75% unsecured senior notes due June 1, 2027 (the "Senior Notes"). On October 9, 2020, we issued an additional \$125.0 million aggregate principal amount of 6.75% unsecured senior notes due June 1, 2027 (the "Additional Notes" and, together with the Initial Notes, the "Senior Notes"). The Additional Notes, other than with respect to the date of issuance and issue price, are identical to the Initial Notes, and are treated as a single class with the Initial Notes for all purposes under the indenture governing the Senior Notes (the "Indenture"). Immediately after giving effect to the issuance and sale of the Additional Notes, we had \$525.0 million in aggregate principal amount of Senior Notes outstanding. Interest on the Senior Notes is paid semi-annually in arrears on June 1 and December 1. We used a portion of the net proceeds from the Initial Notes, together with a portion of the proceeds from our Term Loan Facility, to repay borrowings under our prior credit agreement (the "Former Credit Facility").

On February 4, 2021, we announced we had obtained the consent of the Senior Notes holders to amend the indenture governing the Senior Notes. The amendment to the Indenture amended the "Incurrence of Indebtedness and Issuance of Subsidiary Preferred Stock" covenant contained in Section 4.09 of the Indenture to increase the fixed dollar prong of the credit facility basket from "\$745.0 million" to "\$975.0 million." Except for this amendment, all the existing terms of the Senior Notes remain unchanged.

Refer to Note 11 "Long-Term Debt" in Item 8 of this Annual Report on Form 10-K.

Capital Expenditures

Capital expenditures are accounted for as either project or maintenance (replacement) capital expenditures. Project capital expenditures are for fixed asset additions that expand an existing facility or create a new facility. Maintenance and small project capital expenditures are expenditures to replace existing fixed assets with a useful life greater than one year that are obsolete, worn out or no longer cost effective to repair.

For the year ended December 31, 2020, capital expenditures were \$15.3 million compared to \$28.2 million in 2019, a decrease directly attributable spending restrictions resulting from the COVID-19 pandemic coupled with the completion of projects in the prior year relating to the Tiverton Casino Hotel and the new hotel at Twin River Casino.

As a result of the COVID-19 pandemic, all major projects were suspended in 2020. We expect capital expenditures in 2021 to exceed 2020 amounts as we intend to move forward with several proposed projects. At our Casino KC property, we have planned a redevelopment project for approximately \$40 million as we believe it will enhance the property and guest experience, and drive growth and our return on investment. We plan to invest approximately \$90 million in our Bally's Atlantic City property over a span of five years to refurbish and upgrade our facilities and expand its amenities. Additionally, as noted above, we signed a framework agreement with an established developer to jointly design, develop, construct and manage a casino in Centre County, Pennsylvania and construction is expected to begin the first half of 2021 and will take approximately one year to complete. We estimate the total cost of the project, including construction, licensing and sports betting/iGaming operations, to be approximately \$120 million. We may also commence our expansion and other capital improvements at our Twin River Casino Hotel location related to our proposed partnership with IGT and are optimistic that this legislation will be addressed and approved as soon as the second quarter of 2021. We expect to fund the expenditures from a combination of cash flow from operations, cash on hand and available borrowings under our Credit Facility.

Because the pandemic is ongoing and the duration and severity remains unclear, it is difficult to forecast any impacts on our future results and therefore, planned spending on these projects may be impacted as we embark into the 2021 year.

Off-Balance Sheet Arrangements

Except for obligations disclosed above under "Contractual Obligations" and performance obligations incurred in the ordinary course of business, we are not party to any off-balance sheet arrangements involving guarantee, contingency or similar obligations to entities whose financial statements are not consolidated with our results, and that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that would be material to investors in our securities.

Critical Accounting Policies and Estimates

The preparation of our consolidated financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and the related disclosure of contingent assets and liabilities. The SEC has defined critical accounting policies as those that are both most important to the portrayal of our financial condition and results and require our most difficult, complex or subjective judgments or estimates. Based on this definition, we believe our critical accounting policies are: (i) valuing intangible assets, (ii) valuing goodwill, (iii) income taxes, (iv) business combinations and (v) pension plans. For all financial statement periods presented, there have been no material modifications to the application of these critical accounting policies and estimates.

Valuation of Intangible Assets

As a result of “fresh start accounting”, we adjusted the Twin River Casino Hotel intangible assets to reflect their fair values on November 5, 2010 (the “Emergence Date”). Intangible assets consist of a Rhode Island VLT license, the Master Video Lottery Terminal Contract (the “Contract”) with the Division of Lotteries for the State of Rhode Island and the State of Rhode Island Department of Transportation, as amended, the Twin River trade name and the Twin River Casino Hotel rated player relationships. The Rhode Island VLT license has an indefinite life and therefore is not being amortized. The Contract for the VLTs, the Twin River Casino Hotel rated player relationships and the Twin River trade name are being amortized using the straight-line method based on their estimated useful lives from the Emergence Date.

Our other intangible assets primarily consist of gaming licenses, trademarks, rated player relationships, and hotel and conference pre-bookings, which have all been obtained through acquisition, as well as a Naming Rights intangible asset obtained through the Sinclair Agreement.

We consider our gaming licenses, VLT licenses and the Bally’s trademark to be indefinite lived based on future expectations of operating our gaming properties indefinitely and continuing to brand our corporate name and certain properties under the Bally’s trademark indefinitely. Intangible assets not subject to amortization are reviewed for impairment annually as of October 1 and between annual test dates whenever events or changes in circumstances may indicate that the carrying amount of the related asset may not be recoverable.

We establish a useful life upon initial recognition of our finite-lived intangible assets based on the period over which the asset is expected to contribute to our future cash flows, and periodically evaluate the remaining useful lives to determine whether events and circumstances warrant a revision to the remaining period of amortization. Finite-lived intangible assets are amortized over their remaining useful lives on a straight-line basis.

Valuation of Goodwill

Goodwill represents the excess of reorganization value over the fair market value of Twin River Casino Hotel net assets on the Emergence Date and the excess of the Hard Rock Biloxi, Newport Grand, Dover Downs, Casino KC and Casino Vicksburg purchase prices over the respective fair values of tangible and identifiable assets acquired and liabilities assumed. The Acquisitions of Bally’s Atlantic City and Shreveport resulted in a bargain purchase and therefore no goodwill was recorded associated with these transactions. We are required to test goodwill for impairment at least annually, and between annual tests if events occur or circumstances change that would more likely than not reduce the fair value of a reporting unit below its carrying amount. We have elected to perform our annual tests for indications of goodwill impairment as of the first day of the fourth quarter of each year. We test for goodwill impairment at the reporting unit level, which is at or one level below the operating segment level.

When assessing goodwill for impairment, first, qualitative factors are assessed to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying value. If the results of the qualitative assessment are not conclusive, a quantitative goodwill test is performed. The quantitative goodwill test compares the estimated fair value of each reporting unit with its estimated net book value (including goodwill and identifiable intangible assets). If the reporting unit’s estimated fair value exceeds its estimated net book value, goodwill is not impaired. An impairment is recognized if the estimated fair value of a reporting unit is less than its estimated net book value, in an amount not to exceed the carrying value of the reporting unit’s goodwill.

Income Taxes

We prepare our income tax provision in accordance with ASC 740, *Income Taxes*. Under the asset and liability method, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards.

Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that the rate change is enacted. A valuation allowance is required when it is “more likely than not” that all or a portion of the deferred taxes will not be realized. The consolidated financial statements reflect expected future tax consequences of uncertain tax positions presuming the taxing authorities’ full knowledge of the position and all relevant facts.

On December 22, 2017, the SEC staff issued Staff Accounting Bulletin No. 118 (“SAB 118”) to provide guidance on accounting for the tax effects of the TCJA. SAB 118 provides a measurement period that begins in the reporting period that includes the TCJA’s enactment date and ends when an entity has obtained, prepared, and analyzed the information that was needed in order to complete the accounting requirements under ASC 740, however in no circumstance should the measurement period extend beyond one year from the enactment date. In accordance with SAB 118, a company must reflect in its financial statements the income tax effects of those aspects of the TCJA for which the accounting under ASC 740 is complete. SAB 118 provides that to the extent that a company’s accounting for certain income tax effects of the TCJA is incomplete, but it is able to determine a reasonable estimate, it must record a provisional estimate in the financial statements.

We recorded the impact of enactment of U.S. tax reform subject to SAB 118, which provided for a twelve-month remeasurement period to complete the accounting required under Accounting Standards Codification (“ASC”) 740, Income Taxes. During the fourth quarter of 2018, we completed our analysis to determine the deferred tax effect of the TCJA and recorded immaterial adjustments as of December 22, 2018.

Business Combinations

We account for acquired businesses using the acquisition method of accounting which requires that the assets acquired and liabilities assumed be recorded at the date of the acquisition at their respective estimated fair values. Goodwill represents the excess of cost over the fair value of net assets acquired in a business combination. The judgments made in determining the estimated fair value assigned to each class of assets acquired, as well as the estimated useful life of each asset, can materially impact the net income of the periods subsequent to the acquisition through depreciation and amortization, and in certain instances through impairment charges, if the asset becomes impaired in the future. In determining the estimated fair value for intangible assets, we typically utilize the income approach, which discounts the projected future net cash flow using a discount rate deemed appropriate by management that reflects the risks associated with such projected future cash flow.

Determining the useful life of an intangible asset also requires judgment, as different types of intangible assets will have different useful lives and certain assets may even be considered to have indefinite useful lives. Intangible assets determined to have an indefinite useful life are reassessed periodically based on the expected use of the asset by us, legal or contractual provisions that may affect the useful life or renewal or extension of the asset’s contractual life without substantial cost, and the effects of demand, competition and other economic factors.

Pension Plan

We sponsor a defined benefit pension plan that covers certain employees who meet eligibility requirements. On June 15, 2011, it was announced that the Dover Downs Pension Plan was frozen to participation and benefit accruals as of July 31, 2011. The benefits provided by our defined benefit pension plan are based on years of service and employee’s remuneration through July 31, 2011.

While we believe the valuation methods used to determine the fair value of plan assets are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the reporting date.

The determination of our obligation and related expense for Company-sponsored pension benefits is dependent, in part, on management’s selection of certain actuarial assumptions used in calculating these amounts. These assumptions include, among other things, the discount rate and the expected long-term rate of return on plan assets. Refer to Note 15 “Employee Benefit Plans” in the Notes to Consolidated Financial Statements included in Part II, Item 8 of this Annual Report on Form 10-K for information related to the actuarial assumptions used in determining pension liabilities and expenses.

We review and select the discount rate to be used in connection with our pension obligation annually. The discount rate reflects the current rate at which the associated liabilities could be effectively settled at the end of the year. We set our rate to reflect the yield of a portfolio of high quality, fixed-income debt instruments that would produce cash flows sufficient in timing and amount to settle projected future benefits.

Our assumption regarding expected long-term rate of return on plan assets is determined based on the portfolio’s actual and target composition, current market conditions, forward-looking return and risk assumptions by asset class, and historical long-term investment performance. In accordance with applicable accounting standards, actual results that differ from our assumptions are accumulated and amortized over future periods and, therefore, affect expense and obligations in future periods.

For 2020, each 25 basis point increase/decrease in the discount rate and expected return on plan assets would, collectively, increase/decrease pension expense by less than \$0.1 million. Although we believe our assumptions are appropriate, the actuarial assumptions may differ from actual results due to changing market and economic conditions, higher or lower withdrawal rates and longer or shorter life spans of participants.

Amortization of net actuarial loss or gain expense recognition

We recognize the amortization of net actuarial loss or gain on the Dover Downs Pension Plan over the remaining life expectancy of all plan participants. This is based on the fact that the defined benefit pension plan is both closed to new entrants and all benefit accruals have been frozen.

Full yield curve expense recognition

We utilize the “full yield curve” approach for determining the interest and service cost components of net periodic benefit cost for defined benefit pension plans. Under this method, the discount rate assumption used in the interest and service cost components of net periodic benefit cost is built through applying the specific spot rates along the yield curve used in the determination of the benefit obligation described above, to the relevant projected future cash flows of our pension plan. We believe the “full yield curve” approach reflects a greater correlation between projected benefit cash flows and the corresponding yield curve spot rates and provides a more precise measurement of interest and service costs.

Recently Issued Accounting Pronouncements

For a discussion of recently issued financial accounting standards, refer to Note 3 “Recently Issued and Adopted Accounting Pronouncements”, “Item 8. Financial Statements and Supplementary Data” of this Annual Report on Form 10-K for further detail.

JOBS Act Transition Period

In April 2012, the JOBS Act was enacted. Section 107 of the JOBS Act provides that an “emerging growth company” can take advantage of the extended transition period provided in Section 7(a)(2)(B) of the Securities Act of 1933, as amended, for complying with new or revised accounting standards. Thus, an emerging growth company can delay the adoption of certain accounting standards until those standards would otherwise apply to private companies. We have irrevocably elected not to avail ourselves of this extended transition period and, as a result, we will adopt new or revised accounting standards on the relevant dates on which adoption of such standards is required for other public companies.

We will rely on other exemptions and reduced reporting requirements under the JOBS Act. Subject to certain conditions, as an emerging growth company, we will rely on certain of these exemptions, including without limitation, (1) providing an auditor’s attestation report on our system of internal controls over financial reporting pursuant to Section 404(b) of the Sarbanes-Oxley Act and (2) complying with any requirement that may be adopted by the Public Company Accounting Oversight Board regarding mandatory audit firm rotation or a supplement to the auditor’s report providing additional information about the audit and the financial statements, known as the auditor discussion and analysis. We will be considered an emerging growth company until the earliest to occur of (1) the last day of the first fiscal year in which our annual gross revenues exceed \$1.07 billion, (2) the date that we become a “large accelerated filer” as defined in Rule 12b-2 under the Exchange Act which could occur if the market value of our shares that are held by non-affiliates exceeds \$700 million as of the last business day of our most recently completed second fiscal quarter, (3) the date on which we have issued more than \$1.0 billion in non convertible debt during the preceding three-year period, and (4) the last day of our fiscal year containing the fifth anniversary of the date on which we first sold common equity securities pursuant to an effective registration statement, or December 31, 2024.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates. We are exposed to changes in interest rates primarily from variable rate long-term debt arrangements. As of December 31, 2020, interest on borrowings under our credit facility was subject to fluctuation based on changes in short-term interest rates. On December 31, 2020, we had \$604.1 million of variable rate debt outstanding under our Term Loan and Revolving Credit Facilities and \$525.0 million in 6.75% unsecured senior notes. Based upon a sensitivity analysis of our debt levels on December 31, 2020, an increase or decrease of 1% in the effective interest rate would cause an increase or decrease in interest expense of approximately \$6.0 million over the next twelve months.

We evaluate our exposure to market risk by monitoring interest rates in the marketplace and we have, on occasion, utilized derivative financial instruments to help manage this risk. We have not historically utilized derivative financial instruments for trading purposes. We do not believe that fluctuations in interest rates had a material effect on our business, financial condition or results of operations during the years ended December 31, 2020, 2019 or 2018.

Inflation generally affects us by increasing our cost of labor. Bally's does not believe that inflation had a material effect on our business, financial condition or results of operations during the years ended December 31, 2020, 2019 or 2018.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the shareholders and the Board of Directors of
Bally's Corporation

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of Bally's Corporation and subsidiaries (the "Company") as of December 31, 2020 and 2019, and the related consolidated statements of operations and comprehensive (loss) income, statement of changes in shareholders' equity, and cash flows, for each of the three years in the period ended December 31, 2020 and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2020 and 2019, and the results of its operations and its cash flows for each of the three years in the period ended December 31, 2020 in conformity with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As discussed in Note 3 to the consolidated financial statements, effective January 1, 2019, the Company adopted FASB Accounting Standards Update 2016-02, Leases, using the modified retrospective approach.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audits. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits, we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Critical Audit Matters

The critical audit matters communicated below are matters arising from the current-period audit of the financial statements that were communicated or required to be communicated to the audit committee and that (1) relate to accounts or disclosures that are material to the financial statements and (2) involved especially challenging, subjective, or complex judgments. The communication of critical audit matters does not alter in any way our opinion on the financial statements, taken as a whole, and we are not, by communicating the critical audit matters below, providing separate opinions on the critical audit matters or on the accounts or disclosures to which they relate.

Goodwill — All Reporting Units — Refer to Notes 2 and 7 to the financial statements

Critical Audit Matter Description

The Company's evaluation of goodwill for impairment involves the comparison of the fair value of each reporting unit to its carrying value. As of December 31, 2020, the carrying value of the Goodwill is \$187.0 million. During the year, the Company impaired \$5.4 million of Goodwill associated with the Black Hawk Reporting Unit.

The determination of the fair values requires management to make significant estimates using both the market approach, applying a multiple of earnings based on guidelines for publicly traded companies, and the income approach, discounting projected future cash flows based on management's expectations of the current and future operating environment for each reporting unit. The determination of fair value under the discounted cash flows method involves the use of significant estimates and assumptions, including the weighted average cost of capital, future revenue, profitability and cash flows. Changes in these assumptions could have a significant impact on either a reporting unit's fair value, the amount of any goodwill impairment charge, or both.

Given the significant judgments made by management to estimate the fair value of each reporting unit's goodwill and the difference between its fair value and carry value, performing audit procedures to evaluate the reasonableness of management's estimates and assumptions related to the weighted average cost of capital, future revenue, profitability, cash flows and selection of guideline public companies and related valuation multiples, required a high degree of auditor judgment and increased extent of effort, including the need to involve our fair value specialist.

How the Critical Audit Matter Was Addressed in the Audit

Our audit procedures related to the weighted average cost of capital, future revenue, profitability, cash flows, and selection of guideline public companies and related valuation multiples, used by management to estimate the fair value of goodwill included the following, among others:

- We evaluated management's ability to accurately project future revenues, profitability, and cash flows by comparing actual results to management's historical projections.
- We evaluated the reasonableness of management's projections of future revenues, profitability and cash flows by:
 - Comparing management's projections with:
 - Historical revenues, profitability and cash flows
 - Internal communications to management and the Board of Directors
 - Projected information included in Company press releases, as well as analyst and industry reports of the Company and selected companies in its peer group
 - Evaluated the impact of changes in the regulatory environment on management's projections
 - Evaluated the projected revenue mix based on the historical total revenue mix and the Company's strategic plans

Acquisitions – Black Hawk Casinos, Casino KC and Casino Vicksburg, Bally’s Atlantic City & Eldorado Resort Casino Shreveport – Acquired Intangible Assets — Refer to Note 2 and Note 5 to the financial statements

Critical Audit Matter Description

The Company completed the acquisitions of the Black Hawk Casinos, Casino KC and Casino Vicksburg, Bally’s Atlantic City, and Eldorado Resort Casino Shreveport, through asset purchase agreements during the year. The Company accounted for each of these acquisitions using the acquisition method of accounting, which requires the assets acquired and liabilities assumed be recorded at the date of acquisition at their respective fair values. In determining the estimated fair value for acquired intangible assets, such as, trademarks, rated player relationships, gaming licenses, and other contracts, management utilized an income approach, which discounts the projected future net cash flow using a discount rate that reflects the risks associated with the projected future cash flows.

Given the fair value determination of these intangibles requires management to make significant estimates and assumptions related to projected future net cash flows and the selection of the discount rate, performing audit procedures to evaluate the reasonableness of these assumptions required a high degree of auditor judgment and an increased extent of effort, including the need to involve our fair value specialists.

How the Critical Audit Matter Was Addressed in the Audit

Our audit procedures related to the projected future net cash flows and the selection of the discount rate for the acquired intangible assets included the following, among others:

- We assessed the reasonableness of management’s projected future net cash flows by comparing the projections to historical results and certain peer companies.
- With the assistance of our fair value specialists, we evaluated the reasonableness of the (1) valuation methodology and (2) discount rate by:
 - Testing the source information underlying the determination of the discount rate and testing the mathematical accuracy of the calculation
 - Developing a range of independent estimates and comparing those to the discount rate selected by management.
- We evaluated whether the estimated projected future net cash flows were consistent with evidence obtained in other areas of the audit.

Sinclair Agreement – Refer to Note 9 to the financial statements

Critical Audit Matter Description

The Company entered into a long-term strategic relationship with Sinclair Broadcast Group, whereby the Company will receive naming rights to the regional sports networks and certain integrations to network programming in exchange for annual fees paid in cash, the issuance of warrants and options, and an agreement to share in certain tax benefits resulting from the transaction with Sinclair.

We identified the accounting for the Sinclair agreement as a critical audit matter due to the complexity involved and the management judgment necessary to determine the appropriate accounting treatment for the various aspects of the agreement. This required a high degree of auditor judgment and an increased extent of effort, including the need to involve professionals having expertise in business combinations, financial instruments and income taxes, when performing audit procedures to evaluate management's judgments and conclusions.

How the Critical Audit Matter Was Addressed in the Audit

Our audit procedures related to management's application GAAP to the Sinclair agreement included the following, among others:

- We read and analyzed the asset purchase agreement to evaluate the accounting treatment for the naming rights, warrants, options and agreement to share in certain tax benefits.
- With the assistance of professionals having expertise in business combinations, financial instruments and income tax accounting, we evaluated management's conclusions.

The Company expects to invest approximately \$90 million in the Bally's Atlantic City property over a span of five years to refurbish and upgrade its facilities and expand its amenities.

Eldorado Resort Casino Shreveport is located in Shreveport, Louisiana, and is situated right on the banks of the Red River. As of December 31, 2020, this premier property consists of 49,916 square feet of casino space, 1,382 slots, 46 table games and eight poker tables, four dining venues and two bars, 403 hotel rooms, and 6,000 square feet of convention space.

("Sinclair") entered into a Framework Agreement (the "Sinclair Agreement"), which provides for a long-term strategic relationship between the Company and Sinclair combining Bally's integrated, proprietary sports betting technology with Sinclair's portfolio of local broadcast stations and live regional sports networks and its Tennis Channel, Stadium sports network and STIRR streaming service. At closing, the Company will pay the shareholders of Bet.Works \$62.5 million in cash and 2,528,194 Company common shares, subject in each case to customary adjustments. Refer to Note 5 "Acquisitions" for further information.

Centre County, Pennsylvania

On December 31, 2020, the Company signed a framework agreement with an established developer to jointly design, develop, construct and manage a Category 4 licensed casino in Centre County, Pennsylvania. Construction of the casino is expected to begin the first half of 2021 and will take approximately one year to complete. Subject to receipt of all applicable regulatory approvals, it will house up to 750 slot machines and 30 table games. The casino will also provide, subject to receipt of separate licenses and certificates, retail sports betting, online sports betting and online gaming. The Company estimates the total cost of the project, including construction, licensing and sports betting/iGaming operations, to be approximately \$120 million. Bally's will acquire a majority equity interest in the partnership, including 100% of the economic interests of all retail sports betting, online sports betting and iGaming activities associated with the project.

COVID-19 Pandemic

The novel coronavirus ("COVID-19") pandemic has caused significant disruption to the US and global economy as well as financial markets around the world and has impacted, and is likely to continue to impact, the Company's business in a material manner. As of March 16, 2020 all of the Company's properties at the time were temporarily closed as a result of the COVID-19 pandemic and as of March 17, 2020, all of the properties the Company had entered into agreements to acquire were also temporarily closed. As of June 17, 2020, all of the Company's properties, including the subsequently acquired Casino KC and Casino Vicksburg had reopened operated in some capacity for the remainder of the year, with the exception of Twin River Casino Hotel and Tiverton Casino Hotel which closed again from November 29 through December 20, 2020. The following is an update of re-openings and current operations by property.

- *Twin River Casino Hotel and Tiverton Casino Hotel* - The Rhode Island properties pre-opened on June 8, 2020 with very limited invitation-only guests allowed. Beginning June 30, 2020, the Company was able to open to the general public, at approximately 65% capacity, with half of VLTs and a limited number of table games (with a three-player limit). The properties were closed again from November 29 through December 20, 2020 due to a state mandated pause to slow the spread of COVID-19. Currently, the properties are open to the general public and are operating at 65% capacity with about half of VLTs and all table games (with a three-player limit) available. The hotels at the Rhode Island properties remain closed.
- *Hard Rock Biloxi* - The Biloxi property re-opened to the general public on May 21, 2021 at 50% capacity with 41% of VLTs, all table games (with a three-player limit) available and 75% of the hotel rooms available to guests. Currently, Hard Rock Biloxi is operating at 50% capacity with over 63% of VLTs and all table games (with a three-player limit) available, and the hotel is currently operating with all rooms available to guests.
- *Dover Downs Casino Hotel* - The Delaware property re-opened on June 1, 2020 at 30% capacity with 45% of VLTs. Table games (with a two-player limit) became available to guests on June 17, 2020 and the hotel, at 60% room capacity, became available on June 18, 2020. Currently, the property is operating at approximately 60% capacity with 52% of VLTs and 89% of table games (with a four-player limit) available, and all hotel rooms available to guests.
- *Casino KC* - Casino KC re-opened on June 1, 2020 at 50% capacity with 70% of VLTs and 30% of table games (with a three-player limit) available. Casino KC is currently operating at 50% capacity with all VLTs and table games (with a three-player limit) available.
- *Casino Vicksburg* - Casino Vicksburg re-opened on May 21, 2020 at 50% capacity with 48% of VLTs and 50% of hotel rooms available to guests. Currently, Casino Vicksburg is still operating at 50% capacity; however, 70% of VLTs are available and all table games (with a three-player limit) are available, and the hotel is currently operating with all rooms available to guests.
- *Black Hawk Casinos* - The Black Hawk Casinos re-opened on June 17, 2020 at 50% capacity with 55% of VLTs available to guests. Currently, the property is still operating at 50% capacity; however, 83% of VLTs are now available to guests. As of November 11, 2020, the table games remain closed.
- *Bally's Atlantic City* - Bally's Atlantic City is operating at 25% capacity with 58% of VLTs and all table games (with a four-player limit) available, and the hotel is currently operating with all rooms available to guests.
- *Shreveport* - Shreveport is operating at 50% capacity with 56% of VLTs and about half of table games (with a four-player limit) available, and the hotel is currently operating with all rooms available to guests.

The Company remains committed to compliance with all state and local operating restrictions as well as and meeting or exceeding all guidelines established by the Centers for Disease Control and Prevention. The Company has implemented property-specific comprehensive health and safety protocols for each of its properties, developed in close consultation with applicable state regulators and public health officials in local jurisdictions. The Company's operations are expected to continue to be negatively impacted by the COVID-19 pandemic and that impact could be material.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The accompanying consolidated financial statements of the Company include the accounts of the Company and its wholly owned subsidiary TRMG and its subsidiaries. All significant intercompany transactions and balances have been eliminated in the consolidation. Certain prior year amounts have been reclassified to conform to the current year's presentation.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States ("U.S. GAAP") requires management to make estimates and judgments that affect the reported amounts of assets and liabilities and revenues and expenses and related disclosures of contingent assets and liabilities. On an ongoing basis, the Company evaluates its estimates and judgments including those related to contingent value rights, the allowance for doubtful accounts, valuation of goodwill and intangible assets, recoverability and useful lives of tangible and intangible long-lived assets, accruals for players club card incentives and for potential liabilities related to any lawsuits or claims brought against the Company, fair value of financial instruments, stock compensation and valuation allowances for deferred tax assets. The Company bases its estimates and judgments on historical experience and other relevant factors impacting the carrying value of assets and liabilities. Actual results may differ from these estimates.

Cash and Cash Equivalents and Restricted Cash

The Company considers all cash balances and highly liquid investments with an original maturity of three months or less to be cash equivalents.

As of December 31, 2020 and 2019, restricted cash of \$3.1 million and \$2.9 million, respectively, was comprised of VLT and table games cash payable to the State of Rhode Island and certain cash accounts at Dover Downs and Mile High USA, which is unavailable for the Company's use. The following table reconciles cash and restricted cash in the consolidated balance sheets to the total shown on the consolidated statements of cash flows.

<i>(in thousands)</i>	December 31,		
	2020	2019	2018
Cash and cash equivalents	\$ 123,445	\$ 182,581	\$ 77,580
Restricted cash	3,110	2,921	3,851
Total cash and cash equivalents and restricted cash	\$ 126,555	\$ 185,502	\$ 81,431

Concentrations of Credit Risk

The Company's financial instruments which potentially expose the Company to concentrations of credit risk consisted of cash and cash equivalents and trade receivables. The Company maintains cash with financial institutions in excess of federally insured limits, however, management believes the credit risk is mitigated by the quality of the institutions holding such deposits. For the years ended December 31, 2020, 2019 and 2018, gaming revenue from the State of Rhode Island accounted for 30%, 46% and 56% of total revenues, respectively. Based on the Master Video Lottery Terminal Contract (the "Contract") with the State of Rhode Island and historical experience, the Company's management believes any credit risk related to amounts owed to the Company by the State of Rhode Island to be minimal.

⁽¹⁾ Represents the Company's share of VLT and table games revenue for Twin River Casino Hotel and Tiverton Casino Hotel from the State of Rhode Island and receivables from the State of Delaware for Dover Downs' share of VLT and table games revenue.

An allowance for doubtful accounts is determined to reduce the Company's receivables to their carrying value, which approximates fair value. The allowance is estimated based on historical collection experience, current economic and business conditions and forecasts that affect the collectability, review of individual customer accounts, and any other known information. Historically, the Company has not incurred any significant credit-related losses. The activity for the allowance for doubtful accounts is as follows:

Inventory

Inventory is stated at the lower of cost or net realizable value on a first-in, first-out basis and consists primarily of food, beverage, promotional items and other supplies.

Property and Equipment

The Company applied "fresh start accounting" upon emergence from Chapter 11 reorganization, in accordance with the guidance of Accounting Standards Codification ("ASC") 805, *Business Combinations* and ASC 852, *Reorganizations*. As a result of "fresh start accounting", the Company adjusted property and equipment to reflect its fair value on November 5, 2010 (the "Emergence Date"). Additions subsequent to that date have been recorded at cost.

Property and equipment obtained in connection with acquisitions is valued at its estimated fair value as of the date of acquisition. Additions subsequent to the acquisition date are recorded at cost.

Property and equipment are depreciated over the estimated useful lives of the assets using the straight-line method. Expenditures for renewals and betterments that extend the life or value of an asset are capitalized and expenditures for repairs and maintenance are charged to expense as incurred. The costs and related accumulated depreciation applicable to assets sold or disposed are removed from the balance sheet accounts and the resulting gains or losses are reflected in the consolidated statements of operations.

BALLY'S CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Development costs directly associated with the acquisition, development and construction of a project are capitalized as a cost of the project during the periods in which activities necessary to prepare the property for its intended use are in progress. Interest costs associated with major construction projects are capitalized as part of the cost of the constructed assets. When no debt is incurred specifically for a project, interest is capitalized on amounts expended for the project using the weighted-average cost of borrowing. Capitalization of interest ceases when the project (or discernible portions of the project) is substantially complete. If substantially all of the construction activities of a project are suspended, capitalization of interest will cease until such activities are resumed. During the years ended December 31, 2020 and 2019, there was no capitalized interest.

As of December 31, 2020 and 2019, property and equipment was comprised of the following:

	Estimated Useful Life (in years)	December 31,	
		2020	2019
Land		\$ 78,506	\$ 35,146
Land improvements	3-40	29,965	24,372
Building and improvements	3-40	635,145	458,111
Equipment	3-10	125,667	104,245
Furniture and fixtures	3-10	30,277	22,764
Construction in process		8,799	1,806
Total property, plant and equipment		908,359	646,444
Less: Accumulated depreciation		(159,330)	(136,008)
Property and equipment, net		<u>\$ 749,029</u>	<u>\$ 510,436</u>

Construction in process relates to costs capitalized in conjunction with major improvements that have not yet been placed in service, and accordingly are not currently being depreciated. The construction in process balance at December 31, 2020 included costs associated with various capital projects in process, primarily at Hard Rock Biloxi and Dover Downs.

Depreciation expense relating to property and equipment was \$33.0 million, \$26.5 million and \$16.9 million for the years ended December 31, 2020, 2019 and 2018, respectively.

Leases

The Company determines if a contract is or contains a lease at the contract inception date or the date in which a modification of an existing contract occurs. A contract is or contains a lease if the contract conveys the right to control the use of an identified asset for a period in exchange for consideration. Control over the use of the identified asset means the lessee has both (i) the right to obtain substantially all of the economic benefits from the use of the identified asset throughout the period of use, and (ii) the right to direct the use of the identified asset.

Upon adoption of ASC 842, *Leases*, the Company elected to account for lease and non-lease components as a single component for all classes of underlying assets. Additionally, the Company elected to not recognize short-term leases (defined as leases that are less than 12 months and do not contain purchase options) within the consolidated balance sheets.

The Company recognizes a lease liability for the present value of lease payments at the lease commencement date using its incremental borrowing rate commensurate with the lease term based on information available at the commencement date, unless the rate implicit in the lease is readily determinable.

Certain of the Company's leases include renewal options and escalation clauses; renewal options are included in the calculation of the lease liabilities and right of use assets when the Company determines it is reasonably certain to exercise the options. Variable expenses generally represent the Company's share of the landlord's operating expenses and CPI increases. The Company does not have any leases classified as financing leases. Rent expense associated with the Company's long and short term leases and their associated variable expenses are reported in total operating costs and expenses within the consolidated statements of operations.

BALLY'S CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Goodwill

Goodwill represents the excess of reorganization value over the fair market value of Twin River Casino Hotel net assets on the Emergence Date and the excess of the purchase prices over the fair values of tangible and identifiable assets acquired and liabilities assumed for all other reporting units. Goodwill is not amortized, but is reviewed for impairment annually, or when events or changes in the business environment indicate that the carrying value of the reporting unit may exceed its fair value, by comparing the fair value of each reporting unit to its carrying value, including goodwill.

When assessing goodwill for impairment, first, qualitative factors are assessed to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying value. Items that are considered in the qualitative assessment include, but are not limited to, the following: macroeconomic conditions, industry and market conditions and overall financial performance. If the results of the qualitative assessment are not conclusive, or if the Company elects to bypass the qualitative assessment, a quantitative goodwill test is performed. The quantitative goodwill test compares the estimated fair value of each reporting unit with its estimated net book value (including goodwill and identifiable intangible assets). If the reporting unit's estimated fair value exceeds its estimated net book value, goodwill is not impaired. An impairment is recognized if the estimated fair value of a reporting unit is less than its estimated net book value, in an amount not to exceed the carrying value of the reporting unit's goodwill. Refer to Note 7 "Goodwill and Intangible Assets" for further information.

Intangible Assets

As a result of "fresh start accounting", the Company adjusted Twin River Casino Hotel's intangible assets to reflect their fair values on the Emergence Date. Intangible assets consist of a Rhode Island VLT license, the Contract with the Division of Lotteries for the State of Rhode Island and the State of Rhode Island Department of Transportation, as amended, the Twin River trade name and the Twin River Casino Hotel rated player relationships. The Rhode Island VLT license has an indefinite life and therefore is not being amortized. The Contract for the VLTs, the Twin River Casino Hotel rated player relationships and the Twin River trade name are being amortized using the straight-line method based on their estimated useful lives from the Emergence Date.

The Company's other intangible assets primarily consist of gaming licenses, trademarks, rated player relationships, and hotel and conference pre-bookings, which have all been obtained through acquisition, as well as a Naming rights intangible asset obtained through the Sinclair Agreement.

The Company considers its gaming licenses, VLT licenses and the Bally's trade name to be indefinite lived based on future expectations of operating its gaming properties indefinitely and continuing to brand its corporate name and certain properties under the Bally's trade name indefinitely. Intangible assets not subject to amortization are reviewed for impairment annually as of October 1 and between annual test dates whenever events or changes in circumstances may indicate that the carrying amount of the related asset may not be recoverable.

The Company establishes a useful life upon initial recognition of its finite-lived intangible assets based on the period over which the asset is expected to contribute to the future cash flows of the Company and periodically evaluates the remaining useful lives to determine whether events and circumstances warrant a revision to the remaining amortization period. Finite-lived intangible assets are amortized over their remaining useful lives on a straight-line basis.

Refer to Note 7 "Goodwill and Intangible Assets" for further information.

Long-lived Assets

The Company reviews its long-lived assets, other than goodwill and intangible assets not subject to amortization, for indicators of impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. If an asset is still under development, the analysis includes the remaining construction costs. Cash flows expected to be generated by the related assets are estimated over the assets' useful lives based on updated projections. If the evaluation indicates that the carrying amount of an asset may not be recoverable, the potential impairment is measured based on a fair value discounted cash flow model.

Debt Issuance Costs and Debt Discounts

Debt issuance costs and debt discounts incurred by the Company in connection with obtaining and amending financing have been included as a component of the carrying amount of debt in the consolidated balance sheets.

BALLY'S CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Debt issuance costs and debt discounts are amortized over the contractual term of the debt to interest expense. Debt issuance costs of the revolving credit facility are amortized on a straight-line basis, while all other debt issuance costs and debt discounts are amortized using the effective interest method. Amortization of debt issuance costs and debt discounts included in interest expense was \$4.6 million, \$2.7 million and \$3.3 million for the years ended December 31, 2020, 2019 and 2018, respectively.

Self-Insurance Reserves

The Company is self-insured for employee medical insurance coverage up to an individual stop loss of \$100,000 in 2020, 2019 and 2018. Self-insurance liabilities are estimated based on the Company's claims experience using actuarial methods to estimate the future cost of claims and related expenses that have been reported but not settled, and that have been incurred but not yet reported. The self-insurance liabilities are included in "Accrued liabilities" in the consolidated balance sheets. Such amounts were \$3.3 million and \$1.3 million as of December 31, 2020 and 2019, respectively.

Share-Based Compensation

The Company accounts for its share-based compensation in accordance with ASC 718, *Compensation - Stock Compensation* ("ASC 718"). The Company has two share-based employee compensation plans, which are described more fully in Note 13 "Equity Plans". Share-based compensation consists of stock options, time-based restricted stock units ("RSUs"), restricted stock awards ("RSAs"), and performance-based restricted stock units ("PSUs"). The grant date closing price per share of the Company's stock is used to estimate the fair value of RSUs and RSAs. Stock options are granted at exercise prices equal to the fair market value of the Company's stock at the dates of grant. The Company recognizes share-based compensation expense on a straight-line basis over the requisite service period of the individual grants. The Company's Chief Executive Officer and certain of its other executive officers or members of senior management have been granted PSUs which vest, when and if earned, in accordance with the terms of the related PSU award agreements. The Company recognizes share-based compensation expense based on the target number of shares of common stock that may be earned pursuant to the award and the Company's stock price on the date of grant and subsequently adjusts expense based on actual and forecasted performance compared to planned targets. Forfeitures are recognized as reductions to share-based compensation when they occur.

In the second quarter of 2019, the Company changed its accounting principle for reporting share-based compensation expense in the consolidated statements of operations. The new principle is to record compensation expense for share-based compensation awards which contain only a service condition, i.e. time-based awards, using the straight-line method of accounting recognizing compensation expense over the requisite service period and treating all tranches as one award. The Company previously recorded share-based compensation expense for awards with graded vesting over the requisite service period on an accelerated basis, as if each tranche were a separate award. The straight-line method of accounting was adopted to better align the Company's recognition of share-based compensation expense with its peers and to expense RSUs in a consistent manner that is representative of the requisite service period. This change in accounting principle was retrospectively applied, but had an immaterial effect on the consolidated balance sheets, consolidated statements of operations, consolidated statements of stockholders' equity, and consolidated statements of cash flows. As a result of this change in accounting principle, share-based compensation expense was reduced by \$0.5 million for the year ended December 31, 2019. Net income for the year ended December 31, 2019 increased by approximately \$0.4 million, or \$0.01 per diluted share.

Warrant/Option Liabilities

The Company accounts for the warrants and options issued to Sinclair under the Sinclair Agreement in accordance with ASC 815-40, *Contracts in an Entity's Own Equity*. The Penny Warrants are classified in equity because they are indexed to the Company's own stock and meet all conditions for equity classification. The Performance Warrants and Options were classified as liabilities as of December 31, 2020 because they could have been required to be settled in cash, outside the Company's control, prior to formal stockholder approval. The warrants and options were initially recorded at their fair values on the date of issuance, and the Performance Warrants and Options are marked to market each reporting period, with changes in fair value recorded in "Other income (expense)" in the consolidated statement of operations. Refer to Note 9 "Sinclair Agreement" for further information.

BALLY'S CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Sequencing Policy

Under ASC 815-40-35, the Company has adopted a sequencing policy to determine equity or asset/liability classification for contracts involving the Company's own equity that require cash settlement if sufficient shares are not available to settle the contracts in equity. Under this policy, the Company has elected to allocate available shares to contracts based on the order in which they become exercisable.

Revenue

The Company accounts for revenue earned from contracts with customers under ASU No. 2014-09, *Revenue from Contracts with Customers* ("ASC 606"). The Company generates revenue from five principal sources: gaming services, hotel, racing, food and beverage and other. Refer to Note 4 "Revenue Recognition" for further information.

Gaming Expenses

Gaming expenses include, among other things, payroll costs and expenses associated with the operation of VLTs, slots and table games, including gaming taxes payable to jurisdictions in which the Company operates outside of Rhode Island and Delaware.

Racing Expenses

Racing expenses include payroll costs, OTB commissions and other expenses associated with the operation of live racing and simulcasting.

Advertising Expense

The Company expenses advertising costs as incurred. For the years ended December 31, 2020, 2019 and 2018, advertising expense was \$4.5 million, \$7.6 million and \$5.9 million, respectively.

Expansion and Pre-opening Expenses

Expansion and pre-opening expenses are charged to expense as incurred. The Company defines pre-opening expenses as costs incurred before the property commences commercial operations and defines expansion expenses as costs incurred in connection with the opening of a new facility or significant expansion of an existing property. Costs classified as expansion and pre-opening costs consist primarily of marketing, master planning, conceptual design fees and legal and professional fees that are not eligible for capitalization. Expansion and pre-opening costs for the years ended December 31, 2020 and 2018 were \$0.9 million and \$2.7 million, respectively. There were no expansion and pre-opening costs for the year ended December 31, 2019.

Storm Related Losses, Net of Insurance Recoveries

Storm related losses, net of insurance recoveries, relate to costs incurred resulting from storms impacting the Company's properties, net of insurance recovery proceeds. During the year ended December 31, 2020, the Company recorded storm related losses, net of insurance recoveries of \$14.1 million primarily attributable to the effects of Hurricane Zeta which made landfall in Louisiana shutting down the Company's Hard Rock Biloxi property for three days during the fourth quarter of 2020. During the year ended December 31, 2019, the Company recorded a gain on insurance recoveries of \$1.2 million for proceeds received on a damaged roof at the Company's Arapahoe Park racetrack in Aurora, Colorado.

Interest Expense

Interest expense is comprised of interest costs for the Company's debt, amortization of deferred financing fees and original issue discount, net of amounts capitalized for construction projects. Interest expense recorded in the consolidated statements of operations totaled \$63.2 million, \$39.8 million and \$23.0 million for the years ended December 31, 2020, 2019 and 2018, respectively. The increase in interest expense for the year ended December 31, 2020 compared to 2019 is primarily due to increased borrowings and higher interest rates year-over-year.

BALLY'S CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Income Taxes

The Company prepares its income tax provision in accordance with ASC 740, *Income Taxes*. Under the asset and liability method, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases and operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that the rate change is enacted. A valuation allowance is required when it is "more likely than not" that all or a portion of the deferred taxes will not be realized. The consolidated financial statements reflect expected future tax consequences of uncertain tax positions presuming the taxing authorities' full knowledge of the position and all relevant facts.

Comprehensive (Loss) Income

Comprehensive (loss) income includes changes in equity that result from transactions and economic events from non-owner sources. Comprehensive (loss) income consists of net (loss) income and changes in defined benefit pension plan, net of tax.

Earnings (Loss) Per Share

Basic (loss) earnings per common share is calculated in accordance with ASC 260, Earnings Per Share, which requires entities that have issued securities other than common stock that participate in dividends with common stock ("participating securities") to apply the two-class method to compute basic (loss) earnings per common share. The two-class method is an earnings allocation method under which basic (loss) earnings per common share is calculated for each class of common stock and participating security as if all such earnings had been distributed during the period. To calculate basic (loss) earnings per share, the earnings allocated to common shares is divided by the weighted average number of common shares outstanding, contingently issuable warrants, and RSUs, RSAs, and PSUs for which no future service is required as a condition to the delivery of the underlying common stock (collectively, basic shares).

Diluted earnings per share includes the determinants of basic earnings per share and, in addition, reflects the dilutive effect of the common stock deliverable for stock options, using the treasury stock method, and for RSUs, RSAs and PSUs for which future service is required as a condition to the delivery of the underlying common stock.

On November 18, 2020, the Company issued penny warrants, performance-based warrants, and options which participate in dividends with the Company's common stock subject to certain contingencies. In the period in which the contingencies are met, those instruments are participating securities to which income will be allocated using the two-class method. The warrants and options do not participate in net losses. The penny warrants were considered exercisable for little to no consideration and are therefore, included in basic shares outstanding at their issuance date. For the year ended December 31, 2020, the Company reported a net loss, and as a result, all of the shares underlying the performance warrants and options were anti-dilutive. Refer to Note 9 "Sinclair Agreement" for further information.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Treasury Stock

The Company records the repurchase of shares of common stock at cost based on the settlement date of the transaction. These shares are classified as treasury stock, which is a reduction to stockholders' equity. Treasury stock is included in authorized and issued shares but excluded from outstanding shares.

Business Combinations

The Company accounts for its acquisitions in accordance with ASC 805, *Business Combinations*. The Company initially allocates the purchase price of an acquisition to the assets acquired and liabilities assumed based on their estimated fair values, with any excess of consideration transferred recorded as goodwill. If the estimated fair value of net assets acquired and liabilities assumed exceeds the purchase price, the Company records a gain on bargain purchase in earnings in the period of acquisition. The results of operations of acquisitions are included in the consolidated financial statements from their respective dates of acquisition. Costs incurred to complete the business combination such as investment banking, legal and other professional fees are not considered part of consideration and are charged to acquisition, integration and restructuring expense as they are incurred. Refer to Note 5 "Acquisitions" and Note 10 "Acquisition, Integration and Restructuring Expense" for further information.

Segments

Operating segments are identified as components of an enterprise about which separate discrete financial information is available for evaluation by the chief operating decision-maker in making decisions regarding resource allocation and assessing performance. Certain operating segments are aggregated into reportable segments. Refer to Note 18 "Segment Reporting" for further information.

Statement of Cash Flows

The Company has presented the consolidated statements of cash flows using the indirect method, which involves the reconciliation of net income to net cash flow from operating activities.

Fair Value Measurements

Fair value is determined using the principles of ASC 820, *Fair Value Measurement*. Fair value is described as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy prioritizes and defines the inputs to valuation techniques as follows:

- Level 1: Observable quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2: Inputs are observable for the asset or liability either directly or through corroboration with observable market data.
- Level 3: Unobservable inputs.

The Company's cash and cash equivalents, restricted cash, accounts receivable, accounts payable and accrued liabilities are carried at cost, which approximates fair value due to the short-term nature of these instruments. The carrying value of the Company's term loans and revolving credit facilities, including the current portion, approximate fair value as the terms and conditions of these loans are consistent with comparable market debt issuances. These measurements fall with Level 3 of the fair value hierarchy.

The inputs used to measure the fair value of an asset or a liability are categorized within levels of the fair value hierarchy. The fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the measurement. There were no transfers made among the three levels in the fair value hierarchy for the years ended December 31, 2020 and 2019.

3. RECENTLY ISSUED AND ADOPTED ACCOUNTING PRONOUNCEMENTS

Recently Issued Accounting Pronouncements

Standards implemented

In February 2016, the FASB issued Accounting Standards Update ("ASU") 2016-02, *Leases (Topic 842)* in order to increase transparency and comparability among organizations by, among other provisions, recognizing lease assets and lease liabilities on the balance sheet for those leases classified as operating leases under previous United States Generally Accepted Accounting Principles ("US GAAP"). For public companies, ASU 2016-02 was effective for fiscal years beginning after December 15, 2018 (including interim periods within those periods, which for the Company was the first quarter of 2019) using a modified retrospective approach and early adoption is permitted. In transition, entities may also elect a package of practical expedients that must be applied in its entirety to all leases commencing before the adoption date, unless the lease is modified, and permits entities to not reassess (a) the existence of a lease, (b) lease classification or (c) determination of initial direct costs, as of the adoption date, which effectively allows entities to carry-forward accounting conclusions under previous US GAAP. In July 2018, the FASB issued ASU 2018-11, *Leases (Topic 842): Targeted Improvements*, which provides entities an optional transition method to apply the guidance under ASC 842 as of the adoption date, rather than as of the earliest period presented. The Company adopted ASC 842 on January 1, 2019, using the optional transition method to apply the new guidance as of January 1, 2019, rather than as of the earliest period presented, and elected the entire package of practical expedients described above. Based on the analysis, on January 1, 2019, the Company recorded right of use assets and a corresponding lease liability of approximately \$18.8 million. There was no impact to opening retained earnings.

In August 2017, the FASB issued ASU 2017-12, *Derivatives and Hedging (Topic 815): Targeted Improvements to Accounting for Hedging Activities*, which changes the recognition and presentation requirements of hedge accounting, including eliminating the requirement to separately measure and report hedge ineffectiveness and presenting all items that affect earnings in the same income statement line item as the hedged item. The ASU also provides new alternatives for applying hedge accounting to additional hedging strategies, measuring the hedged item in fair value hedges of interest rate risk, reducing the cost and complexity of applying hedge accounting by easing the requirements for effectiveness testing, hedge documentation and application of the critical terms match method and reducing the risk of a material error correction if a company applies the shortcut method inappropriately. This ASU is effective for public companies in fiscal years beginning after December 15, 2018, which for the Company was the first quarter of 2019. The Company adopted this ASU in the first quarter of 2019, with no impact to its consolidated financial statements.

In June 2016, the FASB issued ASU No. 2016-13, *Financial Instruments—Credit Losses (Topic 326)—Measurement of Credit Losses on Financial Instruments* ("ASC 326"). This standard amends several aspects of the measurement of credit losses on financial instruments, including trade receivables. The standard replaces the existing incurred credit loss model with the Current Expected Credit Losses ("CECL") model and amends certain aspects of accounting for purchased financial assets with deterioration in credit quality since origination. Under CECL, the allowance for losses for financial assets that are measured at amortized cost reflects management's estimate of credit losses over the remaining expected life of the financial assets, based on historical experience, current conditions and forecasts that affect the collectability of the reported amount. In November 2018, the FASB issued ASU No. 2018-19, *Codification Improvements to Topic 326, Financial Instruments—Credit Losses*, to clarify that receivables arising from operating leases are not within the scope of ASC 326 and should instead, be accounted for in accordance with ASC 842, *Leases*. The standard is effective for annual and interim periods beginning after December 15, 2019. Adoption is through a cumulative-effect adjustment to retained earnings as of the beginning of the first reporting period in which the guidance is effective (a modified-retrospective approach). The Company adopted this ASU in the first quarter of 2020 and recorded a \$58,000 negative adjustment to retained earnings as of January 1, 2020.

In August 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820)—Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement*, which makes a number of changes meant to add, modify or remove certain disclosure requirements associated with the movement amongst or hierarchy associated with Level 1, Level 2 and Level 3 fair value measurements. This guidance is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2019. The Company adopted this ASU in the first quarter of 2020, with no impact to its consolidated financial statements.

Standards to be implemented

In August 2018, the FASB issued ASU No. 2018-14, *Compensation-Retirement Benefits-Defined Benefit Plans-General*. This amendment improves disclosures over defined benefit plans and is effective for interim and annual periods ending after December 15, 2020, with early adoption allowed. The Company anticipates adopting this amendment during the first quarter of 2021 and does not expect it to have a significant impact on the consolidated financial statements.

In December 2019, the FASB issued ASU No. 2019-12, *Income Taxes (Topic 740) - Simplifying the Accounting for Income Taxes*. This amendment serves to simplify the accounting for income taxes by removing certain exceptions to the general principles in ASC Topic 740, *Income Taxes*. The amendment also improves the consistent application of ASC Topic 740 by clarifying and amending existing guidance. This amendment is effective for fiscal years, and interim periods within those years, beginning after December 15, 2020, with early adoption permitted for periods for which financial statements have not yet been issued. The Company is currently in the process of evaluating the impact of the future adoption of this amendment on its consolidated financial statements.

In August 2020, the FASB issued ASU No. 2020-06, Debt-Debt with Conversion and Other Options (Subtopic 470-20) and Derivatives and Hedging-Contracts in Entity's Own Equity (Subtopic 815-40). ASU 2020-06 simplifies accounting for convertible instruments by removing major separation models required under current GAAP. Consequently, more convertible debt instruments will be reported as a single liability instrument with no separate accounting for embedded conversion features. ASU 2020-06 removes certain settlement conditions that are required for equity contracts to qualify for the derivatives scope exception, which will permit more equity contracts to qualify for it. ASU 2020-06 also simplifies the diluted net income per share calculation in certain areas. The amendments in ASU 2020-06 are effective for fiscal years beginning after December 15, 2021 and interim periods within those fiscal years, with early adoption permitted. The Company is currently in the process of evaluating the impact of this amendment on its consolidated financial statements.

4. REVENUE RECOGNITION

The Company accounts for revenue earned from contracts with customers under ASU No. 2014-09, *Revenue from Contracts with Customers* ("ASC 606"). The Company generates revenue from five principal sources: gaming services, hotel, racing, food and beverage and other.

Gaming revenue includes the share of VLT revenue for Twin River Casino Hotel and Tiverton Casino Hotel, in each case, as determined by each property's respective VLT contracts with the State of Rhode Island. Twin River Casino Hotel is entitled to a 28.85% share of VLT revenue on the initial 3,002 units and a 26.00% share on VLT revenue generated from units in excess of 3,002 units. Tiverton Casino Hotel is, and Newport Grand was, entitled to receive a percentage of VLT revenue that is equivalent to the percentage received by Twin River Casino Hotel. Gaming revenue also includes Twin River Casino Hotel's and Tiverton Casino Hotel's share of table games revenue. Twin River Casino Hotel and Tiverton Casino Hotel each were entitled to an 83.5% share of table games revenue generated as of December 31, 2020 and 2019. Revenue is recognized when the wager is complete, which is when the customer has received the benefits of the Company's gaming services and the Company has a present right to payment. The Company records revenue from its Rhode Island operations on a net basis which is the percentage share of VLT revenue received as the Company acts as an agent in operating the gaming services on behalf of the State of Rhode Island.

Gaming revenue also includes Dover Downs' share of revenue as determined under the Delaware State Lottery Code from the date of its acquisition. Dover Downs is authorized to conduct video lottery, sports wagering, table game and internet gaming operations as one of three "Licensed Agents" under the Delaware State Lottery Code. Licensing, administration and control of gaming operations in Delaware is under the Delaware State Lottery Office and Delaware's Department of Safety and Homeland Security, Division of Gaming Enforcement. As of December 31, 2020 and 2019, Dover Downs was entitled to an approximate 42% share of VLT revenue and 80% share of table games revenue. Revenue is recognized when the wager is complete, which is when the customer has received the benefits of the Company's gaming services and the Company has a present right to payment. The Company records revenue from its Delaware operations on a net basis, which is the percentage share of the VLT and table games revenue received, as the Company acts as an agent in operating the gaming services on behalf of the State of Delaware.

BALLY'S CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Gaming revenue also includes the casino revenue of Hard Rock Biloxi, the Black Hawk Casinos, Casino KC and Casino Vicksburg, beginning July 1, 2020, Bally's Atlantic City, beginning November 18, 2020, and Shreveport, beginning December 23, 2020, which is the aggregate net difference between gaming wins and losses, with liabilities recognized for funds deposited by customers before gaming play occurs, for chips outstanding and "ticket-in, ticket-out" coupons in the customers' possession, and for accruals related to the anticipated payout of progressive jackpots. Progressive slot machines, which contain base jackpots that increase at a progressive rate based on the number of credits played, are charged to revenue as the amount of the progressive jackpots increase.

Gaming services contracts have two performance obligations for those customers earning incentives under the Company's player loyalty programs and a single performance obligation for customers who do not participate in the programs. The Company applies a practical expedient by accounting for its gaming contracts on a portfolio basis as such wagers have similar characteristics and the Company reasonably expects the effects on the consolidated financial statements of applying the revenue recognition guidance to the portfolio to not differ materially from that which would result if applying the guidance to an individual wagering contract. For purposes of allocating the transaction price in a wagering contract between the wagering performance obligation and the obligation associated with incentives earned under loyalty programs, the Company allocates an amount to the loyalty program contract liability based on the stand-alone selling price of the incentive earned for a hotel room stay, food and beverage or other amenity. The estimated standalone selling price of hotel rooms is determined based on observable prices. The standalone selling price of food and beverage, and other miscellaneous goods and services is determined based upon the actual retail prices charged to customers for those items. The performance obligations for the incentives earned under the loyalty programs are deferred and recognized as revenue when the customer redeems the incentive. The allocated revenue for gaming wagers is recognized when the wagers occur as all such wagers settle immediately.

The estimated retail value related to goods and services provided to guests without charge or upon redemption under the Company's player loyalty programs included in departmental revenues, and therefore reducing gaming revenues, are as follows for the years ended December 31, 2020, 2019 and 2018:

<i>(in thousands)</i>	Years Ended December 31,		
	2020	2019	2018

	<u>\$ 36,678</u>	<u>\$ 59,102</u>	<u>\$ 40,520</u>

During 2020, the Company has entered into several multi-year agreements with third-party operators for online sports betting and iGaming market access in the states of Colorado and New Jersey, from which the Company has received or expects to receive one-time, up front market access fees in cash or equity securities (specific to one operator agreement) and certain other fees in cash generally based on a percentage of the gross gaming revenue generated by the operator, with certain annual minimum guarantees due to the Company. The one-time market access fees received have been recorded as deferred revenue and will be recognized as revenue ratably over the respective contract terms, beginning with the commencement of operations of each respective agreement. During the second quarter of 2020, operations related to certain agreements in the state of Colorado commenced, resulting in the recognition of \$2.0 million of gaming revenue for the year ended December 31, 2020. Deferred revenue associated with third-party operators for online sports betting and iGaming market access was \$2.0 million as of December 31, 2020.

Racing revenue includes Twin River Casino Hotel's, Tiverton Casino Hotel's (upon its opening on September 1, 2018), Newport Grand's (until its closing on August 28, 2018), Mile High USA's and Dover Downs' share of wagering from live racing and the import of simulcast signals. Racing revenue is recognized when the wager is complete based on an established take-out percentage. The Company functions as an agent to the pari-mutuel pool. Therefore, fees and obligations related to the Company's share of purse funding, simulcasting fees, tote fees, pari-mutuel taxes, and other fees directly related to the Company's racing operations are reported on a net basis and included as a deduction to racing revenue.

Hotel revenue is recognized at the time of occupancy, which is when the customer obtains control through occupancy of the room. Advance deposits for hotel rooms are recorded as liabilities until revenue recognition criteria are met.

Food and beverage revenue are recognized at the time the goods are sold from Company-operated outlets.

All other revenues are recognized at the time the goods are sold or the service is provided.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The identifiable assets recorded in connection with the closing of the Black Hawk Casinos acquisition include trademarks of \$2.1 million and rated player relationships of \$0.6 million, which are being amortized on a straight-line basis over estimated useful lives of approximately 10 years and 6 years, respectively. However, in connection with the impairment testing discussed in Note 7 "Goodwill and Intangible Assets", the asset was deemed fully impaired and its value was written down to zero as of March 31, 2020. The fair value of the identifiable intangible assets acquired was determined by using an income approach. Significant assumptions utilized in the income approach were based on company-specific information and projections, which are not observable in the market and are thus considered Level 3 measurements as defined by authoritative guidance.

Revenue included in operations from the Black Hawk Casinos, from the date of their acquisition, January 23, 2020, through December 31, 2020 was \$17.8 million.

The following table summarizes the consideration paid and the preliminary fair values of the assets acquired and liabilities assumed in connection with the acquisition. Due to the fact that the transaction only recently closed, the purchase price allocation is preliminary and will be finalized when valuations are complete and final assessments of the fair value of other acquired assets and assumed liabilities are completed. There can be no assurance that such finalizations will not result in material changes from the preliminary purchase price allocations. The Company's estimates and assumptions are subject to change during the measurement period (up to one year from the acquisition date), as the Company finalizes the valuations of certain tangible and intangible asset acquired and liabilities assumed.

BALLY'S CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Revenue and net income included in operations from Casino KC and Casino Vicksburg from the date of acquisition, July 1, 2020, through December 31, 2020 was \$40.1 million and \$8.5 million, respectively.

Bally's Atlantic City

On November 18, 2020, the Company completed its acquisition of Bally's Atlantic City from Caesars Entertainment, Inc. ("Caesars") and Vici Properties, Inc. In connection with the Bally's Atlantic City acquisition, the Company paid cash of approximately \$24.7 million at closing, or \$16.1 million, net of cash acquired, excluding transaction costs. The Company recorded a liability of \$2.0 million for a net working capital adjustment which is reflected in "Accrued liabilities" in the consolidated balance sheets as of December 31, 2020.

In connection with the approval of the Company's interim gaming license in the state of New Jersey, the Company committed to the New Jersey Casino Control Commission to spend \$90 million in capital expenditures over a span of five years to refurbish and upgrade the property's facilities and expand its amenities. In connection with this commitment, the Company reached an agreement with Caesars, whereby Caesars would reimburse the Company for \$30.0 million of the capital expenditure commitment by December 31, 2021. This commitment from Caesars to the Company was accounted for as a contingent consideration asset under ASC 805 and was recognized at its present value as of the acquisition date, which was determined to be \$27.7 million, as it represents consideration due back from the seller in connection with a business combination, and is included in "Prepaid expenses and other assets" in the consolidated balance sheets. This contingent consideration asset resulted in an adjusted purchase price of \$(0.9) million.

The Company incurred \$4.4 million of transaction costs related to Bally's Atlantic City during the year ended December 31, 2020. These costs are included in "Acquisition, integration and restructuring expenses" in the consolidated statements of operations.

The Company accounted for the acquisition of Bally's Atlantic City as a business combination using the acquisition method with Bally's as the accounting acquirer in accordance with ASC 805. Under this method of accounting, the purchase price has been allocated to Bally's Atlantic City's assets acquired and liabilities assumed based upon their estimated fair values at the acquisition date.

The identifiable intangible assets recorded in connection with the closing of the Bally's Atlantic City acquisition based on preliminary valuations include rated player relationships of \$0.9 million and hotel and conference pre-bookings of \$0.2 million, which are being amortized on a straight-line basis over estimated useful lives of approximately 8 years and 3 years, respectively. The Company determined that the value of and intangible asset related to gaming licenses was de minimus, primarily due to the previously mentioned capital expenditure commitment required to obtain the license. The preliminary fair value of the identifiable intangible assets acquired was determined by using a cost approach and an income approach for the rated player relationships and pre-bookings, respectively.

The following table summarizes the consideration paid and the preliminary fair values of the assets acquired and liabilities assumed in connection with the acquisition of Bally's Atlantic City on November 18, 2020. Due to the fact that the transaction only recently closed, the purchase price allocation is preliminary and will be finalized when valuations are complete and final assessments of the fair value of other acquired assets and assumed liabilities are completed. There can be no assurance that such finalizations will not result in material changes from the preliminary purchase price allocations. The Company's estimates and assumptions are subject to change during the measurement period (up to one year from the acquisition date), as the Company finalizes the valuations of certain tangible and intangible asset acquired and liabilities assumed.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

	Preliminary as of November 18, 2020
Cash	\$ 8,651
Accounts receivable	1,122

Deferred income tax liabilities	(11,132)
Net assets acquired	31,668
Bargain purchase gain	(32,595)
Total purchase price	<u>\$ (927)</u>

Based on the preliminary purchase price allocation, the fair value of the assets acquired and liabilities assumed exceed the purchase price consideration and therefore, a bargain purchase gain of \$32.6 million was recorded during the three months ended December 31, 2020. The Company believes that it was able to acquire the net assets of Bally's Atlantic City for less than fair value as a result of a capital expenditure requirement imposed on the Company by the New Jersey Casino Control Commission, which would have been imposed on the seller had they not divested the property. This gain is included in "Gain on bargain purchases" in the consolidated statements of operations.

Revenue included in operations from Bally's Atlantic City from the date of their acquisition, November 18, 2020, through December 31, 2020 was \$8.7 million.

Eldorado Resort Casino Shreveport

On December 23, 2020, the Company completed its acquisition of Eldorado Resort Casino Shreveport in Shreveport, Louisiana ("Shreveport"). The total purchase price was approximately \$137.2 million. Cash paid by the Company at closing, net of \$5.0 million cash acquired and offset by a receivable of \$0.8 million resulting from a networking capital adjustment, was \$133.1 million, excluding transaction costs. The Company recorded acquisition costs related to the acquisition of Shreveport of \$3.1 million during the year ended December 31, 2020. These costs are included in "Acquisition, integration and restructuring expense" in the consolidated statements of operations for the year ended December 31, 2020.

The Company accounted for the acquisition of Shreveport as a business combination using the acquisition method with Bally's as the accounting acquirer in accordance with ASC 805. Under this method of accounting, the purchase price has been allocated to Shreveport's assets acquired and liabilities assumed based upon their estimated fair values at the acquisition date.

The identifiable intangible assets recorded in connection with the closing of the Shreveport acquisition based on preliminary valuations include gaming licenses of \$57.7 million with an indefinite life and rated player relationships of \$0.4 million, which is being amortized on a straight-line basis over estimated useful lives of approximately 8 years. The preliminary fair value of the identifiable intangible assets acquired was determined by using an income approach. Significant assumptions utilized in the income approach were based on company-specific information and projections, which are not observable in the market and are thus considered Level 3 measurements as defined by authoritative guidance.

The following table summarizes the consideration paid and the preliminary fair values of the assets acquired and liabilities assumed in connection with the acquisition of Shreveport on December 23, 2020. Due to the fact that the transaction only recently closed, the purchase price allocation is preliminary and will be finalized when valuations are complete and final assessments of the fair value of other acquired assets and assumed liabilities are completed. There can be no assurance that such finalizations will not result in material changes from the preliminary purchase price allocations. The Company's estimates and assumptions are subject to change during the measurement period (up to one year from the acquisition date), as the Company finalizes the valuations of certain tangible and intangible asset acquired and liabilities assumed.

Based on the preliminary purchase price allocation, the fair value of the assets acquired and liabilities assumed exceed the purchase price consideration and therefore, a bargain purchase gain of \$31.3 million was recorded during the three months ended December 31, 2020. The Company believes that it was able to acquire the net assets of Shreveport for less than fair value as a result of a distressed sale whereby Eldorado was required by the Federal Trade Commission to divest the Shreveport property prior to its merger with Caesars coupled with the timing of the agreement to purchase which was in the middle of industry wide COVID related shutdowns of all casinos in the United States. This gain is presented in "Gain on bargain purchases" in the consolidated statements of operations for the year ended December 31, 2020.

Revenue and net income included in operations from Shreveport from the date of acquisition, December 23, 2020, through December 31, 2020 was \$2.5 million and \$1.9 million, respectively.

("GLPI") agreed to acquire the real estate associated with the Tropicana Evansville Casino for \$340.0 million and lease it back to the Company for \$28.0 million per year, subject to escalation. GLPI also agreed to acquire the real estate associated with the Company's Dover Downs casino for \$144.0 million and lease it back to the Company for \$12.0 million per year, subject to escalation. Both leases are governed by a master lease agreement with GLPI which has an initial term of 15 years with four, five-year renewal options.

Consummation of the Company's proposed acquisition of the Tropicana Evansville is subject to the satisfaction of customary closing conditions, including receipt of required regulatory approvals for the purchase of the casino by the Company. SportCaller

On February 5, 2021, the Company acquired Horses Mouth Limited (“SportCaller”) for \$24.0 million in cash and 221,391 of the Company’s common shares at closing, pending adjustment, and up to \$12.0 million in value of additional shares if SportCaller meets certain post-closing performance targets (calculated based on an exchange ratio of 0.8334). The Company will account for the this acquisition as a business combination under the acquisition method of accounting. As such, the purchase price will be allocated to the net assets acquired, inclusive of intangible assets, with any excess fair value recorded to goodwill. Since the closing date of the acquisition occurred subsequent to the end of the reporting period, the allocation of purchase price to the underlying net assets has not yet been completed. The Company will reflect the preliminary purchase price allocation in its consolidated financial statements for the year ending December 31, 2021.

6. SALE OF NEWPORT GRAND

On January 17, 2018, Newport Grand entered into a Purchase and Sale Agreement (the “Sale Agreement”) with a third party (the “Buyer”), pursuant to which the Buyer acquired the land and building relating to the Newport Grand Casino for \$10.2 million in a transaction that closed on May 1, 2018. The Company leased back the Newport Grand Casino from May 1, 2018 until November 1, 2018 at which time it vacated the property. This lease is accounted for as an operating lease. On August 28, 2018, Newport Grand was closed, and Tiverton Casino Hotel was opened on September 1, 2018.

As of January 17, 2018, Newport Grand met the accounting guidance for assets held for sale, thus the Company recorded impairment losses of \$4.2 million for the difference between the fair value and the carrying value of the land, building and building improvements included in the Sale Agreement. The Company also recorded an expense of \$2.4 million, in accordance with ASC 450, *Contingencies*, as the amount due for certain brokerage fees associated with the sale of Newport Grand became probable and reasonably estimable on this date. The move from Newport Grand to Tiverton Casino Hotel occurred on September 1, 2018.

The following sets forth the calculation of the Newport Grand disposal loss for the year ended December 31, 2018:

Sale price	\$ 10,150
Land, building and improvement costs sold or written off	(12,993)
Transaction costs	(669)
Impairment loss	(3,512)
Participation fees	(2,373)
Land, building and improvement disposal loss	(5,885)
Equipment written-off upon facility closure	(629)
Newport Grand disposal loss	<u>\$ (6,514)</u>

The sale of the Newport Grand assets did not qualify as a discontinued operation as the sale was not a strategic shift that had a major effect on the Company’s operations and financial results.

7. GOODWILL AND INTANGIBLE ASSETS

2019 Annual Impairment Assessments

As of October 1, 2019, the Company performed a qualitative analysis for the annual assessment of goodwill (commonly referred to as “Step Zero”) for all of its reporting units, which did not result in any impairment charges to goodwill or other intangible assets.

2020 Interim Impairment Assessments

Late in the first quarter of 2020, as a result of the economic and market conditions surrounding the COVID-19 pandemic and the decline in its stock price and market capitalization the Company experienced at the time, the Company determined that it was more likely than not that the carrying value of all of its reporting units exceeded these units’ fair value and performed an interim quantitative impairment test of goodwill.

BALLY'S CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The Company estimated the fair values of all reporting units using both the market approach, applying a multiple of earnings based on guidelines for publicly traded companies, and the income approach, discounting projected future cash flows based on management's expectations of the current and future operating environment for each reporting unit. The calculation of the impairment charge includes substantial fact-based determinations and estimates including weighted average cost of capital, future revenue, profitability, cash flows and fair values of assets and liabilities. The rates used to discount projected future cash flows under the income approach reflect a weighted average cost of capital in the range of 10% to 15%, which considered guidelines for publicly traded companies, capital structure and risk premiums, including those reflected in the current market capitalization. The Company corroborated the reasonableness of the estimated reporting unit fair values by reconciling to its enterprise value and market capitalization. Based on this analysis, the Company determined that only the carrying value of its Black Hawk Casinos reporting unit exceeded its fair value by an amount that exceeded the assigned goodwill and indefinite lived intangibles as of the acquisition date. As a result, the Company recorded a total impairment charge of \$8.7 million for the year ended December 31, 2020, which is included in the Company's "West" reportable segment, and was allocated between goodwill and intangible assets with charges of \$5.4 million and \$3.3 million, respectively.

The goodwill impairment charge adjustment recorded in the second quarter of 2020 was attributable to changes in the preliminary fair value of net assets, which affected the initial goodwill resulting from the Black Hawk Casinos acquisition. The goodwill impairment charge is reflected in goodwill and asset impairment (adjustment) in the consolidated statements of operations and comprehensive income. The goodwill impairment charge reflects all of the Black Hawk Casinos reporting unit goodwill, based on the preliminary acquisition date assigned fair values.

2020 Annual Impairment Assessments

As of October 1, 2020, the Company performed a qualitative analysis for the annual assessment of goodwill (commonly referred to as "Step Zero") for all reporting units with the exception of its Twin River Casino Hotel and Tiverton Casino Hotel reporting units which together comprise the "Rhode Island" reportable segment. From a qualitative perspective, in evaluating whether it is more likely than not that the fair value of a reporting unit exceeds its carrying amount, relevant events and circumstances are taken into account, with greater weight assigned to events and circumstances that most affect the fair value or the carrying amounts of its assets. Items that were considered included, but were not limited to, the following: macroeconomic conditions, industry and market conditions and overall financial performance. After assessing these and other factors, the Company determined that it was more likely than not that the fair value of each reporting unit exceed their carrying amounts as of October 1, 2020. If future results vary significantly from current estimates and related projections, the Company may be required to record impairment charges.

As of October 1, 2020, the Company bypassed its option to perform a qualitative analysis for the annual assessment of goodwill for its Rhode Island reportable segment, and instead performed a quantitative analysis. The Company estimated the fair values of each reporting unit using both the income approach, discounting projected future cash flows based on management's expectations of the current and future operating environment for each reporting unit. The calculation of the impairment charge includes substantial fact-based determinations and estimates including weighted average cost of capital, future revenue, profitability, cash flows and fair values of assets and liabilities. The rates used to discount projected future cash flows under the income approach reflect a weighted average cost of capital of 10%, which considered guidelines for publicly traded companies, capital structure and risk premiums, including those reflected in the current market capitalization. Based on this analysis, the Company determined that the fair values of the Twin River Casino Hotel and Tiverton Casino Hotel exceeded their carrying values by significant margins and that impairment did not exist. If future results vary significantly from current estimates and related projections, the Company may be required to record impairment charges.

The change in carrying value of goodwill by reportable segment for the years ended December 31, 2020 and 2019 is as follows:

	Rhode Island	Mid-Atlantic	Southeast	West	Total

9. SINCLAIR AGREEMENT

On November 18, 2020, the Company entered into the Sinclair Agreement, which provides for a long-term strategic relationship between the Company and Sinclair combining Bally's integrated, proprietary sports betting technology with Sinclair's portfolio of local broadcast stations and live regional sports networks and its Tennis Channel, Stadium sports network and STIRR streaming service, whereby the Company will receive naming rights to the regional sports networks and certain integrations to network programming in exchange for annual fees paid in cash, the issuance of warrants and options, and an agreement to share in certain tax benefits resulting from the Transactions with Sinclair (the "TRA"). The initial term of the agreement is 10 years from the commencement of date of the re-branded Sinclair regional sports networks and can be renewed for one additional 5-year term unless either the Company or Sinclair elect not to renew.

Naming Rights Intangible Asset

The Company accounted for this transaction as an asset acquisition in accordance with the "Acquisition of Assets Rather Than a Business" subsections of ASC 805-50 using a cost accumulation model. The Company acquired a Naming rights intangible asset, the value of which was determined to be \$332.3 million on the November 18, 2020 acquisition date, representing the consideration transferred on the acquisition date which was comprised of the present value of annual naming rights fees, the fair value of the warrants and options and an estimate of the TRA payments, as discussed in further detail below. The Naming rights intangible asset will be amortized on a straight-line basis over a useful life of 10 years, which has been determined to be the period of anticipated benefit and is consistent with the term of the Sinclair Agreement. Amortization will begin upon the commencement date of the re-branded Sinclair regional sports networks which had not occurred as of December 31, 2020. As such, there was no amortization expense for the year ended December 31, 2020.

Annual Naming Rights Fees

Under the terms of the Sinclair Agreement, the Company will be required to pay annual naming rights fees to Sinclair for naming rights of the regional sports networks which escalate annually and total \$88.0 million over the ten-year term of the agreement and begin on the commencement date of the re-branded Sinclair regional sports networks. The present value of the annual naming rights fees was recorded as a liability and will be accreted through interest expense over the life of the agreement. The value of the liability as of December 31, 2020 was \$56.6 million, of which \$54.6 million and \$2.0 million is presented as "Naming rights liabilities" and "Accrued liabilities" in the consolidated balance sheets, respectively. Accretion expense for the year ended December 31, 2020 was \$0.5 million and was reported in "Interest expense, net of amounts capitalized" in the consolidated statements of operations.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Warrants and Options

The Company has issued to Sinclair (i) an immediately exercisable warrant to purchase up to 4,915,726 shares of the Company at an exercise price of \$0.01 per share ("the Penny Warrants"), (ii) a warrant to purchase up to a maximum of 3,279,337 additional shares of the Company at a price of \$0.01 per share subject to the achievement of various performance metrics ("the Performance Warrants"), and (iii) an option to purchase up to 1,639,669 additional shares in four tranches with purchase prices ranging from \$30.00 to \$45.00 per share, exercisable over a seven-year period beginning on the fourth anniversary of the November 18, 2020 closing ("the Options"). The exercise and purchase prices and the number of shares issuable upon exercise of the warrants and options are subject to customary anti-dilution adjustments. The issuance pursuant to the warrants and options of shares in excess of 19.9% of the Company's currently outstanding shares was subject to the approval of the Company's stockholders in accordance with the rules of the New York Stock Exchange ("NYSE") as of December 31, 2020, and prior to stockholder approval the Company would have been required to pay cash to Sinclair in lieu of Sinclair being permitted to purchase, pursuant to the exercise of warrants or options, greater than 19.9% of the Company's outstanding common shares. The Company formally obtained stockholder approval on January 27, 2021.

As of both November 18, 2020 and December 31, 2020, the Company evaluated the classification of the Penny Warrants, Options and Performance Warrants under ASC 815-40 to determine whether equity classification was precluded for one or more of the warrants and options as a result of the requirement to net cash settle any option of the contracts that result in the delivery of shares in excess of the 19.9% threshold prior to obtaining stockholder approval. Since a portion of the warrants and options could be settled in shares below this threshold, the Company adopted a sequencing policy as prescribed in ASC 815-40-35 whereby it would allocate available shares under the 19.9% cap to contracts based on the order in which they become exercisable. This resulted in the allocation of available shares to the immediately exercisable Penny Warrants first, the Performance Warrants second and the Options, which contain a four-year vesting period, third. This policy results in there being a sufficient number of shares below the 19.9% cap to settle the Penny Warrants, but an insufficient number of shares to settle the Performance Warrants and Options.

The Company accounted for the Penny Warrants as an equity classified instrument because they are indexed to the Company's own stock and meet the conditions to be classified in equity under ASC 815, including sufficient available shares for the Company to settle the exercise of the warrants in shares. The fair value of the Penny Warrants approximates the fair value of the underlying shares and was \$150.4 million on November 18, 2020 at issuance, recorded to "Additional paid-in-capital" in the consolidated balance sheets, with an offset to the Naming rights intangible asset.

The Performance Warrants were accounted for as a derivative liability because the underlying performance metrics represent an adjustment to the settlement amount that is not indexed to the Company's own stock and thus equity classification is precluded under ASC 815. The fair values of the Performance Warrants as of November 18, 2020 and December 31, 2020 were \$55.2 million and \$88.1 million, respectively, and were calculated using an option pricing model, considering the Company's estimated probabilities of achieving the performance milestones for each tranche. Inputs to this valuation approach include volatility between 55% and 60%, risk free rates between 0.34% and 0.52%, the Company's common stock price of \$30.61 and \$50.23, and expected terms between 4.4 and 6.0 years. The initial fair value as of November 18, 2020 was recorded as a liability with an offset to the Naming rights intangible asset. The fair value as of December 31, 2020 was reported in "Naming rights liabilities" in the consolidated balance sheets. The increase in fair value of the Performance Warrants from November 18, 2020 through December 31, 2020 was \$32.9 million and resulted in a mark to market loss, reported in "Change in value of naming rights liabilities" in the consolidated statements of operations.

The Options were accounted for as a derivative liability because the Options could have been required to be settled in cash, outside the Company's control, prior to formal stockholder approval. Until stockholder approval is obtained, the Options will be recorded at their fair value with changes in fair value recognized in the statement of operations. The fair value of the options was initially measured as a liability on November 18, 2020 upon issuance with an offset to the Naming rights intangible asset. The fair values were based on Black-Scholes models using Level 2 inputs, including volatility of 60% and 55%, a risk free rate of 0.95% and 0.99%, the Company's common stock price of \$30.61 and \$50.23 and the term of 11.0 years and 10.9 years, which resulted in total values of \$33.4 million and \$58.2 million as of November 18, 2020 and December 31, 2020, respectively. The fair value of the Options was reported in "Naming rights liabilities" in the consolidated balance sheets as of December 31, 2020. The increase in fair value of the Options from November 18, 2020 through December 31, 2020 was \$24.8 million and resulted in a mark to market loss, reported in "Change in value of naming rights liabilities" in the consolidated statements of operations.

BALLY'S CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The Options met the criteria to be classified as equity upon stockholder approval on January 27, 2021, at which point the Options were adjusted to fair value and \$59.7 million was reclassified from Naming rights liabilities to "Additional paid-in-capital" in the consolidated balance sheet. The Performance Warrants are expected to continue to be classified as liability awards, with changes in fair value reported in earnings.

Tax Receivable Agreement

The Company entered into the TRA with Sinclair as an additional form of consideration for the acquisition of the Naming Rights Intangible Asset. Under the TRA, the Company is required to share 60% of the tax benefit the Company receives from the Penny Warrants, the Options, the Performance Warrants and payments under the TRA, which are payable to Sinclair over the remaining term of the agreement once the tax benefit amounts become finalized through the filing of the Company's annual tax returns. The Company accounted for the obligations due under the TRA as contingent consideration in the acquisition of the Naming Rights intangible asset pursuant to ASC 805 and has recorded a liability of \$37.1 million as of the acquisition date of November 18, 2020. Subsequent to the acquisition date, changes in the TRA liability due to estimates of the tax benefits to be realized as well as tax rates in effect at the time among other changes are treated as an adjustment of the acquired Naming Rights intangible asset. As of December 31, 2020, the estimate of the TRA liability was \$43.0 million, reflecting an increase of as of \$5.9 million from the acquisition date, which was recorded as an increase to the Naming rights intangible asset. The ending Naming rights intangible asset as of December 31, 2020 was \$338.2 million. The TRA liability is reported in "Naming rights liabilities" in the consolidated balance sheets.

May 2019 Senior Secured Credit Facility

On May 10, 2019, the Company entered into a credit agreement ("the "Credit Agreement") with Citizens Bank, N.A., as administrative agent, (the "Agent"), and the lenders party thereto (the "Credit Facility"), consisting of a \$300 million Term B Loan facility (the "Term Loan Facility") and a \$250 million revolving credit facility (the "Revolving Credit Facility"). The Company's obligations under the Revolving Credit Facility will mature on May 10, 2024. The Company's obligations under the Term Loan Facility will mature on May 10, 2026. Beginning September 30, 2019, the Company is required to make quarterly principal payments of \$750,000 on the Term Loan Facility on the last business day of each fiscal quarter. In addition, the Company is required to make mandatory payments of amounts outstanding under the Credit Facility with the proceeds of certain casualty events, debt issuances, and asset sales and, commencing with the fiscal year beginning January 1, 2020, the Company is required to apply a portion of its excess cash flow to repay amounts outstanding under the Credit Facility.

BALLY'S CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Borrowings under the Credit Facility bear interest at a rate equal to, at the Company's option, either (1) LIBOR determined by reference to the costs of funds for U.S. dollar deposits for the interest period relevant to such borrowing, adjusted for certain additional costs and subject to a floor of 0.00% or (2) a base rate determined by reference to the greatest of the federal funds rate plus 0.50%, the prime rate as determined by the Agent, the one-month LIBOR rate plus 1.00%, and subject to a floor of 1.00%, in each case plus an applicable margin. In the event that the LIBOR rate is no longer available or no longer used to determine the interest rate of loans, the Company and the Agent will amend the Credit Agreement to replace LIBOR with an alternate benchmark rate that has been broadly accepted by the syndicated loan market in the United States in lieu of LIBOR and until such amendment has become effective, loans will be based on the base rate. In addition, on a quarterly basis, the Company is required to pay each lender under the Revolving Credit Facility a 0.50% commitment fee, in respect of commitments under the Revolving Credit Facility, which may be subject to one or more step-downs based on the Company's total net leverage ratio. As of December 31, 2020, the interest rate for the Term Loan Facility was 3.00%.

The Credit Facility allows the Company to (1) establish additional Term B Loans and/or establish one or more new tranches of term loans and/or (2) increase commitments under the Revolving Credit Facility and/or add one or more new tranches of revolving facilities, in an aggregate amount not to exceed the greater of (x) \$195 million and (y) 100% of consolidated EBITDA for the most recent four-quarter period plus or minus certain amounts as specified in the Credit Agreement, including an unlimited amount subject to compliance with a consolidated total secured net leverage ratio as set out in the Credit Agreement. The Company's obligations under the Credit Facility are guaranteed by each of the Company's existing and future wholly owned domestic restricted subsidiaries, subject to certain exceptions, and are secured by a first priority lien on substantially all of the Company's and each of the guarantors' existing and future property and assets, subject to certain exceptions.

On March 16, 2020, the Company borrowed under its Revolving Credit Facility the full available amount of \$250 million to increase its cash position and liquidity to facilitate financial flexibility in light of the then uncertainty in the global markets and the Company's business resulting from the COVID-19 pandemic. These borrowings were repaid as part of the increase in the Term Loan Facility mentioned below. As of December 31, 2020, there were \$35 million of outstanding borrowings under the Revolving Credit Facility.

On March 9, 2021, the Company amended its Credit Agreement to increase the aggregate principal amount of the Revolving Credit Facility to \$325 million, an increase of \$75 million pursuant to an incremental revolving facility. Borrowings under the new incremental revolving facility will be subject to the same terms and conditions of the existing Revolving Credit Facility under the Credit Agreement.

May 2020 Term Loan

On May 11, 2020, the Company closed on an amendment to its Credit Facility to increase its Term Loan Facility by \$275 million. Borrowings under the increased portion of the Term Loan Facility will bear interest at LIBOR + 8.00% per annum with a 1.00% LIBOR floor through the May 10, 2026 maturity date. Following the amendment, the Company repaid the full \$250 million outstanding under its Revolving Credit Facility. This new term loan satisfied the financing contingency in the purchase agreement to acquire Shreveport and MontBleu from affiliates of Eldorado.

6.75% Senior Notes due 2027

On May 10, 2019, the Company, issued \$400 million aggregate principal amount of 6.75% unsecured senior notes due June 1, 2027 (the "Senior Notes"). On October 9, 2020, the Company issued an additional \$125 million aggregate principal amount of 6.75% unsecured senior notes due June 1, 2027 (the "Additional Notes" and, together with the Initial Notes, the "Senior Notes"). The Additional Notes, other than with respect to the date of issuance and issue price, are identical to the Initial Notes, and are treated as a single class with the Initial Notes for all purposes under the indenture governing the Senior Notes (the "Indenture"). Immediately after giving effect to the issuance and sale of the Additional Notes, the Company had \$525 million in aggregate principal amount of Senior Notes outstanding. Interest on the Senior Notes is paid semi-annually in arrears on June 1 and December 1. The Company used a portion of the net proceeds from the Initial Notes, together with a portion of the proceeds from its Term Loan Facility, to repay borrowings under the Company's prior credit agreement (the "Former Credit Facility").

BALLY'S CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The Credit Facility and the Indenture each contain covenants that limit the ability of the Company and its restricted subsidiaries to, among other things, incur additional indebtedness, pay dividends on or make distributions in respect of capital stock or make certain other restricted payments or investments, enter into certain transactions with affiliates, sell or otherwise dispose of assets, create or incur liens, and merge, consolidate or sell all or substantially all of the Company's assets, in each case, subject to certain exceptions and qualifications. In addition, if more than 30% of the capacity of the Revolving Credit Facility is utilized, as was the case at March 31, 2020 (but not June 30, 2020, September 30, 2020 or December 31, 2020), the Company must comply with a maximum total net leverage ratio, which is currently set at 5.50:1.00. These covenants are subject to exceptions and qualifications set forth in the Credit Facility and the Indenture, and as described below under "Financial Covenant Relief", were modified as of April 24, 2020. The Company was in compliance with all such covenants as of December 31, 2020.

On February 4, 2021, the Company announced that it had obtained the consent of the Senior Notes holders to amend the indenture governing the Senior Notes. The amendment to the Indenture amended the "Incurrence of Indebtedness and Issuance of Subsidiary Preferred Stock" covenant contained in Section 4.09 of the Indenture to increase the fixed dollar prong of the credit facility basket from "\$745.0 million" to "\$975.0 million." Except for this amendment, all the existing terms of the Senior Notes remain unchanged.

The Company may redeem some or all of the Senior Notes at any time prior to June 1, 2022 at a redemption price equal to 100% of the aggregate principal amount of the Senior Notes to be redeemed plus a "make-whole" premium and accrued and unpaid interest. In addition, prior to June 1, 2022, the Company may redeem up to 40% of the original principal amount of the Senior Notes with proceeds of certain equity offerings at a redemption price equal to 106.75% of the aggregate principal amount of such Senior Notes plus accrued and unpaid interest. On or after June 1, 2022, the Company may redeem some or all of the Senior Notes at the redemption prices set forth in the Indenture plus accrued and unpaid interest. The Senior Notes are subject to disposition and redemption requirements imposed by gaming laws and regulations of applicable gaming regulatory authorities.

The Senior Notes are guaranteed, jointly and severally, by each of the Company's restricted subsidiaries that guarantee the Company's obligations under the Credit Facility.

Former Credit Agreements

The Credit Facility replaced the Former Credit Facility, which was entered into on July 10, 2014, and included a term loan ("Former Term Loan") in the principal amount of \$480 million and an original issue discount of 1%, payable in quarterly installments of \$1.2 million with the balance payable upon maturity on July 10, 2020 and a revolving credit facility ("Former Revolving Credit Facility") with an original capacity of \$40 million and a capacity on March 31, 2019 of \$150 million as a result of several amendments, the last of which occurred on March 26, 2019 and increased the capacity from \$100 million to \$150 million to, among other things, help retire debt of Dover Downs at the closing of the acquisition on March 28, 2019.

The interest rate for the Former Term Loan and the Former Revolving Credit Facility was based on LIBOR, with a LIBOR floor of 1.00% on the Former Term Loan, plus a 3.50% interest rate margin per annum in the case of both the Former Term Loan and Former Revolving Credit Facility. Both the Former Term Loan and the Former Revolving Credit Facility were pre-payable at any time, provided notice was given.

The Company repaid the Former Revolving Credit Facility and the Former Term Loan during the second quarter of 2019 with a portion of the proceeds from the Term Loan Facility and the Initial Notes.

Financial Covenant Relief

On April 24, 2020, the Company and its lenders amended the financial covenants and certain other terms of the Company's Credit Facility to provide financial covenant relief from the effects of the COVID-19 pandemic. Until the date on which the Company is required to deliver its compliance certificate and financial statements for the three months ending March 31, 2021 (the "Leverage Ratio Covenant Relief Period") (unless the Company elects to terminate the covenant relief period earlier), the Company will not be required to comply with the maximum total net leverage ratio covenant applicable under the Credit Facility, but instead will be required to comply with a minimum liquidity covenant tested at the last day of each month during the Leverage Ratio Covenant Relief Period. Under the minimum liquidity requirement, the Company will be required to have unrestricted cash on hand at the end of each month in the following amounts: (1) \$75.0 million at April 30, 2020 and May 31, 2020, (2) \$65.0 million at June 30, 2020, (3) \$55.0 million at July 31, 2020, and (4) \$50.0 million at each month-end thereafter through March 31, 2021. The Company is not permitted to declare or pay dividends on its common stock or make other restricted payments (including repurchases of shares of its common stock), complete investments or acquisitions (other than those previously announced) during the Leverage Ratio Covenant Relief Period, and the interest rate on the Revolving Credit Facility borrowings is LIBOR + 2.75% during the Leverage Ratio Covenant Relief Period. Additionally, the amendment permanently changed the minimum LIBOR on revolver borrowings from 0.00% to 0.75%. The Company was in compliance with all debt covenants, as amended, as of December 31, 2020.

On March 5, 2021, the Company and its lenders amended the financial covenants and certain other terms of its Credit Agreement to provide deemed consolidated EBITDA numbers for certain fiscal quarters of 2021 and to permit the annualization of consolidated EBITDA for the 2021 fiscal year for purposes of calculating compliance with the consolidated total net leverage ratio, to the extent we are required to comply with it. In accordance with the terms of the previous amendment to the Company's Credit Facility, restrictions on the Company's ability to declare or pay dividends on its common stock or make other restricted payments (including repurchases of shares of its common stock), and complete investments or acquisitions (other than those previously announced) ends upon the expiration of the leverage covenant relief period which occurs on March 31, 2021.

12. LEASES

Operating Leases

The Company is committed under various operating lease agreements primarily related to submerged tidelands, property and equipment. Additionally, certain of the Company's subsidiaries lease office space, parking space, memorabilia and equipment under agreements classified as operating leases that expire on various dates through 2027.

Hard Rock Biloxi has an agreement with the State of Mississippi for the lease and use of approximately five acres of submerged tidelands for a primary term of thirty years, expiring September 30, 2037. Upon expiration of the primary term, Hard Rock Biloxi will have an option to extend the lease for a renewal term of thirty years; the renewal option has not been included in the calculation of the lease liability or right of use asset as the Company is not reasonably certain to exercise the option. Annual rent for the lease, as of December 31, 2020, is approximately \$1.2 million and adjusts annually by the increase in the consumer price index ("CPI"). Future changes to the CPI are treated as variable lease payments and are recognized in the period in which the obligation for those payments is incurred.

BALLY'S CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Hard Rock Biloxi also has a Lease and Air Space agreement with the City of Biloxi. The agreement grants the Company rights to a parking area, and to the airspace above two defined parcels of land along with certain support structure rights for the construction of a parking garage. The arrangement has a 40-year term expiring November 18, 2043 with one 25-year renewal option at the Company's option; the renewal option has not been included in the calculation of the lease liability or right of use asset as the Company is not reasonably certain to exercise the option. Monthly rent escalates every 5 years based on CPI, and we are responsible for property taxes. Future changes to the CPI are treated as variable lease payments and are recognized in the period in which the obligation for those payments is incurred.

In connection with the acquisition of Casino KC, the Company is party to a sublease with the Port Authority of Kansas City, Missouri, which has leased the property from the City of Kansas City. Our sublease expires on October 18, 2021, but on that date will automatically renew for five additional periods of five years each. The lease agreement provides for minimum annual rent paid in advance and subject to increases in the CPI every five years. Current minimum annual rent payments are \$3.1 million per year. In addition, the agreement calls for quarterly percentage rent payments equal to 3.25% of gross revenues, less the minimum annual rent payment. Casino KC is obligated to operate Casino KC at all times. If Casino KC fails to do so, it must pay the Port Authority, in lieu of percentage rent, a sum equal to 50% of the then-applicable base rent during the time Casino KC is not operating.

In connection with the acquisition of Shreveport, the Company is party to a ground lease with the City of Shreveport, Louisiana. The Company's initial lease will expire on November 30, 2021, but as of that date the Company can renew for five additional periods of five years each. The renewal options have been included in the measurement of the lease liability as the Company has determined it is reasonably certain of exercising the options. The lease agreement provides for minimum annual rent, subject to 15% increases with each renewal term. In addition, the agreement calls for monthly percentage rent of 1.0% of adjusted gross revenues, subject to an annual minimum of \$0.5 million.

During the year ended December 31, 2020, three equipment leases were terminated via purchase of the underlying assets.

At December 31, 2020, the Company had operating lease liabilities of \$63.5 million and right of use assets of \$36.1 million, which were included in the consolidated balance sheets.

The Company's total lease cost under ASC 842 for the years ended December 31, 2020 and 2019 is as follows:

<i>(in thousands)</i>	Year Ended December 31,

Future operating lease payments as shown above include \$108.1 million related to extension options that are reasonably certain of being exercised.

The Company also has leasing arrangements with third-party lessees at its properties. Leasing arrangements for which the Company acts as a lessor are not deemed material as of December 31, 2020.

13. EQUITY PLANS

The Company has two equity incentive plans: the 2010 BLB Worldwide Holdings, Inc. Stock Option Plan (the "2010 Option Plan") and the 2015 Stock Incentive Plan ("2015 Incentive Plan").

The 2010 Option Plan provided for options to acquire 2,455,368 shares of the Company's common stock. Options granted to employees, officers and directors of the Company under the 2010 Option Plan vested on various schedules by individual as defined in the individual participants' option agreements. Vested options can generally be exercised all or in part at any time until the tenth anniversary of the date of grant. Effective December 9, 2015, it was determined that no new awards would be granted under the 2010 Option Plan.

The 2015 Incentive Plan provides for the grant of stock options, RSAs, RSUs and other stock-based awards (including those with performance-based vesting criteria) to employees, directors or consultants of the Company. The 2015 Incentive Plan provides for the issuance of up to 1,700,000 shares of the Company's common stock. As of December 31, 2020, 576,076 shares were available for grant under the 2015 Incentive Plan.

The Company recognized total share-based compensation expense of \$17.7 million and \$3.8 million for the years ended December 31, 2020 and 2019, respectively, compared to a benefit of \$1.5 million for the year ended December 31, 2018. The increase in share-based compensation expense was directly attributable to the Company's annual grant of restricted stock awards to eligible employees and executive management which occurred during the first quarter of 2020 with one-third of the restricted stock award vesting during the first quarter of 2020 and one-third vesting at the end of the 2020 year. Additionally, the Company issued other stock based awards ("OSBAs") to eligible employees in the form of immediately vested common stock on December 30, 2020. See "*Other Stock Based Awards*" section below.

The total income tax benefit (expense) for share-based compensation arrangements was \$6.9 million, \$0.9 million, and \$(0.4) million, for the years ended December 31, 2020, 2019 and 2018, respectively.

As of December 31, 2020, there was \$15.3 million of unrecognized compensation cost related to outstanding share-based compensation arrangements (including stock options, RSA, RSU and PSU arrangements) which is expected to be recognized over a weighted average period of 1.4 years.

Exercises and Related Notes Receivable and Puts

In July and November 2015, certain employees and directors exercised a combined total of 1,864,428 outstanding stock options (the "Financed Options") and executed promissory notes to TRMG in connection with those exercises to finance the exercise price and associated income taxes. The notes are considered nonrecourse for accounting purposes. As such, (i) the purchases of common stock with a promissory note continued to be accounted for as stock options and (ii) no receivable for amounts due under the promissory notes for the exercise price of the Financed Options were recorded on the Company's consolidated balance sheets.

On August 19, 2015, all previously issued option agreements under the 2010 Option Plan were amended (the "Put Amendment"), allowing the participant to request purchase by the Company ("Put") during April or October each year beginning in 2016 ("Put Periods") of up to one-third of any previously issued shares or vested but unexercised options under the 2010 Option Plan for Fair Market Value, as defined therein, less the applicable exercise price in the case of vested but unexercised options. Participants seeking to exercise the Put were required to be employed by the Company or serving as a director of the Company at the time of the request. Any purchases by the Company during a Put Period were subject to limitations contained in the credit agreements related to the Company's indebtedness that were outstanding at the time. In March 2018, the Company revised the Put Periods from April and October to four periods in each year, subject to anticipated blackout periods. In December 2018, all outstanding options under the 2010 Option Plan were amended to remove the Put rights.

Certain employees and directors Put a total of 331,112 Financed Options to the Company at \$23.50 per share and paid the related promissory notes with a portion of the proceeds during the year ended December 31, 2018. The shares were included in Treasury stock in the consolidated balance sheets after the respective Put dates. During the year ended December 31, 2018, in addition to the Put shares discussed above, promissory notes related to 1,439,984 Financed Options were paid. On the date the promissory notes are paid, the options are considered exercised and the common stock is considered issued for accounting purposes. As of December 31, 2020 and 2019, there were no Financed Options outstanding.

Exercises for Cash and Puts of Unexercised Options

During 2017, 13,336 vested but unexercised options were Put to the Company at \$24.38 per share and 54,976 options were exercised, with cash paid for the exercise price. During the years ended December 31, 2018 and 2019, no vested but unexercised options were Put to the Company and no options, excluding the Financed Options, were exercised.

BALLY'S CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

In December 2018, when the Put rights were removed, the awards were reclassified from liability classified awards to equity classified awards. Upon the modification of the awards, the intrinsic value of the outstanding stock options of \$2.9 million was moved from the stock options liability to additional paid in capital in the consolidated balance sheets. For the year ended December 31, 2018 the Company recorded a reduction to compensation expense of \$3.2 million to adjust the stock options to the intrinsic value as of the date the stock options were exercised or reclassified to equity classified awards.

Restricted Stock Units and Performance-Based Restricted Stock Units

Under the 2015 Incentive Plan, RSUs and PSUs have been awarded to eligible employees, members of the Company's senior management and certain members of its Board of Directors. Each RSU and PSU represents the right to receive one share of the Company's common stock. RSUs generally vest in one-third increments over a three year period, and compensation cost is recognized over the respective service periods based on the grant date fair value. PSUs generally vest over a two or three year period depending on the individual award agreement and become eligible for vesting upon attainment of performance objectives for the performance period. The number of PSUs that may become eligible for vesting varies and is dependent upon whether the performance targets are met, partially met or exceeded each year. The fair value of RSUs and PSUs issued subsequent to the Company becoming publicly traded in 2019 are determined based on the number of units granted and the quoted price of the Company's common stock as of the grant date. Refer to "Valuation of Equity Compensation Awards" below for the valuation methodology used for awards issued prior to 2019.

Under the terms of the above awards, shares of the Company's stock are issued upon vesting of the awards, unless deferral is elected by the participant at the time of the award. The Company removed the Put rights from the award agreements in December 2018; prior to that time, at the election of the participant, issued shares could be Put to the Company at fair value during any Put Period that was at least three years following the vesting date.

Equity-Classified Awards

The following summary presents information of equity-classified RSU and PSU activity for the year ended December 31, 2020:

	Restricted Stock Units	Performance Stock Units	Weighted Average Grant Date Fair Value

Vested	(422,962)	(53,617)	26.17
Forfeited	(1,642)	(16,727)	26.52
Outstanding at December 31, 2020	414,409	31,478	\$ 36.12

The weighted average grant date fair value for RSUs and PSUs was \$31.27, \$30.68, and \$27.15 in 2020, 2019, and 2018, respectively.

The total intrinsic value of RSUs vested, but not deferred, during the year ended December 31, 2020 was \$23.7 million, \$5.4 million and \$0.6 million, for the years ended December 31, 2020, 2019 and 2018, respectively.

For PSU awards, performance objectives for each year are established no later than 90 days following the start of the year. As the performance targets have not yet been established for the PSUs that are eligible to be earned in 2021, a grant date has not yet been established for those awards in accordance with ASC 718, *Compensation—Stock Compensation*. The grant date for the 2020, 2019 and 2018 performance periods have been established and, based upon achievement of the performance criteria for the years ended December 31, 2020 and 2019, 31,478 and 48,525 PSUs, respectively, became eligible for vesting. For the 2018 performance period the Company did not achieve the performance target, thus no shares became eligible to vest.

Liability-Classified Awards

On January 1, 2018, the Company granted RSU's to certain employees with a cash settlement feature. The actual amount of cash will be determined by the number of RSUs to be settled in cash multiplied by the share price of the Company's common stock at the time of settlement. These awards vest in one-third increments as of December 31, 2018, 2019 and 2020.

Other Stock Based Awards

On December 30, 2020, the Company issued OSBAs in the form of immediately vested common stock to eligible employees, members of the Company's senior management and certain members of its Board of Directors under the 2015 Incentive Plan. These OSBAs were awarded in recognition of the strategic accomplishments of individuals and the Company as a whole for fiscal 2020 in lieu of potential cash incentive compensation. The Company elected to utilize stock as form of compensation in an effort to preserve liquidity for the Company in light of COVID-19 and its impact on operations. Total net shares awarded on December 30, 2020 were 131,046 and the associated expense recognized was \$6.3 million for the year ended December 31, 2020.

Valuation of Equity Compensation Awards

Prior to the Company becoming publicly traded in 2019, the fair values of the shares of common stock underlying the Company's liability classified awards, RSUs and PSUs were estimated on each grant date by the Board of Directors. In order to determine the fair value, the Company's Board of Directors considered, among other things, valuations of its common stock in accordance with the guidance provided by the American Institute of Certified Public Accountants 2013 Practice Aid, Valuation of Privately Held Company Equity Securities Issued as Compensation, or the Practice Aid. Given the absence of a public trading market of the Company's common stock, its Board of Directors exercised reasonable judgment and considered a number of objective and subjective factors to determine the best estimate of the fair value of its common stock. The Board of Directors used an income approach, weighted 50%, and a market approach, weighted 50%.

For the income approach, the Company performed a discounted cash flow analysis, which utilized projected cash flows as well as a residual value, which were discounted to the present value in order to arrive at an enterprise value. The Company relied on the following key assumptions for the income approach, in addition to management projections for the business:

- a weighted average cost of capital (WACC), which served as the discount rate applied to forecasted future cash flows to calculate the present value of those cash flows; and
- a long-term growth rate assumption, which was used to calculate the residual value of the Company before discounting to present value.
- For the market approach, the Company utilized the guideline company method and comparable transaction method by analyzing separately a population of comparable companies and comparable transactions and selected those companies considered to be the most comparable to the Company in terms of business description, size, growth, profitability, risk and return on investment, among other factors. The Company then used these guideline companies and comparable transactions to develop relevant market multiples and ratios, which were applied to the corresponding latest twelve months and forward financials to estimate total enterprise value. The Company relied on the following key assumptions for the market approach:
 - the Company's projected financial results determined as of the valuation date based on its best estimates; and
 - multiples of enterprise value to EBITDA, determined as of the valuation date, based on a group of comparable companies and comparable transactions.

15. EMPLOYEE BENEFIT PLANS

Multi-employer Defined Benefit Plans

The Company participates in and contributes to a number of multiemployer defined benefit pension plans under the terms of collective-bargaining agreements that cover certain of its union-represented employees. The risks of participating in these multi-employer plans are different from single-employer plans in the following aspects:

- a. Assets contributed to the multi-employer plan by one employer may be used to provide benefits to employees of other participating employers.

BALLY'S CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

- b. If a participating employer stops contributing to the plan, the unfunded obligations of the plan may be borne by the remaining participating employers.
- c. If the Company chooses to stop participating in some of its multi-employer plans, the Company may be required to pay those plans an amount based on the underfunded status of the plan, referred to as a withdrawal liability.

The following table outlines the Company's participation in multi-employer pension plans for the years ended December 31, 2020, 2019 and 2018 and sets forth the calendar year contributions and accruals for each plan. The "EIN/Pension Plan Number" column provides the Employer Identification Number ("EIN") and the three-digit plan number. The most recent Pension Protection Act zone status available in 2020 and 2019 relates to the plans' two most recent fiscal year-ends. The zone status is based on information that the Company received from the plans' administrators and is certified by each plan's actuary. Plans certified in the red zone are generally less than 65% funded, plans certified in the orange zone are both less than 80% funded and have an accumulated funding deficiency or are expected to have a deficiency in any of the next six plan years, plans certified in the yellow zone are less than 80% funded, and plans certified in the green zone are at least 80% funded. The "FIP/RP Status Pending/Implemented" column indicates whether a financial improvement plan ("FIP") for yellow/orange zone plans, or a rehabilitation plan ("RP") for red zone plans, is either pending or has been implemented. As of December 31, 2020 and 2019, all plans that have either a FIP or RP requirement have had the respective plan implemented.

Under the terms of certain collective bargaining agreements, the Company contributes to a number of multi-employer annuity funds. Contributions are made at a fixed rate per hour worked, in accordance with the collective bargaining agreements. These plans are not subject to the withdrawal liability provisions applicable to multi-employer defined benefit pension plans. Dover Downs Defined Benefit Pension Plans

The Company acquired two defined pension plans with the acquisition of Dover Downs on March 28, 2019, the Dover Downs Gaming & Entertainment, Inc. Pension Plan ("Dover Downs Pension Plan") and the Dover Downs Gaming & Entertainment, Inc Excess Pension Plan ("Excess Plan"). The acquisition resulted in a revaluation of the benefit pension plan obligation as of the acquisition date.

Excess Plan

Dover Downs had historically maintained the Excess Plan, a non-qualified, non-contributory defined benefit pension plan for certain employees that had been frozen since July 2011. This Excess Plan provided benefits that would otherwise be provided under the qualified Dover Downs Pension Plan but for maximum benefit and compensation limits applicable under federal tax law. The cost associated with the Excess Plan is determined using the same actuarial methods and assumptions as those used for the qualified Dover Downs Pension Plan. The Excess Plan was settled as of March 31, 2019. The Company made a settlement payment of \$0.5 million during the three months ended March 31, 2019. The settlement payment is recorded within accrued liabilities on the opening balance sheet as of the acquisition date.

Dover Downs Pension Plan

Dover Downs maintained the Dover Downs Pension Plan, a non-contributory, tax qualified defined benefit pension plan that has been frozen since July 2011. All full-time employees, and part-time employees who worked over 1,000 hours per year, were eligible to participate in the Dover Downs Pension Plan. Benefits provided by the qualified pension plan were based on years of service and employees' remuneration over their term of employment. Compensation earned by employees up to July 31, 2011 is used for purposes of calculating benefits under the Dover Downs Pension Plan with no future benefit accruals after this date.

For the defined benefit pension plan, the accumulated benefit obligation is equal to the projected benefit obligation. The following tables present the benefit obligation, fair value of plan assets and funded status of the plan:

<i>(in thousands)</i>	Year Ended December 31,

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Net periodic benefit (income) cost and other changes in plan assets and benefit obligations recognized consist of the following:

<i>(in thousands)</i>	Year Ended December 31,	
	2020	2019
Net Periodic Benefit (Income) Cost		
Interest cost	\$ 897	\$ 666
Expected return on plan assets	(1,428)	(967)
Net periodic benefit (income) cost	\$ (531)	\$ (301)
Other Changes in Plan Assets and Benefit Obligations Recognized in Other Comprehensive Income		
Net actuarial loss	\$ 1,844	\$ 2,740
Total expense recognized in other comprehensive income	\$ 1,844	\$ 2,740
Total expense recognized in net periodic benefit cost (income) and other comprehensive income (loss)	\$ 1,313	\$ 2,439

The estimated net actuarial loss expected to be amortized from accumulated other comprehensive income (loss) into net periodic benefit cost for the Dover Downs Pension Plan for the year ending December 31, 2021 is \$0.2 million.

Amounts recognized in the consolidated balance sheets as of December 31, 2020 and 2019 consist of non-current liabilities of \$9.2 million and \$8.7 million, respectively.

The principal assumptions used to determine net periodic pension benefit cost and benefit obligation under the Dover Downs Pension Plan as of December 31, 2020 consist of the following:

	Year Ended December 31,	
	2020	2019
Benefit obligation assumptions:		
Discount rate	2.55 %	3.28 %
Net periodic benefit cost assumptions:		
Discount rate	3.28 %	4.05 %
Expected return on plan assets	7.5 %	7.5 %
Average future years of service	8.9	n/a

The Company utilizes a spot rate approach to determine the benefit obligation and the subsequent years' interest cost component of the net periodic pension benefit. This method uses individual spot rates along the yield curve that correspond with the timing of each benefit payment and will provide a more precise measurement of the interest cost by improving the correlation between projected benefit cash flows and the corresponding spot yield curve rates. The Society of Actuaries' RP 2014 Total Employee and Healthy Annuitant Mortality Tables rolled back to 2006 and projected with Mortality Improvement Scale MP-2018 are also utilized.

For 2020, the assumed long-term rate of return on plan assets is 7.5%. In developing the expected long-term rate of return assumption, the Company reviewed asset class return expectations and long-term inflation assumptions and considered its historical compounded return, which was consistent with its long-term rate of return assumption.

The Company's investment goals for the Dover Downs Pension Plan assets are to achieve a combination of moderate growth of capital and income with moderate risk. Acceptable investment vehicles will include mutual funds, exchange-traded funds ("ETFs"), limited partnerships, and individual securities. Target allocations for plan assets are 60% equities and 40% fixed income. Of the equity portion, approximately 50% will be targeted to be invested in passively managed securities using ETFs and the other approximately 50% will be targeted to be invested in actively managed investment vehicles. Diversification is addressed by investing in mutual funds and ETFs which hold large, mid and small capitalization U.S. stocks, international (non-U.S.) equities, and emerging markets. A percentage of the investments are readily marketable in order to be available to fund benefit payment obligations as they become payable.

CARES Act

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") was signed into law. The CARES Act provides opportunities for additional liquidity, loan guarantees, and other government programs to support companies affected by the COVID-19 pandemic and their employees, including those that operate in the gaming area. Based on the Company's analysis of the CARES Act, the benefits the Company believes will be available to it include:

- a. refund of federal income taxes due to five-year carryback of net operating loss incurred in 2020 when our 2020 tax return is filed;
- b. relaxation of interest expense deduction limitation for income tax purposes;
- c. the employee retention credit, providing a refundable federal tax credit equal to 50% of the first \$10,000 of qualified wages and benefits, including qualified medical plan contributions, paid to employees while they are not performing services after March 12, 2020 and before January 1, 2021; and
- d. deferral of all employer Federal Insurance Contributions Act ("FICA") taxes for the remainder of 2020, 50% payable by December 2021 and the remainder payable by December 2022.

The Company realized a tax benefit of \$33.3 million in the 2020 provision. The Company intends to continue to review and consider any available potential benefits under the CARES Act for which it qualifies, including those described above. The Company cannot predict the manner in which such benefits or any of the other benefits described herein will be allocated or administered and the Company cannot provide assurances that it will be able to access such benefits in a timely manner or at all. If the U.S. government or any other governmental authority agrees to provide such aid under the CARES Act or any other crisis relief assistance, it may impose certain requirements on the recipients of the aid, including restrictions on executive officer compensation, dividends, prepayment of debt, limitations on debt and other similar restrictions that will apply for a period of time after the aid is repaid or redeemed in full.

On December 22, 2017, the SEC staff issued Staff Accounting Bulletin No. 118 ("SAB 118") to provide guidance on accounting for the tax effects of the Tax Cuts and Jobs Act (the "TCJA"). SAB 118 provides a measurement period that begins in the reporting period that includes the TCJA's enactment date and ends when an entity has obtained, prepared, and analyzed the information that was needed in order to complete the accounting requirements under ASC 740, however in no circumstance should the measurement period extend beyond one year from the enactment date. In accordance with SAB 118, a company must reflect in its financial statements the income tax effects of those aspects of the TCJA for which the accounting under ASC 740 is complete. SAB 118 provides that to the extent that a company's accounting for certain income tax effects of the TCJA is incomplete, but it is able to determine a reasonable estimate, it must record a provisional estimate in the financial statements.

In accordance with SAB 118, the Company has recorded a provisional estimated income tax benefit of \$(0.1) million for the year ended December 31, 2019 related to the remeasurement of the Company's net deferred tax liability and other effects of the TCJA. As a result of the adoption of the TCJA, the Company remeasured the net deferred tax liability at the reduced federal corporate income tax rate. During the fourth quarter of 2018, the Company completed its analysis to determine the deferred tax effect of the TCJA and recorded immaterial adjustments as of December 22, 2018.

BALLY'S CORPORATION
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

From time to time, the Company may be subject to audits covering a variety of tax matters by taxing authorities in any taxing jurisdiction where the Company conducts business. While the Company believes that the tax returns filed, and tax positions taken are supportable and accurate, some tax authorities may not agree with the positions taken. This can give rise to tax uncertainties which, upon audit, may not be resolved in the Company's favor. As of December 31, 2020, there were no tax contingency accruals for uncertain tax positions, which would impact the effective tax rate, if recognized. There were no tax contingency accruals for uncertain tax positions recorded as of December 31, 2020. There was no unrecognized tax benefit recorded as of December 31, 2020. A reconciliation of the beginning and ending balances of the gross liability for uncertain tax positions is as follows:

The Company and its subsidiaries file tax returns in several jurisdictions including the United States and the States of Colorado, Delaware, Louisiana, Mississippi, Missouri, New Jersey and Rhode Island. The Company remains subject to examination for U.S. federal income tax purposes for the years ended December 31, 2017 through 2020. The Company remains subject to examination for state tax purposes for the years ended December 31, 2012 through 2020. The Company is currently under audit by the State of Colorado for tax years ended December 31, 2012 through 2015. Based on the current status of the Colorado audit, the Company believes no additional reserves are necessary. In addition, the disallowance of a loss carryforward generated in a period outside of the normal statute of limitations is generally open until the statute of limitations expires in the year of the utilization of the loss.

The Company has a tax sharing agreement with its subsidiaries. Under the agreement, subsidiaries are required to satisfy their separate return liability and pay for benefits realized by virtue of filing a consolidated return. The Company and its subsidiaries made total cash tax payments during 2020 and 2019 of \$3.8 million and \$16.5 million, respectively, to federal and state taxing authorities. Effective July 10, 2014, the tax sharing agreement was amended to comply with the credit agreement in place related to the Company's indebtedness. The amendment limits payments to any Unrestricted Subsidiaries, as defined in the credit agreement, to the actual payments of tax made by the unrestricted subsidiary directly or indirectly to the consolidated group. As of December 31, 2020, Mile High USA, Inc. and its subsidiaries are unrestricted subsidiaries.

17. COMMITMENTS AND CONTINGENCIES

Litigation

The Company is a party to various legal and administrative proceedings which have arisen in the ordinary course of its business. Estimated losses are accrued for these proceedings when the loss is probable and can be estimated. The current liability for the estimated losses associated with these proceedings is not material to the Company's consolidated financial condition and those estimated losses are not expected to have a material impact on results of operations. Although the Company maintains what it believes is adequate insurance coverage to mitigate the risk of loss pertaining to covered matters, legal and administrative proceedings can be costly, time-consuming and unpredictable.

Although no assurance can be given, the Company does not believe that the final outcome of these matters, including costs to defend itself in such matters, will have a material adverse effect on the company's consolidated financial statements. Further, no assurance can be given that the amount or scope of existing insurance coverage will be sufficient to cover losses arising from such matters.

As of December 31, 2020, the Company has ten operating segments, Twin River Casino Hotel, Hard Rock Biloxi, Tiverton Casino Hotel, Dover Downs, the Black Hawk Casinos, Casino KC, Casino Vicksburg, Bally's Atlantic City, Shreveport and Mile High USA. Beginning in the third quarter of 2020, the Company changed its reportable segments to better align with its strategic growth initiatives in light of recent and pending acquisitions. The growth and diversification achieved through the Company's acquisitions has resulted in a change in the way the Company's chief operating decision maker makes operating decisions, assesses the performance of the business and allocates resources. As a result, the Company's operating segments are aggregated into four reportable segments: Rhode Island, Mid-Atlantic, Southeast and West. As of December 31, 2020, the Company's Rhode Island reportable segment includes Twin River Casino Hotel and Tiverton Casino Hotel, the Mid-Atlantic reportable segment includes Dover Downs and Bally's Atlantic City, the Southeast reportable segment includes Hard Rock Biloxi, Casino Vicksburg and Shreveport, and the West reportable segment includes Casino KC and the Black Hawk Casinos. As of December 31, 2020, and reflected in the table below, the "Other" category includes Mile High USA, an immaterial operating segment, and also includes interest expense for the Company and certain corporate operating expenses that are not allocated to the other segments, which include, among other expenses, share-based compensation, merger and acquisition costs, and certain non-recurring charges. Hard Rock Biloxi and Dover Downs were previously reported as "Biloxi" and "Delaware" reportable segments, respectively, and prior year amounts have been conformed into the new presentation. Black Hawk Casinos was previously included in the "Other" category since its acquisition on January 23, 2020.

The Company is currently evaluating the impact that its pending casino acquisitions and developments will have on its operating and reporting segments. It is expected that MontBleu will be reported with the West, but no determination has been made for Tropicana Evansville, Jumer's or the Centre City, Pennsylvania development project. In addition, the Company is expecting to create new reportable segment which would include SportCaller, Monkey Knife Fight and Bet.Works as the Bally's Interactive segment.

The Company's operations are all within the United States. The Company does not have any revenues from any individual customers that exceed 10% of total reported revenues.

ITEM 9A. CONTROLS AND PROCEDURES

Management's Evaluation of Disclosure Controls and Procedures

Our management, with the participation of our chief executive officer (principal executive officer) and chief financial officer (principal financial officer), conducted an evaluation of the effectiveness of our disclosure controls and procedures as of the end of the year ended December 31, 2020, as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act. Based on this evaluation, our chief executive officer and chief financial officer have concluded that during the period covered by this report, our disclosure controls and procedures were effective.

Disclosure controls and procedures are designed to ensure that information required to be disclosed by us in our Exchange Act reports is recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our principal executive officer and principal financial officer or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

Management's Report on Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting. Internal control over financial reporting is defined in Rule 13a-15(f) and 15d-15(f) under the Exchange Act as a process designed by, or under the supervision of, the Company's principal executive and principal financial officers and effected by the Company's Board of Directors, management and other personnel to provide reasonable assurance regarding the reliability of financial statements for external purposes in accordance with generally accepted accounting principles and includes those policies and procedures that:

- pertain to the maintenance of records that in reasonable detail accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the Company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Projections of any evaluation of effectiveness to future periods are subject to the risks that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate. Management assessed the effectiveness of the Company's internal control over financial reporting as of December 31, 2020. In making this assessment, management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in Internal Control-Integrated Framework (2013).

During the year ended December 31, 2020, the Company completed its acquisitions of the Black Hawk Casinos on January 23, 2020, Casino KC and Casino Vicksburg on July 1, 2020, Bally's Atlantic City on November 18, 2020 and the Eldorado Resort Casino Shreveport on December 23, 2020, collectively (the "Acquired Companies"). Since the Company has not yet fully incorporated the internal controls and procedures of the Acquired Companies into the Company's internal control over financial reporting, management excluded the Acquired Companies from its assessment of the effectiveness of the Company's internal control over financial reporting as of December 31, 2020. These acquisitions on a combined basis constituted approximately 32% of the Company's total consolidated assets and approximately 19% of the Company's consolidated revenues as of and for the year ended December 31, 2020.

Based on our assessment, management believes that, as of December 31, 2020, the Company's internal control over financial reporting is effective based on these criteria.

This Annual Report on Form 10-K does not include, and we are not required to include, as attestation report of our independent registered public accounting firm on the effectiveness of our internal control over financial reporting pursuant to Section 404(b) for as long as we remain an “emerging growth company” as defined in the JOBS Act.

Changes in Internal Control over Financial Reporting

During the year ended December 31, 2020, the Company completed its acquisitions of the Black Hawk Casinos on January 23, 2020, Casino KC and Casino Vicksburg on July 1, 2020, Bally’s Atlantic City on November 18, 2020 and the Eldorado Resort Casino Shreveport on December 23, 2020, collectively (the “Acquired Companies”). See Note 5 “Acquisitions” included in Part II. Item 8 of this Annual Report on Form 10-K for a discussion of the acquisitions and related financial data. The Company is currently in the process of integrating the Acquired Companies’ internal controls over financial reporting. Except for the inclusion of the Acquired Companies, there has been no change in our internal control over financial reporting that occurred during the fourth quarter of 2020 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

FOURTH SUPPLEMENTAL INDENTURE

FOURTH SUPPLEMENTAL INDENTURE (this “Fourth Supplemental Indenture”), dated as of February 3, 2021, among Bally’s Corporation (f/k/a Twin River Worldwide Holdings, Inc.), a Delaware corporation (the “Issuer”), the Guarantors (as defined in the Indenture referred to herein, as amended and supplemented from time to time) and U.S. Bank National Association, as trustee (in such capacity, the “Trustee”).

WITNESSETH

WHEREAS, the Issuer, the Guarantors and the Trustee are party to an indenture dated as of May 10, 2019 (as amended and supplemented, the “Indenture”) relating to the Issuer’s 6.750% Senior Notes due 2027 (the “Notes”);

WHEREAS, Section 9.02 of the Indenture provides that the Issuer, the Guarantors and the Trustee may, with the consent of the Holders of at least a majority in aggregate principal amount of the Notes then outstanding (the “Requisite Consents”), enter into a supplemental indenture for the purpose of amending the Indenture;

WHEREAS, the Issuer has solicited consents (the “Consent Solicitation”) from each Holder of the Notes upon the terms and subject to the conditions set forth in the Consent Solicitation Statement, dated as of January 28, 2021 (the “Consent Solicitation Statement”), as the same may be further amended, supplemented or modified;

WHEREAS, the Consent Solicitation contemplates the proposed amendment to the Indenture (the “Proposed Amendment”) set forth herein and a supplemental indenture in respect of the Proposed Amendment being executed and delivered, with the operation of such Proposed Amendment being subject to, among other things, the receipt by the Issuer of the Requisite Consents at or prior to the Expiration Time (as defined in the Consent Solicitation Statement) and the payment by the Issuer of the aggregate Consent Fee (as defined in the Consent Solicitation Statement) payable in respect of the Consent Solicitation;

WHEREAS, the Issuer has received the Requisite Consents to effect the Proposed Amendment and has furnished to the Trustee evidence of such Requisite Consents;

WHEREAS, the Issuer and the Guarantors are authorized to execute and deliver this Fourth Supplemental Indenture;

WHEREAS, the Issuer has requested that the Trustee execute and deliver this Fourth Supplemental Indenture; and

WHEREAS, all conditions and requirements necessary to the execution and delivery of this Fourth Supplemental Indenture have been done and performed, and the execution and delivery hereof has been in all respects authorized.

NOW, THEREFORE, in consideration of the foregoing and for other good and valuable consideration, the receipt of which is hereby acknowledged, the parties to this Fourth Supplemental Indenture mutually covenant and agree for the equal and ratable benefit of the Holders of the Notes as follows:

1. Capitalized Terms. Capitalized terms used herein without definition will have the meanings assigned to them in the Indenture.
 2. Amendment to the Indenture. Section 4.09(b)(1) of the Indenture is hereby amended to change the reference to “745.0 million” to “\$975.0 million.”
 3. Effect and Operation of Fourth Supplemental Indenture. This Fourth Supplemental Indenture will be effective and binding immediately upon its execution and thereupon this Fourth Supplemental Indenture will form a part of the Indenture for all purposes, and every Holder of a Note heretofore or hereafter authenticated and delivered under the Indenture will be bound hereby; *provided, however*, that notwithstanding anything in the Indenture or this Fourth Supplemental Indenture to the contrary, the Proposed Amendment in this Fourth Supplemental Indenture will not be operative until the Issuer has paid or caused to be paid the aggregate Consent Fee payable in respect of the Consent Solicitation. If the Consent Solicitation is terminated or withdrawn, or the aggregate Consent Fee is not paid for any reason, this Fourth Supplemental Indenture will not become operative.
 4. No Recourse Against Others. No manager, managing director, director, officer, employee, incorporator or holder of any Equity Interests in the Issuer, any Subsidiary or any direct or indirect parent of the Issuer, as such, will have any liability for any obligations of the Issuer or any Guarantor under the Notes, the Fourth Supplemental Indenture, the Indenture, the Guarantees or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each Holder of the Notes, by accepting a Note, waives and releases all such liability. This waiver and release are part of the consideration for issuance of the Notes. This waiver may not be effective to waive liabilities under the federal securities laws and it is the view of the SEC that such a waiver is against public policy.
 5. Ratification of Indenture; Fourth Supplemental Indenture Part of Indenture. Except as expressly amended hereby, the Indenture is in all respects ratified and confirmed and all the terms, conditions and provisions thereof will remain in full force and effect. This Fourth Supplemental Indenture will form a part of the Indenture for all purposes, and every Holder of Notes heretofore or hereafter authenticated and delivered will be bound hereby.
 6. GOVERNING LAW. THE INTERNAL LAW OF THE STATE OF NEW YORK WILL GOVERN AND BE USED TO CONSTRUCT THIS FOURTH SUPPLEMENTAL INDENTURE WITHOUT GIVING EFFECT TO APPLICABLE PRINCIPLES OF CONFLICTS OF LAW TO THE EXTENT THAT THE APPLICATION OF THE LAWS OF ANOTHER JURISDICTION WOULD BE REQUIRED THEREBY.
 7. Counterparts. This Fourth Supplemental Indenture may be executed in counterparts, each of which when so executed will be deemed to be an original and all of which when taken together will constitute one and the same instrument. Any signature to this Fourth Supplemental Indenture may be delivered by facsimile, electronic mail (including pdf) or any electronic signature complying with the U.S. federal ESIGN Act of 2000 or the New York Electronic Signature and Records Act or other transmission method and any counterpart so delivered will be deemed to have been duly and validly delivered and be valid and effective for all purposes to the fullest extent permitted by applicable law. For the avoidance of doubt, the foregoing also applies to any amendment, extension or renewal of this Fourth Supplemental Indenture.

8. Effect of Headings. The section headings herein are for convenience only and will not affect the construction hereof.

9. The Trustee. The Trustee will not be responsible in any manner whatsoever for or in respect of the validity or sufficiency of this Fourth Supplemental Indenture or the Notes or for or in respect of the recitals contained herein, all of which recitals are made solely by the Issuer and the Guarantors. The Trustee will not be accountable for the use or application by the Issuer of the Notes or the proceeds thereof. In acting hereunder and with respect to the Notes, the rights, privileges, protections, immunities and benefits afforded to the Trustee under the Indenture, including, without limitation, its right to be indemnified, are deemed to be incorporated herein, and will be enforceable by the Trustee hereunder, in each of its capacities hereunder as if set forth herein in full.

10. Miscellaneous. For the avoidance of doubt, all notices, approvals, consents, requests and any communications hereunder or with respect to the Notes must be in writing (provided that any communication sent to the Trustee hereunder must be in the form of a document that is signed manually or by way of a digital signature provided by DocuSign or Adobe (or such other digital signature provider as specified in writing to Trustee by the authorized representative), in English. The Issuer agrees to assume all risks arising out of the use of using digital signatures and electronic methods to submit communications to the Trustee, including without limitation the risk of the Trustee acting on unauthorized instructions, and the risk of interception and misuse by third parties.

**DESCRIPTION OF REGISTRANT'S SECURITIES
REGISTERED UNDER SECTION 12 OF THE
SECURITIES EXCHANGE ACT OF 1934**

The following is a summary of certain information concerning Bally's Corporation's (the "Company," "Bally's," "we," "us," or "our") securities registered pursuant to Section 12 of the Securities and Exchange Act of 1934, as amended. The summaries and descriptions below do not purport to be complete statements of the relevant provisions the Company's amended and restated certificate of incorporation (the "Certificate of Incorporation") and amended and restated bylaws (the "Bylaws"). The summaries are qualified in their entirety by reference to the complete text of Bally's Certificate of Incorporation and Bylaws, which are included as exhibits to the Company's Annual Report on Form 10-K for the year ended December 31, 2020, of which this exhibit is a part, and by provisions of applicable law.

DESCRIPTION OF CAPITAL STOCK

General

Our authorized capital stock consists of 100,000,000 shares of common stock, par value \$0.01 per share. The outstanding shares of our common stock are duly authorized, validly issued, fully paid and non-assessable.

Common Stock

Dividend Rights. Dividends may be declared by our board of directors from time to time.

Voting Rights. Each share of common stock is entitled to one vote. At each stockholders meeting, all matters will be decided by a majority of the votes (except with respect to the election of directors, who are elected by a plurality of the votes) cast at such meeting by the holders of shares of capital stock present or represented by proxy and entitled to vote thereon with a quorum being present (except in cases where a greater number of votes is required by law, our Certificate of Incorporation or our Bylaws).

Other Rights. Our common stock has no preemptive rights or no cumulative voting rights and there are no redemption, sinking fund or conversion provisions in our Certificate of Incorporation or our Bylaws.

Delaware Anti-Takeover Law

We are subject to Section 203 of the DGCL. Section 203 generally prohibits a public Delaware corporation from engaging in a "business combination" with an "interested stockholder" for a period of three years after the date of the transaction in which the person became an interested stockholder, unless: prior to the date of the transaction, the board of directors of the corporation

approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder; upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the number of shares outstanding (a) shares owned by persons who are directors and also officers and (b) shares owned by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or on or subsequent to the date of the transaction, the business combination is approved by the board of directors and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66⅔% of the outstanding voting stock which is not owned by the interested stockholder. Section 203 defines a business combination to include: any merger or consolidation involving the corporation and the interested stockholder; any sale, transfer, pledge or other disposition involving the interested stockholder of 10% or more of the assets of the corporation; subject to exceptions, any transaction that results in the issuance or transfer by the corporation of any stock of the corporation to the interested stockholder; and the receipt by the interested stockholder of the benefit of any loans, advances, guarantees, pledges or other financial benefits provided by or through the corporation.

In general, Section 203 defines an interested stockholder as any entity or person beneficially owning 15% or more of the outstanding voting stock of the corporation or any entity or person affiliated with or controlling or controlled by the entity or person.

Anti-takeover Effects of Certain Provisions of our Certificate of Incorporation and our Bylaws

In addition to regulatory requirements applicable to us and the ownership of our shares, some provisions of the DGCL and our Certificate of Incorporation and our Bylaws could have the effect of delaying, deferring or discouraging another party from acquiring control of the Company. These provisions, which are summarized below, are intended to discourage coercive takeover practices and inadequate takeover bids. These provisions are also designed to encourage persons seeking to acquire control of the Company to first negotiate with our board of directors.

Requirements for Advance Notification of Stockholder Nominations and Proposals and Director Qualification Requirements. Our Bylaws establish advance notice procedures with respect to stockholder proposals, other than proposals made by or at the direction of our board of directors. Proper notice must be timely, in proper written form, and must set forth certain details of the nomination or proposal. The Chairman of the meeting may determine that a nomination or proposal was defective and should be disregarded. In addition, our Bylaws provide that no person may serve as a member of our board of directors, or be elected or nominated for such a position, unless, at the time of such service, election or nomination, such person has been licensed by applicable regulatory authorities. Together, these provisions may have the effect of precluding the conduct of certain business at a meeting if the proper procedures are not followed, and may also discourage or deter a potential acquirer from conducting a solicitation of proxies to elect the acquirer's own slate of directors or otherwise attempting to obtain control of us.

Classified Board of Directors. Our Certificate of Incorporation provides that our board of directors is divided into three classes, each of which will hold office for a three-year term.

Calling Special Stockholder Meetings. Our Bylaws provide that special meetings of our stockholders may be called only by the Chairman of our board of directors, by a majority of the whole board or by holders of our common stock who hold at least 20% of the outstanding common stock entitled to vote generally in the election of directors.

Removal of Directors. Our Bylaws state that any director or the entire board of directors may be removed only for cause by the holders of a majority of the shares then entitled to vote at an election of directors.

Limitation on Financial Interest. Our Certificate of Incorporation and Bylaws provide that we may not permit any person or entities to acquire a direct or indirect entity or economic interest in us equal to or greater than 5% of any class of equity or economic interests without the approval of the relevant gaming authorities (subject to certain specified exceptions). Any transfer of shares of our common stock that results in a person acquiring more than such 5% threshold shall not be recognized until the relevant gaming authorities have consented to such transfer. Our Certificate of Incorporation also provides that an additional license or consent from the gaming authorities is required for ownership equal to or greater than 20% of any class of equity interests of Bally's. In addition, our Bylaws also include limitations and restrictions on ownership of common stock relating to regulatory requirements and licenses, including restrictions on transfers that would violate applicable gaming laws and repurchase rights in the event that shareholders are determined to be unsuitable to hold our common shares. Our Bylaws impose additional restrictions to ensure compliance with relevant gaming and regulatory requirements, including our ability to withhold dividend payments and redeem or purchase a holder's common stock if a gaming authority or the board of directors determines the holder to be an "unsuitable person" as defined in certain gaming laws.

Limitation of Liability of Officers and Directors; Indemnification

Our Certificate of Incorporation states that a director will not be personally liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (1) for any breach of the director's duty of loyalty to us or our stockholders, (2) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (3) under Section 174 of the DGCL, or (4) for any transaction from which the director derived any improper personal benefit. The DGCL also prohibits limitations on director liability for acts or omissions which resulted in a violation of a statute prohibiting the declaration of certain dividends, certain payments to stockholders after dissolution and particular types of loans. The effect of these provisions is to eliminate our rights and the rights of our stockholders (through stockholders' derivative suits on behalf of the Company) to recover monetary damages against a director for breach of fiduciary duty as a director (including breaches resulting from grossly negligent behavior), except in the situations described above. If the DGCL is amended to authorize, with the approval of a corporation's stockholders, further reductions in the liability of

a corporation's directors for breach of fiduciary duty, then our directors will not be liable for any such breach to the fullest extent permitted by the DGCL as so amended. Any repeal or modification of the foregoing provisions of our Certificate of Incorporation by our stockholders will not adversely affect any right or protection of our directors existing at the time of such repeal or modification. We have also entered into agreements to indemnify our directors and officers, as well as our employees and agents, to the fullest extent permitted or required by Delaware law. To the extent the indemnification for liabilities arising under the Securities Act of 1933, as amended (the "Securities Act") may be granted to our directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, we have been advised that, in the opinion of the U.S. Securities and Exchange Commission, such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

Choice of Forum

Our Bylaws state that unless the board of directors consents in writing to the selection of an alternative forum, the sole and exclusive forum for (1) any derivative action or proceeding brought on behalf of the Company, (2) any action asserting a claim of breach of a fiduciary duty owed by any director, officer or other employee to us or our stockholders, (3) an action asserting a claim arising pursuant to any provision of the DGCL or our Certificate of Incorporation or our Bylaws (as any of the foregoing may be amended from time to time), or (4) any action asserting a claim governed by the internal affairs doctrine, will be the Court of Chancery in the State of Delaware (or, if the Court of Chancery does not have jurisdiction, the federal district court for the District of Delaware).

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is American Stock Transfer & Trust Company, LLC.

Listing

Our common stock is listed on the NYSE under the symbol "BALY."

Section 1. Vesting; Exercisability.

(a) The Holder’s right to exercise this Warrant with respect to the Warrant Shares is subject to limitations on exercisability as set forth in this Section 1.

(b) This Warrant and the Holder’s rights hereunder with respect to [●] Warrant Shares (subject to adjustment (i) as set forth in this Warrant, including, without limitation, Section 3 and (ii) as set forth in the Transaction Agreement) will be exercisable from and after the Issue Date.

(c) Notwithstanding anything to the contrary in this Warrant, in no event will the Company issue to the Holder, or the Holder be entitled to acquire on exercise, any Warrant Shares that, after giving effect to such issuance and when added to the number of shares of Common Stock previously issued to the Holder pursuant to this Warrant and any Contingent Consideration Warrant and otherwise Beneficially Owned by the Holder, (i) would subject the Holder to any Gaming Approval under any applicable Gaming Laws (both as defined in the Transaction Agreement) unless and until such approvals have been obtained, (ii) would violate the restrictions contained in Section 4.07 the Company's Amended and Restated Certificate of Incorporation (as may be amended from time to time, the "Charter"), or (iii) would violate the restrictions contained in the Company's Amended and Restated Bylaws (as may be amended from time to time, the "Bylaws"), and, in particular, Section 5.10 (Gaming and Regulatory Matters) (collectively, the "Regulatory Limitation"). For all purposes of this Warrant, the Company will be entitled to conclusively rely upon information furnished to it by the Holder at the Company's request. To the extent that a Regulatory Limitation prevents the issuance of Warrant Shares hereunder, at the request of the Holder, the Company and the Holder will reasonably cooperate to restructure this Warrant and/or modify the terms hereof (while maintaining the economic terms thereof) in such manner and to take such other actions reasonably necessary to avoid and/or eliminate the Regulatory Limitation in compliance with applicable Law.

(e) Notwithstanding anything to the contrary in this Warrant, any issuance of Warrant Shares that results in the Holder owning shares of Common Stock equal to 5% or more of the outstanding shares of Common Stock or other applicable limitations pursuant to the Charter, Bylaws or Gaming Laws (as defined in the Transaction Agreement) without having obtained all applicable approvals thereunder will be null and void and will not be recognized by the Company unless the governmental approvals under all applicable Charter, Bylaws and Gaming Laws (as defined in the Transaction Agreement) have been obtained.

Section 2. Exercise. (a) Subject to Section 1, exercise of the rights represented by this Warrant with respect to Warrant Shares may be effected, in whole or in part, at any time or times on or after the Issue Date and on or before the Termination Date by delivery to the Company (or such other office or agency of the Company as it may designate by notice in writing to the registered Holder at the address of the Holder appearing on the books of the Company) of a duly completed and executed copy of a notice of exercise substantially in the form attached hereto as Exhibit A (a "Notice of Exercise"). The date on which such delivery will have taken place (or be deemed to have taken place) will be referred to herein as the "Exercise Date". Within two trading days following the date of exercise as aforesaid, the Holder will deliver the aggregate Exercise Price for the shares specified in the applicable Notice of Exercise, at its option, (i) by wire transfer or cashier's check drawn on a United States bank or (ii) by cashless exercise as set forth in Section 2(d); provided, however, in the event that the Holder has not delivered such aggregate Exercise Price within two trading days following the date of such exercise as aforesaid, the Company will not be obligated to deliver such Warrant Shares hereunder until such payment is made. No ink-original Notice of Exercise will be required, nor will any medallion guarantee (or

other type of guarantee or notarization) of any Notice of Exercise be required. Notwithstanding anything herein to the contrary, the Holder will not be required to physically surrender this Warrant to the Company until the Holder has purchased all of the Warrant Shares available hereunder and the Warrant has been exercised in full, in which case, the Holder will surrender this Warrant to the Company for cancellation within three Business Days after the relevant event will have occurred. Partial exercises of this Warrant resulting in purchases of a portion of the total number of Warrant Shares available hereunder will have the effect of lowering the outstanding number of Warrant Shares purchasable hereunder in an amount equal to the applicable number of Warrant Shares purchased. The Holder and the Company will maintain records showing the number of Warrant Shares purchased and the date of such purchases. The Company will deliver any objection to any Notice of Exercise within two Business Days of receipt of such notice. **The Holder, by acceptance of this Warrant, acknowledges and agrees that, by reason of the provisions of this paragraph, following the purchase of a portion of the Warrant Shares hereunder, the number of Warrant Shares available for purchase hereunder at any given time may be less than the amount stated on the face hereof.**

(b) Exercise Price. The “Exercise Price” per Warrant Share will be \$[●], subject to any adjustment required by Section 3.

(c) Mechanics of Exercise. (i) Delivery of Warrant Shares Upon Exercise. Upon each exercise of this Warrant, the Company will promptly, but in no event later than two trading days after delivery of the applicable Notice of Exercise (subject to delivery by the Holder to the Company of the aggregate Exercise Price payable pursuant to Section 2(b) or pursuant to the cashless exercise provisions of Section 2(d)), instruct the transfer agent for the Common Stock (the “Transfer Agent”) to record the issuance of the Warrant Shares purchased hereunder to the Holder in book-entry form pursuant to the Transfer Agent’s regular procedures. The Warrant Shares will be deemed to have been issued, and the Holder will be deemed to have become a holder of record of such shares for all purposes, as of the Exercise Date with payment to the Company of the Exercise Price having been paid.

(ii) Rescission Rights. If the Company fails to issue or cause to have issued the Warrant Shares pursuant to Section 2(c)(i) within two trading days after delivery of the applicable Notice of Exercise, then the Holder will have the right to rescind such exercise. The right of rescission of the Holder under this Section 2(c)(ii) is subject to delivery by the Holder of the aggregate Exercise Price payable pursuant to Section 2(b) or Section 2(d).

(iii) No Fractional Shares or Scrip. No fractional shares or scrip representing fractional shares will be issued upon the exercise of this Warrant. As to any fraction of a share which the Holder would otherwise be entitled to purchase upon such exercise, the Company will, at its election, either pay a cash adjustment in respect of such final fraction in an amount equal to such fraction multiplied by the Market Price or round up to the next whole share.

(iv) Charges, Taxes and Expenses. Issuance of Warrant Shares will be made without charge to the Holder for any issue, transfer, stamp or other tax or other incidental expense in respect of the issuance of such Warrant Shares, all of which taxes and expenses will be paid by the Company, and such Warrant Shares will be issued in the name of the Holder. Without limiting the generality of the foregoing, the Company will pay all fees required for same-day processing of any Notice of Exercise.

(v) Closing of Books. The Company will not close its stockholder books or records in any manner which prevents the timely exercise of this Warrant pursuant to the terms hereof.

(d) In lieu of paying the aggregate Exercise Price for the Warrant Shares specified in the applicable Notice of Exercise by wire transfer or cashier's check drawn on a United States bank pursuant to Section 2(a), the Holder may elect to exercise the purchase rights represented by this Warrant by authorizing the Company to withhold and not issue to the Holder, in payment of the Exercise Price thereof, a number of such Warrant Shares equal to (i) the number of Warrant Shares for which the Warrant is being exercised, multiplied by (ii) the Exercise Price, and divided by (iii) the Market Price on the Exercise Date (and such withheld Warrant Shares will no longer be issuable under the Warrant, and the Holder will not have any rights or be entitled to any payment with respect to such withheld Warrant Shares).

Section 3. Certain Adjustments. (a) Stock Dividends, Subdivision, Combinations and Consolidations. If the Company, at any time while this Warrant is outstanding (in whole or in part): (i) pays a stock dividend or makes a distribution on shares of Common Stock (or other class of Capital Stock then issuable upon exercise of this Warrant) in the form of shares of its Common Stock (or other class of Capital Stock then issuable upon exercise of this Warrant), (ii) subdivides outstanding shares of Common Stock (or other class of Capital Stock of the Company then issuable upon exercise of this Warrant) into a larger number of shares, or (iii) combines or consolidates (including, without limitation, by reverse stock split) outstanding shares of Common Stock (or other class of Capital Stock of the Company then issuable upon exercise of this Warrant) into a smaller number of shares, then, in each case, the number of shares of Common Stock (or other class of Capital Stock of the Company issuable upon exercise of this Warrant) issuable after such event upon exercise of this Warrant will be equal to the number of shares of Common Stock (or other class of Capital Stock of the Company then issuable upon exercise of this Warrant) issuable upon exercise of this Warrant prior to such event multiplied by a fraction of which the numerator will be the number of shares of Common Stock (or other class of Capital Stock issuable upon exercise of this Warrant) outstanding immediately after such event and of which the denominator will be the number of shares of Common Stock (or other class of Capital Stock issuable upon exercise of this Warrant) outstanding immediately before such event, and the Exercise Price will be proportionately adjusted such that the aggregate Exercise Price of this Warrant will remain unchanged. Any adjustment made pursuant to this Section 3(a) will become effective immediately after the record date for the determination of stockholders entitled to receive such dividend or distribution and will become effective immediately after the effective date in the case of a subdivision, combination or consolidation.

(b) Reclassifications, Reorganizations, Consolidations and Mergers. In the event of (i) any capital reorganization of the Company, (ii) any reclassification or recapitalization of the stock of the Company (other than (A) a change in par value or from par value to no par value or from no par value to par value or (B) as a result of a stock dividend, subdivision, combination or consolidation of shares as to which Section 3(a) will apply), or (iii) any Change of Control, consolidation or merger of the Company with or into another Person (where the Company is not the surviving corporation or where there is a change in or distribution with respect to the Common Stock or any other class of Capital Stock then issuable upon exercise of this Warrant), this Warrant will, after such reorganization, reclassification, recapitalization, Change of Control, consolidation or merger, be exercisable for the kind and number of shares of stock or other securities or property ("Alternate Consideration") of the Company or of the successor corporation resulting from such consolidation or surviving such merger, if any (and/or the issuer of the Alternate Consideration, as applicable) to which the holder of the number of shares of Common Stock (or such other class of Capital Stock) underlying this Warrant (at the time of such reorganization, reclassification, recapitalization, consolidation or merger, and subject to the limitations set forth in Sections 1(e) and 1(g), if applicable) would have been entitled upon such reorganization, reclassification, recapitalization, Change of Control, consolidation or merger. In such event, the aggregate Exercise Price otherwise payable for the shares of Common Stock (or such other class of Capital Stock) issuable upon exercise of this Warrant will be allocated among the Alternate Consideration receivable as a result of such reorganization, reclassification, recapitalization, Change of Control, consolidation, or merger in proportion to the respective Fair Market Value of such Alternate Consideration. If and to the extent that the holders of Common Stock (or such other class of Capital Stock) have the right to elect the kind or amount of consideration receivable upon consummation of such reorganization, reclassification, recapitalization, Change of Control, consolidation or merger, then the consideration that the Holder will be entitled to receive upon exercise will be specified by the Holder, which specification will be made by the Holder by the later of (A) ten Business Days after the Holder is provided with a final version of all material information concerning such choice as is provided to the holders of Common Stock (or such other class of Capital Stock) and (B) the last time at which the holders of Common Stock (or such other class of Capital Stock) are permitted to make their specifications known to the Company; provided, however, that if the Holder fails to make any specification within such time period, the Holder's choice will be deemed to be whatever choice is made by a plurality of all holders of Common Stock (or such other class of Capital Stock) that are not affiliated with the Company (or, in the case of a consolidation or merger, any other party thereto) and affirmatively make an election (or of all such holders if none of them makes an election). From and after any such reorganization, reclassification, recapitalization, Change of Control, consolidation or merger, all references to "Warrant Shares" and similar references herein will be deemed to refer to the Alternate Consideration to which the Holder is entitled pursuant to this Section 3(b). In the event of any Change of Control, consolidation or merger in which the Company is not the continuing or surviving corporation or entity (or is not the issuer of the Alternate Consideration), proper provision will be made so that such continuing or surviving corporation or entity (and/or

the issuer of the Alternate Consideration) will agree to carry out and observe the obligations of the Company under this Warrant such that the provisions of this Section 3 will similarly apply with respect to the Alternate Consideration and similarly apply to successive reorganizations, reclassifications, recapitalizations, Change of Control, consolidations, or mergers.

(c) Participation in Distributions. During such time as this Warrant is outstanding, if the Company declares or makes any cash or non-cash dividend or other distribution of its assets (or rights to acquire its assets) to holders of shares of Common Stock (or other class of Capital Stock then issuable upon exercise of this Warrant), by way of return of capital or otherwise (including, without limitation, any distribution of cash, stock or other securities, property or options by way of a dividend, spin off, reclassification, corporate rearrangement, scheme of arrangement or other similar transaction) other than any dividend or distribution referred to in Section 3(a) or Section 3(b) (a “Distribution”), at any time after the issuance of this Warrant, then, in each such case, the Holder will be entitled to participate in such Distribution to the same extent that the Holder would have participated therein if the Holder had held the number of shares of Common Stock (or other class of Capital Stock then issuable upon exercise of this Warrant) acquirable upon complete exercise of this Warrant immediately before the date of which a record is taken for such Distribution, or, if no such record is taken, the date as of which the record holders of shares of Common Stock (or other class of Capital Stock then issuable upon exercise of this Warrant) are to be determined for the participation in such Distribution, provided, however, to the extent that a Regulatory Limitation prevents the Holder from participating in any non-cash Distribution, then the Holder will not be entitled to participate in such Distribution to such extent and the portion of such Distribution will be held in abeyance for the benefit of the Holder until such time, if ever, as its right thereto would not be subject to a Regulatory Limitation; provided, further, that the Holder is unable to participate in all or any portion of a cash Distribution by reason of a Regulatory Limitation, the number of shares of Common Stock (or other class of Capital Stock) for which this Warrant will be exercisable will be increased by a number of shares equal to (x) the aggregate amount of the cash Distribution that the Holder is unable to participate in by reason of a Regulatory Limitation, divided by (y) the Market Price per share of shares of Common Stock (or other class of Capital Stock), the Exercise Price will be proportionately adjusted such that the aggregate Exercise Price of this Warrant will remain unchanged and such adjustment will become effective immediately after the record date for the determination of stockholders entitled to receive such cash Distribution. To the extent that a Regulatory Limitation prevents the Holder from participating in any Distribution not subject to the foregoing proviso, at the request of the Holder, the Company and the Holder will reasonably cooperate to restructure this Warrant and/or modify the terms hereof (while maintaining the economic terms thereof) in such manner and to take such other actions reasonably necessary to avoid and/or eliminate the Regulatory Limitation and allow the Holder to receive such Distribution.

(d) Calculations. All calculations under this Section 3 will be made to the nearest cent or the nearest 1/100th of a share, as the case may be. For purposes of this Section 3, the number of shares of Common Stock (or such other security as is

then issuable upon exercise of this Warrant) deemed to be issued and outstanding as of a given date will be the sum of the number of shares of Common Stock (or such other security) (excluding treasury shares, if any) issued and outstanding on such date.

(f) Notice to Holder.

(i) Adjustment to Terms of Warrant. Whenever any of the terms of this Warrant are adjusted pursuant to any provision of this Section 3 or any other applicable provision hereof, the Company will promptly send to the Holder a notice signed by a duly authorized officer of the Company and setting forth (x) the Exercise Price, number of Warrant Shares and, if applicable, the kind and amount of Alternate Consideration purchasable hereunder after such adjustment and (y) the facts requiring such adjustment in reasonable detail.

(ii) Notice to Allow Exercise by Holder. If, during the period in which this Warrant is outstanding, (A) the Company declares a dividend (or any other distribution in whatever form) on the Common Stock (or other class of Capital Stock then issuable upon exercise of this Warrant), (B) the Company declares a cash dividend on or a redemption of the Common Stock (or other class of Capital Stock then issuable upon exercise of this Warrant), (C) the Company authorizes the granting to all holders of the Common Stock (or other class of Capital Stock then issuable upon exercise of this Warrant) rights or warrants to subscribe for or purchase any shares of capital stock of any class or of any rights, (D) the approval of any stockholders of the Company will be required in connection with any reclassification of the Common Stock, any consolidation or merger to which the Company is a party, any sale or transfer of all or substantially all of the assets of the Company, or any compulsory share exchange whereby the Common Stock (or other class of Capital Stock then issuable upon exercise of this Warrant) is converted into other securities, cash or property, or (E) the Company authorizes the voluntary or involuntary dissolution, liquidation or winding up of the affairs of the Company, then, in each case, the Company will cause to be mailed to the Holder at its last address as it will appear upon the Warrant Register of the Company, at least 20 calendar days prior to the applicable record or effective date hereinafter specified, a notice stating (x) the date on which a record is to be taken for the purpose of such dividend, distribution, redemption, rights or warrants, or if a record is not to be taken, the date as of which the holders of the Common Stock (or other class of Capital Stock then issuable upon exercise of this Warrant) of record to be entitled to such dividend, distributions, redemption, rights or warrants are to be determined or (y) the date on which such reclassification, Change of Control, consolidation, merger, sale, transfer or share exchange is expected to become effective or close, and the date as of which it is expected that holders of the Common Stock (or other class of Capital Stock then issuable upon exercise of this Warrant) of record will be entitled to exchange their shares of the Common Stock (or other class of Capital Stock then issuable upon exercise of this Warrant) for securities, cash or other property deliverable upon such reclassification, consolidation, merger, sale, transfer or share exchange; provided that the failure to mail such notice or any defect therein or in the mailing thereof will not affect the validity of the corporate action required to be specified in such notice. To the extent that any notice provided hereunder constitutes, or contains, material, non-public information regarding the Company or any of the Subsidiaries, the Company will simultaneously file such notice with the Securities and Exchange Commission (the

“SEC”) pursuant to a Current Report on Form 8-K. The Holder will remain entitled to exercise this Warrant during the period commencing on the date of such notice to the effective date of the event triggering such notice except as may otherwise be expressly set forth herein.

Section 4. Transferability. (a) The Holder may not sell, assign, transfer, pledge or dispose of any portion of this Warrant.

(b) Redemption. The Holder acknowledges and agrees to be bound by the terms of Section 2.9 and Section 8.2 of the Transaction Agreement as if it were a party thereto. Such redemption rights will apply to this Warrant.

Section 5. Miscellaneous. (a) No Rights as Stockholder Until Exercise. Except as expressly set forth herein, this Warrant does not entitle the Holder to any voting rights, dividends or other rights as a stockholder of the Company prior to the exercise hereof as set forth in Section 2(c).

(b) Loss, Theft, Destruction or Mutilation of Warrant. The Company covenants that upon delivery by the Holder to the Company of (i) notice of the loss, theft, destruction or mutilation of this Warrant and (ii) in the case of loss, theft or destruction, an indemnity agreement in a form and amount reasonably satisfactory to the Company or, in the case of mutilation, surrender of the mutilated Warrant, the Company will make and deliver a new Warrant of like tenor dated as of the Issue Date.

(c) Saturdays, Sundays, Holidays, Etc. If the last or appointed day for the taking of any action or the expiration of any right required or granted herein will not be a Business Day, then, such action may be taken or such right may be exercised on the next succeeding Business Day.

(d) Authorized Shares. The Company covenants that, during the period this Warrant is exercisable (in whole or in part), it will reserve from its authorized and unissued Common Stock (or other class of Capital Stock then issuable upon exercise of this Warrant) a sufficient number of shares to provide for the issuance of the Warrant Shares upon the exercise of any purchase rights under this Warrant. The Company further covenants that its issuance of this Warrant will constitute full authority to its officers who are charged with the duty of executing stock certificates to execute and issue the necessary Warrant Shares upon the exercise of the purchase rights under this Warrant. The Company will take all such reasonable action as may be necessary to assure that such Warrant Shares may be issued as provided herein without violation of any applicable law or regulation, or of any requirements of any national securities exchange upon which the Common Stock is listed or traded. The Company covenants that all Warrant Shares which may be issued upon the exercise of the purchase rights represented by this Warrant will, upon exercise of the purchase rights represented by this Warrant and full payment for such Warrant Shares in accordance herewith, be duly authorized, validly issued, fully paid and non-assessable, not subject to any preemptive rights and free from all taxes, liens and charges created by the Company in respect of the issue thereof and taxes in respect of

any transfer occurring contemporaneously with such issue.

(e) Governing Law. This Warrant, and all claims or causes of action (whether at law or in equity, in contract or in tort) that may be based upon, arise out of or relate to this Agreement, or the negotiation, execution or performance hereof, or the transactions contemplated in this Agreement, will be governed by and construed in accordance with the domestic substantive or procedural laws of the State of Delaware, including its statutes of limitations, without giving effect to any conflict of laws or other rule (whether of the State of Delaware or any other jurisdiction) that would result in the application of the Laws of a different jurisdiction.

(f) Nonwaiver. No course of dealing or any delay or failure to exercise any right hereunder on the part of Holder will operate as a waiver of such right or otherwise prejudice the Holder's rights, powers or remedies.

(g) Warrant Register. The Company will register this Warrant upon records to be maintained by the Company for that purpose (the "Warrant Register") in the name of the record Holder hereof from time to time. Absent manifest error or actual notice to the contrary, the Company may deem and treat the Holder of this Warrant so registered as the absolute owner hereof for the purpose of any exercise hereof or any distribution to the Holder, and for all other purposes.

Section 1. Exercisability.

(a) The Holder’s right to exercise this Option with respect to the Option Shares is subject to vesting and limitations on exercisability as set forth in this Section 1.

(b) This Option and the Holder’s rights hereunder with respect to [●] Option Shares (subject to adjustment as set forth in this Option, including, without limitation, Section 3) will be exercisable from and after the earlier of the [●] anniversary of the Issue Date and the consummation of a Change of Control.

(c) Notwithstanding anything to the contrary in this Option, in no event will the Company issue to the Holder, or the Holder be entitled to acquire on exercise, any Option Shares that, after giving effect to such issuance and when added to the number of shares of Common Stock previously issued to the Holder pursuant to this Option and otherwise Beneficially Owned by the Holder, (i) would subject the Holder to any Gaming Approval under any applicable Gaming Laws unless and until such approvals have been obtained, (ii) would violate the restrictions contained in Section 4.07 the Company’s Amended and Restated Certificate of Incorporation (as may be amended from time to time, the “Charter”), or (iii) would violate the restrictions

contained in the Company's Amended and Restated Bylaws (as may be amended from time to time, the "Bylaws"), and, in particular, Section 5.10 (Gaming and Regulatory Matters) (collectively, the "Regulatory Limitation"). For all purposes of this Option, the Company will be entitled to conclusively rely upon information furnished to it by the Holder at the Company's request. To the extent that a Regulatory Limitation prevents the issuance of Option Shares hereunder, at the request of the Holder, the Company and the Holder will reasonably cooperate to restructure this Option and/or modify the terms hereof (while maintaining the economic terms thereof) in such manner and to take such other actions reasonably necessary to avoid and/or eliminate the Regulatory Limitation in compliance with applicable Law.

(d) Notwithstanding anything to the contrary in this Option, any issuance of Option Shares that results in the Holder owning shares of Common Stock equal to 5% or more of the outstanding shares of Common Stock or other applicable limitations pursuant to the Charter, Bylaws or Gaming Laws (as defined in the [●] Agreement) without having obtained all applicable approvals thereunder will be null and void and will not be recognized by the Company unless the governmental approvals under all applicable Charter, Bylaws and Gaming Laws (as defined in the [●] Agreement) have been obtained.

Section 2. Exercise. (a) Subject to Section 1, exercise of the rights represented by this Option with respect to vested Option Shares may be effected, in whole or in part, at any time or times on or after the Issue Date and on or before the Termination Date by delivery to the Company (or such other office or agency of the Company as it may designate by notice in writing to the registered Holder at the address of the Holder appearing on the books of the Company) of a duly completed and executed copy of a notice of exercise substantially in the form attached hereto as Exhibit A (a "Notice of Exercise"). The date on which such delivery will have taken place (or be deemed to have taken place) will be referred to herein as the "Exercise Date". Within two trading days following the date of exercise as aforesaid, the Holder will deliver the aggregate Exercise Price for the shares specified in the applicable Notice of Exercise, at its option, (i) by wire transfer or cashier's check drawn on a United States bank or (ii) by cashless exercise as set forth in Section 2(d); provided, however, in the event that the Holder has not delivered such aggregate Exercise Price within two trading days following the date of such exercise as aforesaid, the Company will not be obligated to deliver such Option Shares hereunder until such payment is made. No ink-original Notice of Exercise will be required, nor will any medallion guarantee (or other type of guarantee or notarization) of any Notice of Exercise be required. Notwithstanding anything herein to the contrary, the Holder will not be required to physically surrender this Option to the Company until the Holder has purchased all of the Option Shares available hereunder and the Option has been exercised in full, in which case, the Holder will surrender this Option to the Company for cancellation within three Business Days after the relevant event will have occurred. Partial exercises of this Option resulting in purchases of a portion of the total number of Option Shares available hereunder will have the effect of lowering the outstanding number of Option Shares purchasable hereunder in an amount equal to the applicable number of Option Shares purchased. The Holder and the Company will maintain records showing the number of

Option Shares purchased and the date of such purchases. The Company will deliver any objection to any Notice of Exercise within two Business Days of receipt of such notice. **The Holder, by acceptance of this Option, acknowledges and agrees that, by reason of the provisions of this paragraph, following the purchase of a portion of the Option Shares hereunder, the number of Option Shares available for purchase hereunder at any given time may be less than the amount stated on the face hereof.**

(b) Exercise Price. The “Exercise Prices” for the Option Shares subject to this Option will be as follows, all subject to any adjustment required by Section 3 or otherwise hereunder:

(1) with respect to [●] Option Shares subject to this Option: \$[●];

(2) with respect to [●] Option Shares subject to this Option: \$[●]; and

(3) with respect to [●] Option Shares subject to this Option: \$[●].

The Options Shares issuable for each of the four different Exercise Prices set forth above is referred to herein as a “Tranche.”

(c) Mechanics of Exercise. (i) Delivery of Option Shares Upon Exercise. Upon each exercise of this Option, the Company will promptly, but in no event later than two trading days after delivery of the applicable Notice of Exercise (subject to delivery by the Holder to the Company of the aggregate Exercise Price payable pursuant to Section 2(b) or pursuant to the cashless exercise provisions of Section 2(d)), instruct the transfer agent for the Common Stock (the “Transfer Agent”) to record the issuance of the Option Shares purchased hereunder to the Holder in book-entry form pursuant to the Transfer Agent’s regular procedures. The Option Shares will be deemed to have been issued, and the Holder will be deemed to have become a holder of record of such shares for all purposes, as of the Exercise Date with payment to the Company of the applicable Exercise Price having been paid.

(ii) Rescission Rights. If the Company fails to issue or cause to have issued the Option Shares pursuant to Section 2(c)(i) within two trading days after delivery of the applicable Notice of Exercise, then the Holder will have the right to rescind such exercise. The right of rescission of the Holder under this Section 2(c)(ii) is subject to delivery by the Holder of the aggregate Exercise Price payable pursuant to Section 2(b) or Section 2(d).

(iii) No Fractional Shares or Scrip. No fractional shares or scrip representing fractional shares will be issued upon the exercise of this Option. As to any fraction of a share which the Holder would otherwise be entitled to purchase upon such exercise, the Company will, at its election, either pay a cash adjustment in respect of such final fraction in an amount equal to such fraction multiplied by the Market Price or round up to the next whole share.

(iv) Charges, Taxes and Expenses. Issuance of Option Shares will be made without charge to the Holder for any issue, transfer, stamp or other tax or other incidental expense in respect of the issuance of such Option Shares, all of which taxes and expenses will be paid by the Company, and such Option Shares will be issued in the name of the Holder. Without limiting the generality of the foregoing, the Company will pay all fees required for same-day processing of any Notice of Exercise.

(v) Closing of Books. The Company will not close its stockholder books or records in any manner which prevents the timely exercise of this Option pursuant to the terms hereof.

(d) In lieu of paying the aggregate Exercise Price for the Option Shares specified in the applicable Notice of Exercise by wire transfer or cashier's check drawn on a United States bank pursuant to Section 2(a), the Holder may elect to exercise the purchase rights represented by this Option by authorizing the Company to withhold and not issue to the Holder, in payment of the Exercise Price thereof, a number of Option Shares of the Tranche in respect of which the exercise hereunder is then occurring equal to (i) the number of Option Shares for which the Option is being exercised, multiplied by (ii) the Exercise Price applicable to such Tranche, and divided by (iii) the Market Price on the Exercise Date (and such withheld Option Shares will no longer be issuable under the Option, and the Holder will not have any rights or be entitled to any payment with respect to such withheld Option Shares).

Section 3. Certain Adjustments. (a) Stock Dividends, Subdivision, Combinations and Consolidations. If the Company, at any time while this Option is outstanding (in whole or in part): (i) pays a stock dividend or makes a distribution on shares of Common Stock (or other class of Capital Stock then issuable upon exercise of this Option) in the form of shares of its Common Stock (or other class of Capital Stock then issuable upon exercise of this Option), (ii) subdivides outstanding shares of Common Stock (or other class of Capital Stock then issuable upon exercise of this Option) into a larger number of shares, or (iii) combines or consolidates (including, without limitation, by reverse stock split) outstanding shares of Common Stock (or other class of Capital Stock then issuable upon exercise of this Option) into a smaller number of shares, then, in each case, the number of shares of Common Stock (or other class of Capital Stock issuable upon exercise of this Option) issuable after such event upon exercise of this Option will be equal to the number of shares of Common Stock (or other class of Capital Stock then issuable upon exercise of this Option) issuable upon exercise of this Option prior to such event multiplied by a fraction of which the numerator will be the number of shares of Common Stock (or other class of Capital Stock issuable upon exercise of this Option) outstanding immediately after such event and of which the denominator will be the number of shares of Common Stock (or other class of Capital Stock issuable upon exercise of this Option) outstanding immediately before such event, and the Exercise Price applicable to each Tranche will be proportionately adjusted such that the aggregate Exercise Price of such Tranche will remain unchanged. Any adjustment made pursuant to this Section 3(a) will become effective immediately after the record date for the determination of stockholders entitled to receive such dividend or

distribution and will become effective immediately after the effective date in the case of a subdivision, combination or consolidation.

(b) Reclassifications, Reorganizations, Consolidations and Mergers. In the event of (i) any capital reorganization of the Company, (ii) any reclassification or recapitalization of the stock of the Company (other than (A) a change in par value or from par value to no par value or from no par value to par value or (B) as a result of a stock dividend, subdivision, combination or consolidation of shares as to which Section 3(a) will apply), or (iii) any Change of Control, consolidation or merger of the Company with or into another Person (where the Company is not the surviving corporation or where there is a change in or distribution with respect to the Common Stock or any other class of Capital Stock then issuable upon exercise of this Option), this Option will, after such reorganization, reclassification, recapitalization, Change of Control, consolidation or merger, be exercisable for the kind and number of shares of stock or other securities or property ("Alternate Consideration") of the Company or of the successor corporation resulting from such consolidation or surviving such merger, if any (and/or the issuer of the Alternate Consideration, as applicable) to which the holder of the number of shares of Common Stock (or such other class of Capital Stock) underlying this Option (at the time of such reorganization, reclassification, recapitalization, consolidation or merger, and subject to the limitations set forth in Sections 1(e) and 1(g), if applicable) would have been entitled upon such reorganization, reclassification, recapitalization, Change of Control, consolidation or merger. In such event, the aggregate Exercise Price otherwise payable for the shares of Common Stock (or such other class of Capital Stock) issuable upon exercise of each Tranche of this Option will be allocated among the Alternate Consideration receivable as a result of such reorganization, reclassification, recapitalization, Change of Control, consolidation, or merger in proportion to the respective Fair Market Value of such Alternate Consideration. If and to the extent that the holders of Common Stock (or such other class of Capital Stock) have the right to elect the kind or amount of consideration receivable upon consummation of such reorganization, reclassification, recapitalization, Change of Control, consolidation or merger, then the consideration that the Holder will be entitled to receive upon exercise will be specified by the Holder, which specification will be made by the Holder by the later of (A) ten Business Days after the Holder is provided with a final version of all material information concerning such choice as is provided to the holders of Common Stock (or such other class of Capital Stock) and (B) the last time at which the holders of Common Stock (or such other class of Capital Stock) are permitted to make their specifications known to the Company; provided, however, that if the Holder fails to make any specification within such time period, the Holder's choice will be deemed to be whatever choice is made by a plurality of all holders of Common Stock (or such other class of Capital Stock) that are not affiliated with the Company (or, in the case of a consolidation or merger, any other party thereto) and affirmatively make an election (or of all such holders if none of them makes an election). From and after any such reorganization, reclassification, recapitalization, Change of Control, consolidation or merger, all references to "Option Shares" and similar references herein will be deemed to refer to the Alternate Consideration to which the Holder is entitled pursuant to this Section 3(b). In the event of any Change of Control, consolidation or merger in which the Company is not the continuing or surviving corporation or entity (or is not the issuer of the Alternate Consideration), proper provision will be made so that such continuing or surviving

corporation or entity (and/or the issuer of the Alternate Consideration) will agree to carry out and observe the obligations of the Company under this Option such that the provisions of this Section 3 will similarly apply with respect to the Alternate Consideration and similarly apply to successive reorganizations, reclassifications, recapitalizations, Change of Control, consolidations, or mergers.

(c) Participation in Distributions. During such time as this Option is outstanding, if the Company declares or makes any cash or non-cash dividend or other distribution of its assets (or rights to acquire its assets) to holders of shares of Common Stock (or other class of Capital Stock then issuable upon exercise of this Option), by way of return of capital or otherwise (including, without limitation, any distribution of cash, stock or other securities, property or options by way of a dividend, spin off, reclassification, corporate rearrangement, scheme of arrangement or other similar transaction) other than any dividend or distribution referred to in Section 3(a) or Section 3(b) (a “Distribution”), at any time after the issuance of this Option, then, in each such case, the Holder will be entitled to participate in such Distribution to the same extent that the Holder would have participated therein if the Holder had held the number of shares of Common Stock (or other class of Capital Stock then issuable upon exercise of this Option) acquirable upon complete exercise of this Option (whether or not this Option is exercisable at such time) immediately before the date of which a record is taken for such Distribution, or, if no such record is taken, the date as of which the record holders of shares of Common Stock (or other class of Capital Stock then issuable upon exercise of this Option) are to be determined for the participation in such Distribution, provided, however, that the Holder will not be permitted to participate in any cash Distribution with respect to any Tranche to the extent the Exercise Price as of the record date for the determination of stockholders entitled to receive such cash Distribution exceeds the amount of such cash Distribution per share and, instead of participating, the Exercise Price in respect of such Tranche will be reduced by the amount of such cash dividend effective immediately after the record date for the determination of stockholders entitled to receive such cash Distribution. Notwithstanding the foregoing, to the extent that a Regulatory Limitation prevents the Holder from participating in any Distribution, then the Holder will not be entitled to participate in such Distribution to such extent and the portion of such Distribution will be held in abeyance for the benefit of the Holder until such time, if ever, as its right thereto would not be subject to a Regulatory Limitation; provided, however, that the Holder is unable to participate in all or any portion of a cash Distribution with respect to any Tranche by reason of a Regulatory Limitation, the number of shares of Common Stock (or other class of Capital Stock) for which that Tranche of this Option will be exercisable will be increased by a number of shares equal to (x) the aggregate amount of the cash Distribution that the Holder is unable to participate with respect to such Tranche by reason of a Regulatory Limitation, divided by (y) the Market Price per share of shares of Common Stock (or other class of Capital Stock), the Exercise Price applicable to such Tranche will be proportionately adjusted such that the aggregate Exercise Price of such Tranche will remain unchanged and such adjustment will become effective immediately after the record date for the determination of stockholders entitled to receive such cash Distribution. To the extent

that a Regulatory Limitation prevents the Holder from participating in any Distribution not subject to the foregoing proviso, at the request of the Holder, the Company and the Holder will reasonably cooperate to restructure this Option and/or modify the terms hereof (while maintaining the economic terms thereof) in such manner and to take such other actions reasonably necessary to avoid and/or eliminate the Regulatory Limitation and allow the Holder to receive such Distribution.

(d) Calculations. All calculations under this Section 3 will be made to the nearest cent or the nearest 1/100th of a share, as the case may be. For purposes of this Section 3, the number of shares of Common Stock (or such other security as is then issuable upon exercise of this Option) deemed to be issued and outstanding as of a given date will be the sum of the number of shares of Common Stock (or such other security) (excluding treasury shares, if any) issued and outstanding on such date.

(e) Notice to Holder. (i) Adjustment to Terms of Option. Whenever any of the terms of this Option are adjusted pursuant to any provision of this Section 3 or any other applicable provision hereof, the Company will promptly send to the Holder a notice signed by a duly authorized officer of the Company and setting forth (x) the Exercise Price, number of Option Shares and, if applicable, the kind and amount of Alternate Consideration purchasable hereunder after such adjustment and (y) the facts requiring such adjustment in reasonable detail.

(ii) Notice to Allow Exercise by Holder. If, during the period in which this Option is outstanding, (A) the Company declares a dividend (or any other distribution in whatever form) on the Common Stock (or other class of Capital Stock then issuable upon exercise of this Option), (B) the Company declares a cash dividend on or a redemption of the Common Stock (or other class of Capital Stock then issuable upon exercise of this Option), (C) the Company authorizes the granting to all holders of the Common Stock (or other class of Capital Stock then issuable upon exercise of this Option) rights or warrants to subscribe for or purchase any shares of capital stock of any class or of any rights, (D) the approval of any stockholders of the Company will be required in connection with any reclassification of the Common Stock, any consolidation or merger to which the Company is a party, any sale or transfer of all or substantially all of the assets of the Company, or any compulsory share exchange whereby the Common Stock (or other class of Capital Stock then issuable upon exercise of this Option) is converted into other securities, cash or property, or (E) the Company authorizes the voluntary or involuntary dissolution, liquidation or winding up of the affairs of the Company, then, in each case, the Company will cause to be mailed to the Holder at its last address as it will appear upon the Option Register of the Company, at least 20 calendar days prior to the applicable record or effective date hereinafter specified, a notice stating (x) the date on which a record is to be taken for the purpose of such dividend, distribution, redemption, rights or warrants, or if a record is not to be taken, the date as of which the holders of the Common Stock (or other class of Capital Stock then issuable upon exercise of this Option) of record to be entitled to such dividend, distributions, redemption, rights or warrants are to be determined or (y) the date on which such reclassification, Change of Control, consolidation, merger, sale, transfer or share exchange is expected to become effective or close, and the date as of which it is

expected that holders of the Common Stock (or other class of Capital Stock then issuable upon exercise of this Option) of record will be entitled to exchange their shares of the Common Stock (or other class of Capital Stock then issuable upon exercise of this Option) for securities, cash or other property deliverable upon such reclassification, consolidation, merger, sale, transfer or share exchange; provided that the failure to mail such notice or any defect therein or in the mailing thereof will not affect the validity of the corporate action required to be specified in such notice. To the extent that any notice provided hereunder constitutes, or contains, material, non-public information regarding the Company or any of its subsidiaries, the Company will simultaneously file such notice with the Securities and Exchange Commission (the “SEC”) pursuant to a Current Report on Form 8-K. The Holder will remain entitled to exercise this Option during the period commencing on the date of such notice to the effective date of the event triggering such notice except as may otherwise be expressly set forth herein.

Section 4. Transfer of Option and Option Shares. (a) Restrictive Legend. The Option Shares (unless and until registered under the Securities Act of 1933, as amended (the “Securities Act”) or transferred pursuant to Rule 144 promulgated under the Securities Act, or any successor rule or regulation hereafter adopted by the SEC, as such rule may be amended from time to time (“Rule 144”)) will be stamped or imprinted with a legend in substantially the following form:

THE SECURITIES REPRESENTED HEREBY HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933 AND MAY NOT UNDER ANY CIRCUMSTANCES BE SOLD, TRANSFERRED, OR OTHERWISE DISPOSED OF WITHOUT AN EFFECTIVE REGISTRATION STATEMENT FOR SUCH SECURITIES UNDER THE SECURITIES ACT OF 1933 AND ANY OTHER APPLICABLE SECURITIES LAWS OR AN OPINION OF COUNSEL SATISFACTORY TO THE COMPANY THAT REGISTRATION IS NOT REQUIRED UNDER THE SECURITIES ACT OF 1933 OR APPLICABLE SECURITIES LAWS.

(b) Transferability. Subject to the restrictions set forth in the Investor Rights Agreement (as defined in the [●] Agreement) (the “Transfer Restrictions”), the Holder may sell, assign, transfer, pledge or dispose of any portion of this Option without the prior written consent of the Company. In connection with any transfer of all or any portion of this Option, the Holder must provide an assignment form substantially in the form attached hereto as Exhibit B duly completed and executed by the Holder or any such subsequent Holder, as applicable, and the proposed transferee must consent in writing to be bound by the terms and conditions of this Option. Any transfer of all or any portion of this Option will also be subject to the Transfer Restrictions and compliance with the Securities Act and other applicable federal or state securities or blue sky laws. Upon any transfer of this Option in full, the Holder will be required to physically surrender this Option to the Company within three trading days of the date the Holder delivers an assignment form to the Company assigning this Option in full. The Option, if properly assigned in accordance herewith, may be exercised by a new holder for the purchase of Option Shares without having a new Option issued. This Option or any portion thereof will not be sold, assigned, transferred, pledged or disposed of in violation

of the Securities Act, federal or state securities laws or the Company's certificate of incorporation.

(c) Option Register. The Company will register this Option upon records to be maintained by the Company for that purpose (the "Option Register") in the name of the record Holder hereof from time to time. Absent manifest error or actual notice to the contrary, the Company may deem and treat the Holder of this Option so registered as the absolute owner hereof for the purpose of any exercise hereof or any distribution to the Holder, and for all other purposes.

Section 5. Miscellaneous. (a) No Rights as Stockholder Until Exercise. Except as expressly set forth herein, this Option does not entitle the Holder to any voting rights, dividends or other rights as a stockholder of the Company prior to the exercise hereof as set forth in Section 2(c).

(b) Loss, Theft, Destruction or Mutilation of Option. The Company covenants that upon delivery by the Holder to the Company of (i) notice of the loss, theft, destruction or mutilation of this Option and (ii) in the case of loss, theft or destruction, an indemnity agreement in a form and amount reasonably satisfactory to the Company or, in the case of mutilation, surrender of the mutilated Option, the Company will make and deliver a new Option of like tenor dated as of the Issue Date.

(c) Saturdays, Sundays, Holidays, Etc. If the last or appointed day for the taking of any action or the expiration of any right required or granted herein will not be a Business Day, then, such action may be taken or such right may be exercised on the next succeeding Business Day.

(d) Authorized Shares. The Company covenants that, during the period this Option is exercisable (in whole or in part), it will reserve from its authorized and unissued Common Stock (or other class of Capital Stock then issuable upon exercise of this Option) a sufficient number of shares to provide for the issuance of the Option Shares upon the exercise of any purchase rights under this Option. The Company further covenants that its issuance of this Option will constitute full authority to its officers who are charged with the duty of executing stock certificates to execute and issue the necessary Option Shares upon the exercise of the purchase rights under this Option. The Company will take all such reasonable action as may be necessary to assure that such Option Shares may be issued as provided herein without violation of any applicable law or regulation, or of any requirements of any national securities exchange upon which the Common Stock is listed or traded. The Company covenants that all Option Shares which may be issued upon the exercise of the purchase rights represented by this Option will, upon exercise of the purchase rights represented by this Option and full payment for such Option Shares in accordance herewith, be duly authorized, validly issued, fully paid and non-assessable, not subject to any preemptive rights and free from all taxes, liens and charges created by the Company in respect of the issue thereof and taxes in respect of any transfer occurring contemporaneously with such issue.

(e) Governing Law. This Option, and all claims or causes of action (whether at law or in equity, in contract or in tort) that may be based upon, arise out of or relate to this Agreement, or the negotiation, execution or performance hereof, or the transactions contemplated in this Agreement, will be governed by and construed in accordance with the domestic substantive or procedural laws of the State of Delaware, including its statutes of limitations, without giving effect to any conflict of laws or other rule (whether of the State of Delaware or any other jurisdiction) that would result in the application of the Laws of a different jurisdiction.

(f) Nonwaiver. No course of dealing or any delay or failure to exercise any right hereunder on the part of Holder will operate as a waiver of such right or otherwise prejudice the Holder's rights, powers or remedies.

(g) Notices. Any notice or other communication required or permitted to be delivered to any party under this Option will be in writing and delivered by (i) email or (ii) overnight delivery via a national courier service to the following email address or physical address, as applicable:

The Initial Term will be automatically extended for successive additional terms of one year first commencing on the day immediately following each December 31st in the Initial Term (each successive period, an Additional Term"), and subsequently on each annual anniversary of the end of an Additional Term, unless either Party gives written notice to the other Party of non-extension at least 60 days prior to the end of the Initial Term or to the end of the then-applicable Additional Term (the Initial Term and any Additional Term(s), collectively, the "Term").

2. The number "\$600,000" in Section 3(a) of the Agreement shall be replaced with "\$825,000, effective as of February 23, 2021."

EMPLOYMENT AGREEMENT

This EMPLOYMENT AGREEMENT (this "Agreement"), signed on the date set forth on the signature page, is between Twin River Worldwide Holdings Inc., a Delaware corporation (the "Company"), and Marc Crisafulli ("Executive").

NOW, THEREFORE, the Parties hereto agree as follows:

1. **EMPLOYMENT**. Effective May 1, 2019 or as soon as possible thereafter under applicable regulatory requirements (the "Effective Date"), the Company hereby employs Executive, and Executive hereby accepts such employment, subject to the terms and conditions set forth herein. Executive will hold the office of Executive Vice President, Government Relations of the Company (the "Position"), will provide the services and have the duties and authorities customary for such Position and as hereafter provided and will report directly to the Company's CEO.

2. **TERM**. The initial term of employment under this Agreement will begin on the Effective Date and will continue until May 1, 2021 or two years from the Effective Date, whichever is later, subject to prior termination in accordance with the terms hereof (the "Initial Term"). The Initial Term will be automatically extended for successive additional terms of one year first commencing on the day immediately following each May 1st in the Initial Term (each such period, an "Additional Term"), and subsequently on each annual anniversary of the end of an Additional Term, unless either Party gives written notice to the other Party of non-extension at least 90 days prior to the end of the Initial Term or to the end of the then-applicable Additional Term (the Initial Term and any Additional Term(s), collectively, the "Term").

3. **COMPENSATION**. (a) During the Term, the Company will pay to Executive, in equal installments in accordance with the Company's regular payroll practice, an annual base salary ("Base Salary") of not less than \$550,000, which amount may be reviewed in April of each applicable year at the discretion of the Board or its compensation committee (the "Committee").

(b) Executive will be eligible to receive an annual cash performance bonus (an "Annual Bonus") in respect of each calendar year that ends during the Term, based on performance against performance criteria. The performance criteria for any particular calendar year will be approved by the Committee. Such performance criteria may, at the discretion of the Committee, include factors and considerations in addition to the Company's financial performance. Executive's targeted Annual Bonus for a calendar year will equal his Base Salary if the target levels of performance criteria established by the Committee for that year are achieved to the satisfaction of the Committee. The Committee may determine that greater or lesser amounts may be paid for performance above and below the target level (such greater or lesser amounts to be determined based on criteria or a formula established by the Committee), and with no amount payable for performance below a threshold level of performance established by the Committee. Executive's Annual Bonus for a bonus period will be determined by the Committee after the end of the applicable bonus period and, if such Annual Bonus is

awarded, will be paid in the fiscal year following the fiscal year to which such Annual Bonus relates at such time as Annual Bonuses are paid to other senior executives of the Company generally so long as Executive remains employed by the Company at the time of payment. Notwithstanding the foregoing, Executive's Annual Bonus within any termination year will be prorated from the date of termination.

(c) In addition, Executive will be entitled to an annual equity grant in an amount determined by the Committee but not less than \$600,000 in targeted grant date value (as determined by the Committee). The mix of equity awards is expected to be half in time-vested restricted stock and half in performance stock units.

(d) In addition, Executive shall be entitled to receive a one-time signing bonus payable on the Effective Date (the "Signing Bonus"). The Signing Bonus shall equal \$50,000 if the Effective Date is May 1, 2019 and shall increase by \$12,500 for each week after May 1, 2019 that passes before this Agreement becomes effective.

4. EXPENSES. The Company will reimburse Executive, upon presentment of suitable receipts, vouchers and completed expense reports, for all reasonable business expenses which may be incurred by Executive in connection with his employment hereunder during the Term in accordance with the Company's expense reimbursement policy applicable to senior executives. Executive will comply with such restrictions and will keep such records as the Company may deem necessary to meet the requirements of the Internal Revenue Code of 1986, as amended from time to time, and the regulations promulgated thereunder (the "Code").

5. OTHER BENEFITS. During the Term, Executive will be eligible for five weeks of paid vacation per full calendar year (pro-rated for partial years during the Term), and will be eligible to participate in such benefit plans and arrangements and to receive any other benefits customarily provided by the Company to its management personnel (the "Benefit Plans"). Unused vacation in any calendar year will not be paid and may not be carried over to any subsequent calendar year (or partial portions thereof).

6. DUTIES. (a) Executive will perform such duties and functions as the CEO may assign to him, consistent with his Position, including any duties or functions with or for any member of the Company Group. Executive will comply in the performance of his duties with the policies of the Company.

(b) During the Term, Executive will devote all of his business time and attention to the business of the Company and its subsidiaries, as necessary to fulfill his duties; provided that the foregoing will not prevent Executive from (i) serving on the boards of directors of non-profit organizations and, subject to the approval of the Board, other for-profit companies, (ii) participating in charitable, civic, educational, professional, community or industry affairs, and (iii) managing Executive's passive personal investments, so long as all such activities in the aggregate do not interfere or conflict with Executive's duties hereunder or create a potential business or fiduciary conflict.

(c) Executive will perform the duties assigned to him with fidelity and to the best of his ability.

(d) Executive agrees that, at all times during the Term, he will obtain and maintain, in full force and effect, any and all licenses, permits and work authorizations that may be required by any government authority or agency to enable him to properly work and perform the duties of his Position.

7. TERMINATION OF EMPLOYMENT; EFFECT OF TERMINATION OF EMPLOYMENT. (a) Executive's employment hereunder will terminate upon the first to occur of the following:

(i) in accordance with the terms of Section 7(f) upon written notice to Executive upon the determination by the Company that Executive's employment will be terminated for any reason which would not constitute Justifiable Cause (as herein defined);

(ii) upon written notice to Executive upon the determination by the Company that there is Justifiable Cause for such termination;

(iii) automatically upon the death of Executive;

(iv) in accordance with the terms of Section 7(e) upon the Disability (as herein defined) of Executive;

(v) in accordance with the terms of Section 7(f) upon Executive's notice to the Company of Executive's determination to voluntarily terminate his employment for Good Reason (as herein defined); and

(vi) upon 30 days' prior written notice by Executive to the Company of Executive's voluntary termination of employment without Good Reason.

(b) For the purposes of this Agreement:

(i) "Change-In-Control" means a Change in Control pursuant to the Twin River Worldwide Holdings, Inc. 2015 Stock Incentive Plan (as in effect as of January 1, 2019).

(ii) "Disability" means the inability of Executive, due to illness, accident or any other physical or mental incapacity, substantially to perform the material and essential functions of his duties for a period exceeding a total of 13 weeks (whether or not consecutive) in any 12-month period, as determined by the Company in good faith, with a reasonable accommodation (as defined under applicable law).

(iii) “Good Reason” means, without Executive’s consent,

(1) a material diminution in Executive’s Base Salary, other than a general reduction in Base Salary that affects all similarly situated executives of the Company in substantially the same proportion;

(2) a material diminution in Executive’s responsibilities to the Company (other than temporarily while Executive is physically or mentally incapacitated or as required by applicable law); or

(3) a relocation of Executive’s principal place of employment such that the distance between Executive’s primary residence as of such relocation and Executive’s principal place of employment is increased by more than 50 miles;

provided, however, that the foregoing conditions will constitute Good Reason only if (A) Executive provides written notice to the Company within 45 days of the initial existence of the condition(s) constituting Good Reason and (B) the Company fails to cure such condition(s) within 60 days after receipt from Executive of such notice; and provided further, that Good Reason will cease to exist with respect to a condition six months following the initial existence of such condition.

(iv) “Justifiable Cause” means:

(1) Executive’s continued failure or refusal to perform his duties pursuant to this Agreement after notice from the Company which, if curable, is not cured within ten business days of Executive’s receipt of written notice thereof from the Company;

(2) Executive’s material breach of this Agreement which, if curable, is not cured within ten business days of Executive’s receipt of written notice thereof from the Company;

(3) Executive’s indictment for, conviction of or plea of guilty or nolo contendere to any crime involving moral turpitude or any felony;

(4) Executive’s performance of any act, or his failure to act, which constitutes, in the good faith determination of the Board, dishonesty or fraud, including misappropriation of funds or a misrepresentation of the operating results or financial condition of the Company to the Board or to any executive of the Company;

(5) Executive’s illegal use of controlled substances;

(6) the revocation, loss, or non-renewal of Executive’s personal gaming license; or

(7) any act or omission by Executive involving malfeasance or gross negligence in the performance of Executive’s duties.

(c) Justifiable Cause. Upon termination of Executive's employment by the Company for Justifiable Cause, Executive will not be entitled to any amounts or benefits hereunder, other than such unpaid portion of Executive's Base Salary and reimbursement of expenses pursuant to Section 4 as have been accrued through the date of his termination of employment, which amounts will be paid as soon as reasonably practicable following the termination date (collectively, the "Accrued Amounts").

(d) Death. If Executive should die during the Term, this Agreement will terminate immediately. In such event, Executive's estate will thereupon be entitled to receive (i) any Accrued Amounts and (ii) a pro-rata portion of the Annual Bonus for the year in which his termination of employment occurred, payable when Annual Bonuses for the applicable performance period are paid to other senior executives of the Company generally (a "Pro-Rata Bonus"). Executive's estate also will be entitled to any accrued amounts or benefits payable under the terms of the Benefit Plans.

(e) Disability. Upon a finding by the Company of Executive's Disability in accordance with Section 7(b), the Company will have the right to terminate Executive's employment. Any termination of Executive's employment pursuant to this Section 7(e) will be effective on the date 30 days after the date on which the Company notifies Executive of the Company's election to terminate. In such event, Executive will thereupon be entitled to receive any Accrued Amounts and a Pro-Rata Bonus for the year in which his termination of employment occurred. Executive will also be entitled to any accrued amounts or benefits payable under the terms of the Benefit Plans.

(f) Termination Without Justifiable Cause or for Good Reason. (i) Except as otherwise set forth in Section 7(f)(ii), in the event that Executive's employment is terminated during the Term by (1) the Company without Justifiable Cause (other than due to Executive's death or Disability) or (2) Executive for Good Reason, in addition to any Accrued Amounts, subject to Section 7(g), (A) Executive will be entitled to receive, to the extent earned but not yet paid, Executive's Annual Bonus for the year prior to the year in which his termination of employment occurred (which, for purposes of this Section 7(f)(i), will be deemed to be earned if Executive remained employed by the Company through the end of the fiscal year to which such Annual Bonus relates); (B) Executive will be entitled to receive a Pro-Rata Bonus for the year in which his termination of employment occurred, and (C) the Company will continue to pay Executive his Base Salary plus Annual Bonus for the longer of (y) the amount of time remaining in the Term and (z) 12 months (such longer period, the "Severance Period"). In addition, during the Severance Period, Executive will continue to be eligible to participate in the Company's group health and dental plans at active employee rates (any such period of additional coverage will not count against the period of time Executive is eligible to receive continuation coverage benefits under the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended ("COBRA")), provided that such medical and dental coverage and participation is permitted under the terms of the applicable plans. If such coverage is not permitted under the terms of the applicable plans and Executive elects COBRA continuation coverage, the Company will pay Executive's COBRA premiums until such time as Executive ceases to be eligible for, or

no longer elects, COBRA continuation coverage (but in no event longer than the end of the Severance Period). The payments and benefits set forth in this Section 7(f)(i) will be in lieu of any and all other payments due and owing to Executive under the terms of this Agreement (other than any accrued amounts or benefits payable under the Benefit Plans).

(ii) Change-In-Control. In the event that, during the Term and within 12 months following a Change-In-Control, Executive's employment is terminated by (1) the Company without Justifiable Cause (other than due to Executive's death or Disability) or (2) Executive for Good Reason, subject to Section 7(g), Executive will be entitled to all the payments and benefits set forth in Section 7(f)(i), except that the Severance Period will instead equal the greater of (A) the amount of time remaining in the Term and (B) 24 months. The payments and benefits set forth in this Section 7(f)(ii) will be in lieu of any and all other payments due and owing to Executive under the terms of this Agreement (other than any accrued amounts or benefits payable under the Benefit Plans).

(g) Release Requirement. The payments and benefits payable pursuant to Section 7(f)(i) or 7(f)(ii), as applicable, other than any Accrued Amounts, are collectively referred to as the "Severance Payments." Notwithstanding anything herein to the contrary, the Company's obligation to make or pay any portion of any Severance Payment is conditioned upon (1) Executive delivering to the Company a valid and effective separation and general release agreement in favor of the Company, waiving all claims against the Company, in a form and substance acceptable to the Company, with all periods for revocation therein having expired, and (2) Executive's compliance with his obligations under Sections 9, 10, 11 and 12. Subject to the preceding sentence, any Severance Payments due hereunder, other than any Pro-Rata Bonus, will commence with the Company's first regularly scheduled payroll date upon or following the 60th day after Executive's termination of employment (the "Severance Payment Commencement Date"), with any such Severance Payments that would otherwise have been payable prior to the Severance Payment Commencement Date but for this sentence instead being accumulated (without interest) and paid on the Severance Payment Commencement Date.

(h) Voluntary Termination. Upon Executive's voluntary termination of his employment hereunder without Good Reason, or in the event that Executive's employment is terminated upon or following the expiration of the Term, this Agreement (subject to Section 25) will terminate. Executive will be entitled to (i) any Accrued Amounts and (ii) continue to participate in the Benefit Plans to the extent participation by former employees is permitted by law, with the expense of such participation to be as specified in such plans for former employees. Executive will also be entitled to any accrued amounts or benefits payable under the terms of the Benefit Plans.

(i) Vacating Premises. Upon the Company giving notice of termination pursuant to Section 7(a)(i), 7(a)(ii) or 7(a)(iv) or Executive giving notice of termination pursuant to Section 7(a)(v) or 7(a)(vi), the Company may require that Executive immediately leave the Company's premises and cease reporting to work, but such

requirement will not affect the effective date of termination of employment or any other amounts payable pursuant to this Section 7.

(j) Other Positions. Following the termination of Executive's employment for any reason, if and to the extent requested by the Board, Executive agrees to resign from the Board, all fiduciary positions (including as trustee) and all other offices and positions Executive holds with the Company Group; provided, however, that if Executive refuses to tender Executive's resignation after the Board has made such request, then the Board will be empowered to remove Executive from such offices and positions.

(k) Withholdings. All amounts herein are subject to reduction to the extent required by tax law.

8. REPRESENTATIONS AND AGREEMENTS OF EXECUTIVE. Executive represents and warrants that he is free to enter into this Agreement and to perform the duties required hereunder, and that there are no employment contracts or understandings, restrictive covenants or other restrictions, whether written or oral, preventing or hindering the performance of his duties hereunder.

9. NON-COMPETITION. (a) In view of the unique and valuable services expected to be rendered by Executive to the Company, Executive's knowledge of the trade secrets and other proprietary information relating to the business of the Company and the Company and in consideration of the compensation to be received hereunder, Executive agrees that, during his employment by the Company and during the longer of (i) any applicable Severance Period and (ii) 12 months following termination of Executive's employment for any reason (such longer period, the "Non-Competition Period"), Executive will not, whether for compensation or without compensation, directly or indirectly, as an owner, principal, partner, member, shareholder, independent contractor, consultant, joint venturer, investor, licensor, lender or in any other capacity whatsoever, alone, or in association with any other person or entity, carry on, be engaged or take part in, or render services (other than services which are generally offered to third parties) or advice to, own, share in the earnings of, invest in the stocks, bonds or other securities of, or otherwise become financially interested in, any person or entity engaged in the business of owning, operating, or managing any gaming, gambling, pari-mutuel, wagering, thoroughbred or dog racing, video lottery terminal, or lottery-related enterprise or facility or any additional business activities undertaken by the Company (or any of its subsidiaries) or proposed to be undertaken by the Company (or any of its subsidiaries) and related services (collectively, the "Company Business") anywhere in the states of Connecticut, Colorado, Delaware, Rhode Island, New Hampshire, Mississippi or Massachusetts, or within 100 miles of any location or facility where the Company (or any of its subsidiaries) is engaged in or undertaking, or proposing to engage in or undertake, any Company Business. The record or beneficial ownership by Executive of up to 1% of any class of securities of any corporation whose securities are publicly traded on a national securities exchange or in the over-the-counter market will not of itself constitute a breach hereunder.

(b) Executive will not, directly or indirectly, during his employment by the Company or during the Non-Competition Period, alone, or in association with any other person or entity, request or cause any suppliers or customers with whom the Company, or its subsidiaries or affiliates (collectively, the “Company Group”) has a business relationship, to cancel or terminate any such business relationship with any member of the Company Group or solicit, interfere with, entice from or hire from any member of the Company Group any employee or other service provider (or former employee or other former service provider) of any member of the Company Group.

(c) At no time after the termination of Executive’s employment for any reason will Executive utter, issue or circulate publicly any false or disparaging statements, remarks or rumors about any member of the Company Group and/or any of their respective businesses, or any of their respective officers, employees, directors, agents or representatives. At no time after the termination of Executive’s employment for any reason will the Company, by press release or other formally released announcement, make any disparaging statements about Executive. Notwithstanding the foregoing, statements made in administrative, judicial or arbitral proceedings (including depositions in connection with such proceedings) will not be subject to this Section 9(c).

(d) If any portion of the restrictions set forth in this Section 9 is, for any reason whatsoever, declared invalid by a court of competent jurisdiction, the validity or enforceability of the remainder of such restrictions will not thereby be adversely affected.

(e) Executive acknowledges that the territorial and time limitations set forth in this Section 9 are reasonable and properly required for the adequate protection of the business of the Company Group. Executive hereby waives, to the extent permitted by law, any and all right to contest the validity of this Section 9 on the ground of reasonableness or the breadth of its geographic or product and service coverage or length of term. In the event any such territorial or time limitation is deemed to be unreasonable by a court of competent jurisdiction, Executive agrees to the reduction of the territorial or time limitation to the area or period which such court will deem reasonable.

(f) The existence of any claim or cause of action by Executive against the Company, or any other member of the Company Group will not constitute a defense to the enforcement by the Company Group of the foregoing restrictive covenants, but such claim or cause of action will be litigated separately.

10. INVENTIONS AND DISCOVERIES. (a) Executive will promptly and fully disclose to the Company, and provide the Company with all necessary detail for a complete understanding of, all developments, know-how, discoveries, inventions, improvements, concepts, ideas, writings, formulae, processes and methods (whether copyrightable, patentable or otherwise) made, received, conceived, developed, acquired or written during working hours, or otherwise, by Executive (whether or not at the request or upon the suggestion of the Company) during the Term, solely or jointly with others or relating to any current or proposed business or activities of the Company

Group known to him as a consequence of his employment or the rendering of advisory and consulting services hereunder (collectively, the "Subject Matter").

(b) Executive hereby assigns and transfers, and agrees to assign and transfer, to the Company or its designee all his rights, title and interest in and to the Subject Matter, and Executive further agrees to deliver to the Company or its designee any and all drawings, notes, specifications and data relating to the Subject Matter and to execute, acknowledge and deliver all such further papers, including applications for trademarks, copyrights or patents, as may be necessary to obtain trademarks, copyrights and patents for any thereof in any and all countries and to vest title thereto in the Company. Executive will assist the Company in obtaining such trademarks, copyrights or patents during the Term, and any time thereafter, on reasonable notice and at mutually convenient times, and Executive agrees to testify in any prosecution or litigation involving any of the Subject Matter; provided, however, that, following the Non-Competition Period, Executive will be reasonably compensated for his time and reimbursed for his reasonable out-of-pocket expenses incurred in rendering such assistance or giving or preparing to give such testimony.

11. NON-DISCLOSURE OF CONFIDENTIAL INFORMATION. (a) Executive will not, during the Term, or at any time following expiration or termination of this Agreement, directly or indirectly, disclose or permit to be disclosed, other than as is required in the regular and proper course of his duties hereunder (including required disclosures to the Company's advisors and consultants) or as is required by law (in which case Executive will give the Company prior written notice of such required disclosure as soon as possible and will make the most minimal disclosure required), or with the prior written consent of the Board, to any person, firm, corporation or other entity, any confidential information acquired by him during the course of, or as an incident to, his employment with the Company Group, relating to the Company Group, any client of the Company Group, or any corporation, partnership or other entity owned or controlled, directly or indirectly, by any of the foregoing, or in which any of the foregoing has a beneficial interest, including the business affairs of each of the foregoing. Such confidential information will include proprietary technology, trade secrets, patented processes, research and development data, know-how, market studies and forecasts, competitive analyses, pricing policies, employee lists, personnel policies, the substance of agreements with customers, suppliers and others, marketing or dealership arrangements, servicing and training programs and arrangements, customer lists, patron data and any other documents embodying such confidential information. This confidentiality obligation will not apply to any confidential information which becomes publicly available from sources unrelated to the Company Group and without Executive's direct or indirect involvement.

(b) All information and documents relating to the Company Group as hereinabove described (or their business affairs) will be the exclusive property of the Company, and Executive will use his best efforts to prevent any publication or disclosure thereof. Upon termination of Executive's employment with the Company, all documents, records, reports, writings and other similar documents containing

confidential information, including copies thereof, then in Executive's possession or control will be returned and left with the Company.

12. SPECIFIC PERFORMANCE. Executive agrees that if he breaches, or threatens to commit a breach of, any of the provisions of Sections 9, 10 or 11 (the "Restrictive Covenants"), the Company will have, in addition to, and not in lieu of, any other rights and remedies available under law and in equity, the right to injunctive relief and/or to have the Restrictive Covenants specifically enforced by a court of competent jurisdiction, without the posting of any bond or other security, it being agreed that any breach or threatened breach of the Restrictive Covenants would cause irreparable injury to the Company or any of its subsidiaries and that money damages would not provide an adequate remedy. Notwithstanding the foregoing, nothing herein will constitute a waiver by Executive of his right to contest whether a breach or threatened breach of any Restrictive Covenant has occurred. Executive will, and the Company may, inform any future employer of the Restrictive Covenants and provide such employer with a copy thereof, prior to the commencement of that employment (or, in the Company's case, at any time thereafter).

13. INDEMNIFICATION. During Executive's employment by the Company, Executive will be indemnified and held harmless for his activities as a director and officer, as applicable, to the full extent provided under the Certificate of Incorporation and/or By-Laws of the Company.

14. LIABILITY INSURANCE. During Executive's employment by the Company, the Company will cover Executive under directors' and officers' liability insurance in the same amount and to the same extent as the Company covers its other directors and executive employees.

15. AMENDMENT OR ALTERATION. No amendment or alteration of the terms of this Agreement will be valid unless made in writing and signed by both of the Parties hereto.

16. GOVERNING LAW. This Agreement will be governed by and construed in accordance with the laws of the State of Delaware applicable to agreements made and to be performed therein. The Parties hereto consent to the exclusive jurisdiction of all state and federal courts located in Wilmington, Delaware, as well as to the jurisdiction of all courts of which an appeal may be taken from such courts, for the purpose of any suit, action or other proceeding arising out of, or in connection with, this Agreement or that otherwise arises out of the employment relationship. Each of the Parties agrees that a final and non-appealable judgment in any action so brought will be conclusive and may be enforced by suit on the judgment in any jurisdiction within or outside the United States or in any other manner provided in law or in equity. Each Party hereby expressly waives (a) any and all rights to bring any suit, action or other proceeding in or before any court or tribunal other than the courts described above, and covenants that it will not seek in any manner to resolve any dispute other than as set forth in this paragraph, and (b) any and all objections either may have to venue, including the inconvenience of such forum, in any of such courts. In addition, each Party consents to the service of

process by personal service or any manner in which notices may be delivered hereunder in accordance with this Agreement. Notwithstanding the foregoing, no claim or controversy for injunctive or equitable relief contemplated by or allowed under applicable law pursuant to Sections 9, 10, 11 or 12 will be subject to the limitations in this Section 16.

17. SEVERABILITY. The holding of any provision of this Agreement to be invalid or unenforceable by a court of competent jurisdiction will not affect any other provision of this Agreement, which will remain in full force and effect.

18. WITHHOLDING. The Company may deduct and withhold from the payments to be made to Executive hereunder any amounts required to be deducted and withheld under the provisions of any applicable statute, law, regulation or ordinance now or hereafter enacted, or as otherwise authorized by Executive in writing.

19. SECTION 409A. The Parties intend that any amounts payable under this Agreement, and the Company's and Executive's exercise of authority or discretion hereunder, comply with the provisions of Section 409A of the Code ("Section 409A"). To the extent Executive would otherwise be entitled to any payment under this Agreement, or any plan or arrangement of the Company Group, that constitutes a "deferral of compensation" subject to Section 409A and that if paid during the six months beginning on the date of termination of Executive's employment would be subject to the Section 409A additional tax because Executive is a "specified employee" (within the meaning of Section 409A and as determined by the Company), the payment will be paid to Executive on the earlier of (a) the six-month anniversary of his date of termination and (b) on the date of his death. To the extent Executive would otherwise be entitled to any benefit (other than a payment) during the six months beginning on termination of Executive's employment that would be subject to the Section 409A additional tax, the benefit will be delayed and will begin being provided on the earlier of (a) the first day following the six-month anniversary of Executive's date of termination and (b) on the date of his death. Any payment or benefit due upon a termination of employment that represents a "deferral of compensation" within the meaning of Section 409A will be paid or provided only upon a "separation from service" as defined in Treas. Reg. § 1.409A-1(h). Each payment made under this Agreement will be deemed to be a separate payment for purposes of Section 409A. Amounts payable under this Agreement will be deemed not to be a "deferral of compensation" subject to Section 409A to the extent provided in the exceptions in Treas. Reg. § 1.409A-1(b)(4) ("short-term deferrals") and (b)(9) ("separation pay plans," including the exception under subparagraph (iii)) and other applicable provisions of Treas. Reg. §§ 1.409A-1 through A-6. With respect to any amount of expenses eligible for reimbursement or the provision of any in-kind benefits under this Agreement, to the extent such payment or benefit would be considered deferred compensation under Section 409A or is required to be included in Executive's gross income for federal income tax purposes, such expenses (including expenses associated with in-kind benefits) will be reimbursed no later than December 31st of the year following the year in which Executive incurs the related expenses. In no event will the reimbursements or in-kind benefits to be provided by the Company in one taxable year affect the amount of reimbursements or in-kind

benefits to be provided in any other taxable year, nor will Executive's right to reimbursement or in-kind benefits be subject to liquidation or exchange for another benefit. Notwithstanding anything herein to the contrary, no particular tax result for Executive with respect to any income recognized by Executive in connection with this Agreement is guaranteed, and Executive will be responsible for any and all income taxes due with respect to the arrangements contemplated by this Agreement (including Section 4(b)).

20. ADDITIONAL COMPANY COVENANTS. The Company will use commercially reasonable efforts to seek shareholder approval of the Payments (as herein defined) provided for in this Agreement in a manner intended to satisfy requirements of the "shareholder approval" exception to Section 280G of the Code so as to exempt the Payments from any Excise Tax (as herein defined), but only in the event that Executive first unconditionally waives his right to receive or retain such Payments. For purposes of this Section 20, (a) "Excise Tax" means the excise tax imposed by Section 4999 of the Code, together with any interest or penalties imposed with respect to such excise tax and (b) "Payment" means any payment or distribution in the nature of compensation (within the meaning of Section 280G(b)(2) of the Code) to or for the benefit of Executive, whether paid or payable pursuant to this Agreement or otherwise. The Parties hereto agree to work in good faith in order to mitigate the potential impact of the Excise Tax on Executive, including entering into all acceptable non-competition agreements. Subject to the foregoing provisions of this Section 20, in the event that the Company determines (after consulting with an independent accounting or compensation consulting company) that any Payment would subject Executive to the Excise Tax, then the Payments will be reduced to the extent necessary so that no portion thereof is subject to the Excise Tax.

21. NOTICES. All notices and other communications required or permitted hereunder will be in writing and will be deemed given when delivered (a) personally, (b) by email or facsimile with evidence of completed transmission, or (c) delivered by overnight courier to the Party concerned at the address indicated below or to such changed address as such Party may subsequently give such notice of:

Each Revolving Lender party hereto, in its capacity as a Revolving Lender hereunder and in its capacity as a Revolving Lender under the Existing Credit Agreement, hereby consents to the amendments set forth herein.

SECTION 6.3 GOVERNING LAW. THIS AMENDMENT AND ANY CLAIMS, CONTROVERSIES, DISPUTES, OR CAUSES OF ACTION (WHETHER ARISING UNDER CONTRACT LAW, TORT LAW OR OTHERWISE) BASED UPON OR RELATING TO THIS AMENDMENT, SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK WITHOUT GIVING EFFECT TO ANY CHOICE OF LAW PRINCIPLES THAT WOULD APPLY THE LAWS OF ANOTHER JURISDICTION.

Wherever possible, each provision of this Amendment shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Amendment shall be prohibited by or invalid under applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of such provisions or the remaining provisions of this Amendment.

SECTION 6.7 Counterparts. This Amendment may be executed in counterparts (and by different parties hereto on different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. SECTION 6.9 No Novation. The parties hereto expressly acknowledge that it is not their intention that this Amendment or any of the other Credit Documents executed or delivered pursuant hereto constitute a novation of any of the obligations, covenants, or agreements contained in the Existing Credit Agreement or any other Credit Document, but rather constitute a modification thereof or supplement thereto pursuant to the terms contained herein. The Existing Credit Agreement and the other Credit Documents, in each case as amended, modified, or supplemented hereby, shall be deemed to be continuing agreements among the parties thereto, and all documents, instruments, and agreements delivered, as well as all Liens created, pursuant to or in connection with the Existing Credit Agreement and the other Credit Documents shall remain in full force and effect, each in accordance with its terms (as amended, modified, or supplemented by this Amendment), unless such document, instrument, or agreement has otherwise been terminated or has expired in accordance with or pursuant to the terms of this Amendment or such document, instrument, or agreement or as otherwise agreed by the required parties hereto or thereto, it being understood that from after the occurrence of the Amendment No. 2 Effective Date, each reference in the Credit Documents to the “Credit Agreement,” “thereunder,” “thereof” (and each reference in the Credit Agreement

ARTICLE II

AGREEMENT TO PROVIDE 2021 INCREMENTAL REVOLVING LOAN COMMITMENTS

SECTION 2.1 Agreement to Provide 2021 Incremental Revolving Loan Commitments. Each 2021 Incremental Revolving Facility Lender hereby agrees, severally and not jointly, to provide its respective 2021 Incremental Revolving Loan Commitment as set forth on Schedule A annexed hereto on the terms set forth in this Agreement, and its 2021 Incremental Revolving Loan Commitment shall be binding as of the Effective Date. Each 2021 Incremental Revolving Facility Lender hereby agrees, severally and not jointly, to make Revolving Loans to the Borrower under the 2021 Incremental Revolving Loan Commitments from time to time in accordance with the Credit Agreement in the amount of its 2021 Incremental Revolving Loan Commitment, which Revolving Loans shall have the same terms and conditions as the Revolving Loans made under the Closing Date Revolving Commitments.

SECTION 2.2 New Loans and Commitments. The 2021 Incremental Revolving Loan Commitment (and Revolving Loans made thereunder) of each 2021 Incremental Revolving Facility Lender is in addition to such 2021 Incremental Revolving Facility Lender's existing Loans and Commitments under the Existing Credit Agreement, if any (which, except to the extent repaid on the Effective Date, shall continue under and be subject in all respects to the Credit Agreement), and, immediately after giving effect to the amendments contemplated hereby, will be subject in all respects to the terms of the Credit Agreement (and, in each case, the other Credit Documents).

SECTION 2.3 2021 Incremental Revolving Loan Commitments. This Agreement represents the Borrower's request pursuant to Section 2.12(a) of the Credit Agreement for the 2021 Incremental Revolving Loan Commitments to be established and provided on the terms set forth herein on the Effective Date. It is the understanding, agreement and intention of the parties that (a) all 2021 Incremental Revolving Loan Commitments shall be an increase to the Closing Date Revolving Commitments and the Closing Date Revolving Facility having all of the terms and conditions of the "Closing Date Revolving Commitments" and the "Closing Date Revolving Facility" in the Credit Agreement and shall constitute "Closing Date Revolving Commitments," "Revolving Commitments" and "Commitments" under the Credit Documents, (b) all Revolving Loans made pursuant to the 2021 Incremental Revolving Loan Commitments shall have all of the terms and conditions of the Revolving Loans made pursuant to the Closing Date Revolving Commitments and shall constitute "Revolving Loans" and "Loans" under the Credit Documents and (c) the 2021 Incremental Revolving Loan Commitments and the Revolving Loans made thereunder shall be included in and subject to the terms of the Closing Date Revolving Facility. The 2021 Incremental Revolving Loan Commitments shall terminate on the R/C Maturity Date for the Closing Date Revolving Commitments. The Borrower hereby designates the 2021 Incremental Revolving Loan Commitments as incurred pursuant to clause (a) of the definition of "Incremental Loan Amount".

SECTION 2.4 Adjustment of Revolving Loans. On the Effective Date, the 2021 Incremental Revolving Facility Lenders, the existing Revolving Lenders and the Administrative Agent shall take all

actions required by Section 2.12(d) in connection with the incurrence of the 2021 Incremental Revolving Loan Commitments.

ARTICLE III

REPRESENTATIONS AND WARRANTIES

To induce (a) the 2021 Incremental Revolving Facility Lenders to provide the 2021 Incremental Revolving Loan Commitments and (b) the Administrative Agent to enter into this Agreement, the Credit Parties represent to each 2021 Incremental Revolving Facility Lender and the Administrative Agent that, after giving effect to the incurrence of the 2021 Incremental Revolving Loan Commitments by the Borrower, as of the Effective Date:

SECTION 3.1 Corporate Existence. The Borrower and each Restricted Subsidiary (a)(i) is a corporation, partnership, limited liability company or other entity duly organized and validly existing under the laws of the jurisdiction of its organization and (ii) is in good standing under the laws of the jurisdiction of its organization; (b)(i) has all requisite corporate or other power and authority, and (ii) has all governmental licenses, authorizations, consents and approvals necessary to own its Property and carry on its business as now being conducted; and (c) is qualified to do business and is in good standing in all jurisdictions in which the nature of the business conducted by it makes such qualification necessary; except, in the case of clauses (b)(ii) and (c) where the failure thereof individually or in the aggregate would not reasonably be expected to have a Material Adverse Effect.

SECTION 3.2 Action; Enforceability. The Borrower and each Restricted Subsidiary has all necessary corporate or other organizational power, authority and legal right to execute, deliver and perform its obligations under this Agreement and to consummate the transactions herein contemplated; the execution, delivery and performance by the Borrower and each Restricted Subsidiary of this Agreement and the consummation of the transactions herein contemplated have been duly authorized by all necessary corporate, partnership or other organizational action on its part; and this Agreement has been duly and validly executed and delivered by each Credit Party and constitutes its legal, valid and binding obligation, enforceable against each Credit Party in accordance with its terms, except as may be limited by (a) bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium or similar laws of general applicability from time to time in effect affecting the enforcement of creditors' rights and remedies and (b) the application of general principles of equity (regardless of whether considered in a proceeding in equity or at law).

SECTION 3.3 No Breach. None of the execution, delivery and performance by any Credit Party of this Agreement nor the consummation of the transactions herein contemplated do or will (i) conflict with or result in a breach of, or require any consent (which has not been obtained and is in full force and effect) under (x) any Organizational Document of any Credit Party or (y) any applicable Requirement of Law (including, without limitation, any Gaming/Racing Law) or (z) any order, writ, injunction or decree of any Governmental Authority binding on any Credit Party, or result in a breach of, or require termination of, any term or provision of any Contractual Obligation of any Credit Party or (ii) constitute (with due notice or lapse of time or both) a default under any such Contractual Obligation or (iii) result in or require the creation or imposition of any Lien (except for the Liens created pursuant to the Security Documents) upon any Property of any Credit Party pursuant to the terms of any such Contractual Obligation, except with respect to (i)(y), (i)(z), (ii) or (iii) which would not reasonably be expected to result in a Material Adverse Effect. After giving effect to the transactions to be consummated on the Effective Date, none of Borrower or any Restricted Subsidiary is in default in any material respect under any Material Gaming/Racing Agreement, any Gaming/Racing License or the Senior Unsecured Notes.

SECTION 3.4 Credit Document Representations. Each of the representations and warranties made by the Borrower or any other Credit Party in or pursuant to the Credit Documents to which such entity is a party, as amended hereby, are true and correct in all material respects as of such date (except to the extent such representations and warranties are qualified by “materiality” or “Material Adverse Effect,” in which case such representations and warranties shall be true and correct in all respects), as applicable, with the same effect as though made on and as of such date, except to the extent such representations and warranties expressly relate to an earlier date (in which case such representations and warranties shall be true and correct in all material respects as of such earlier date (except to the extent such representations and warranties are qualified by “materiality” or “Material Adverse Effect,” in which case such representations and warranties shall be true and correct in all respects as of the applicable date)).

ARTICLE IV

CONDITIONS TO THE EFFECTIVE DATE

This Agreement shall become effective, and the 2021 Incremental Revolving Facility Lenders shall provide their 2021 Incremental Revolving Loan Commitments on the date (the “Effective Date”) on which each of the following conditions is satisfied:

Each of the Borrower and the applicable Guarantors shall have provided the documentation and other information to the Administrative Agent that are required by regulatory authorities under applicable “know-your-customer” and anti-money laundering rules and regulations, including the Act, at least three (3) Business Days prior to the Effective Date (or such later date as the Administrative Agent may agree to), to the extent requested at least ten (10) Business Days prior to the Effective Date.

SECTION 4.10 Flood Insurance. With respect to the Mortgaged Real Properties, for each such Mortgaged Real Property, the Borrower shall have provided to the Administrative Agent, in form and substance reasonably acceptable to the Administrative Agent, (a) a completed “Life-of-Loan” Federal Emergency Management Agency standard flood hazard determination, (b) a notice about special flood hazard area status and flood disaster assistance duly executed by Borrower and the applicable Credit Party relating thereto and (c) evidence of all insurance required with respect to such Mortgaged Real Property by Flood Insurance Laws (if any)).

ARTICLE V

POST-CLOSING REQUIREMENTS

SECTION 5.1 Post-Closing Real Property. The Borrower shall as soon as practicable, but not later than ninety (90) days after the Effective Date (or such later date as the Administrative Agent may determine in its sole discretion), deliver or cause to be delivered to Collateral Agent the following items with respect to each Mortgaged Real Property, each in form and substance reasonably acceptable to the Administrative Agent:

(a) an amendment to each existing Mortgage encumbering a Mortgaged Real Property (each Mortgaged Real Property encumbered by a Mortgage prior to the date hereof, an “Existing Mortgaged Real Property”) to include the 2021 Incremental Revolving Loan Commitments in the obligations secured by such Mortgage (the “Mortgage Amendments”), each duly executed and delivered by an authorized officer of each Credit Party thereto and in form suitable for filing and recording in all filing or recording offices that the Administrative Agent may deem necessary or desirable;

(b) such mortgage-modification, date-down and other endorsements as the Administrative Agent may reasonably request to the Lenders’ title insurance policies previously delivered to the Administrative Agent with respect to each of the Existing Mortgaged Real Properties, each effective as of the date of the recordation or filing of the applicable Mortgage Amendment and in form, substance and amount reasonably satisfactory to the Administrative Agent;

(c) with respect to each Mortgage Amendment, legal opinions, each of which shall be addressed to the Administrative Agent, Collateral Agent and the Lenders, dated the effective date of such Mortgage Amendment and covering such matters as the Administrative Agent shall reasonably request in a manner customary for transactions of this type; and

(d) a completed “Life-of-Loan” Federal Emergency Management Agency standard flood hazard determination with respect to each fee-owned Existing Mortgaged Real Property (or to the extent required by law, any other Existing Mortgaged Real Property) (together with a notice about special flood hazard area status and flood disaster assistance duly executed by Borrower and the applicable Credit Party relating thereto and evidence of all insurance required with respect to such Existing Mortgaged Real Properties by Flood Insurance Laws (if any)).

SECTION 5.2 Collateral Expenses. Each of the Credit Parties hereby acknowledges its obligations under Section 13.03(a) of the Credit Agreement as and to the extent that they relate to the negotiation, preparation, execution and delivery of the Mortgage Amendments and other documents required by Section 6.1 in accordance with their terms.

ARTICLE VI

VALIDITY OF OBLIGATIONS AND LIENS

SECTION 6.1 Reaffirmation. of the Guaranteed Obligations made by it pursuant to the Existing Credit Agreement, (c) acknowledges and agrees that the grants of liens and security interests by, and the guaranties of, the Credit Parties contained in the Existing Credit Agreement and the Security Documents are, and shall remain, in full force and effect after giving effect to this Agreement and the transactions contemplated hereby and thereby and (d) confirms and agrees that the Obligations, the Guaranteed Obligations and the Secured Obligations under the Credit Agreement and the other Credit Documents include the 2021 Incremental Revolving Loan Commitments and the Revolving Loans made thereunder.

ARTICLE VII

MISCELLANEOUS

SECTION 7.1 Notice. For purposes of the Credit Agreement, the initial notice address of each 2021 Incremental Revolving Facility Lender (other than any 2021 Incremental Revolving Facility Lender that, immediately prior to the execution of this Agreement, is a "Lender" under the Existing Credit Agreement) shall be as set forth below its signature to this Agreement.

SECTION 7.2 Amendment, Modification and Waiver. This Agreement may not be amended, modified or waived except by an instrument or instruments in writing signed and delivered on behalf of the Borrower and the Administrative Agent (acting at the direction of such Lenders as may be required under Section 13.04 of the Credit Agreement).

SECTION 7.3 Entire Agreement. This Agreement (including the Schedules) and the other Credit Documents constitute the entire agreement among the parties with respect to the subject matter hereof and thereof and supersede all other prior agreements and understandings, both written and verbal, among the parties or any of them with respect to the subject matter hereof. Each 2021 Incremental Revolving Facility Lender party hereto, in its capacity as a 2021 Incremental Revolving Facility Lender hereunder and in its capacity as a Lender under the Existing Credit Agreement, hereby consents to the incurrence of the 2021 Incremental Revolving Loan Commitments and the Revolving Loans thereunder on the terms set forth herein.

SECTION 7.4 GOVERNING LAW. THIS AGREEMENT AND ANY CLAIMS, CONTROVERSIES, DISPUTES, OR CAUSES OF ACTION (WHETHER ARISING UNDER CONTRACT LAW, TORT LAW OR OTHERWISE) BASED UPON OR RELATING TO THIS AGREEMENT, SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK WITHOUT GIVING EFFECT TO ANY CHOICE OF LAW PRINCIPLES THAT WOULD APPLY THE LAWS OF ANOTHER JURISDICTION.

SECTION 7.5 SUBMISSION TO JURISDICTION; WAIVER OF VENUE; SERVICE OF PROCESS; WAIVER. EACH PARTY HERETO AGREES THAT SECTION 13.09(b), 13.09(c), 13.09(d) AND 13.09(e) OF THE CREDIT AGREEMENT SHALL APPLY TO THIS AGREEMENT MUTATIS MUTANDIS.

SECTION 7.6 Confidentiality. Each party hereto agrees that Section 13.10 of the Credit Agreement shall apply to this Agreement mutatis mutandis.

SECTION 7.7 No Advisory or Fiduciary Responsibility. Each party hereto agrees that Section 13.17 of the Credit Agreement shall apply to this Agreement mutatis mutandis.

SECTION 7.8 Severability. Wherever possible, each provision of this Agreement shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this

Agreement shall be prohibited by or invalid under applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of such provisions or the remaining provisions of this Agreement.

SECTION 7.9 Counterparts. This Agreement may be executed in counterparts (and by different parties hereto on different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. Delivery of an executed signature page to this Agreement by facsimile or other electronic transmission (including portable document format (“pdf”) or similar format) shall be effective as delivery of a manually executed counterpart hereof. The words “execution,” “signed,” “signature,” “delivery,” and words of like import in or relating to this Agreement and any document to be signed in connection with this Agreement and the transactions contemplated hereby shall be deemed to include an electronic symbol or process attached to a contract or other record and adopted by a Person with the intent to sign, authenticate or accept such contract or record (each an “Electronic Signature”), deliveries or the keeping of records in electronic form, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature, physical delivery thereof or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any applicable law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, or any other similar state laws based on the Uniform Electronic Transactions Act; provided that nothing herein shall require the Administrative Agent to accept Electronic Signatures in any form or format without its prior written consent. Without limiting the generality of the foregoing, the Borrower hereby (i) agrees that, for all purposes, including without limitation, in connection with any workout, restructuring, enforcement of remedies, bankruptcy proceedings or litigation among the Administrative Agent, the Lenders and the Credit Parties, electronic images of this Agreement or any other Credit Documents (in each case, including with respect to any signature pages thereto) shall have the same legal effect, validity and enforceability as any paper original, and (ii) waives any argument, defense or right to contest the validity or enforceability of the Credit Documents based solely on the lack of paper original copies of any Credit Documents, including with respect to any signature pages thereto.

SECTION 7.10 Credit Document. This Agreement shall constitute a “Credit Document” as defined in the Credit Agreement.

SECTION 7.11 No Novation. The parties hereto expressly acknowledge that it is not their intention that this Agreement or any of the other Credit Documents executed or delivered pursuant hereto constitute a novation of any of the obligations, covenants or agreements contained in the Existing Credit Agreement or any other Credit Document, but rather constitute a modification thereof or supplement thereto pursuant to the terms contained herein. The Existing Credit Agreement and the Credit Documents, in each case as amended, modified or supplemented hereby, shall be deemed to be continuing agreements among the parties thereto, and all documents, instruments, and agreements delivered, as well as all Liens created, pursuant to or in connection with the Existing Credit Agreement and the other Credit Documents shall remain in full force and effect, each in accordance with its terms (as amended, modified or supplemented by this Agreement), unless such document, instrument, or agreement has otherwise been terminated or has expired in accordance with or pursuant to the terms of this Agreement or such document, instrument, or agreement or as otherwise agreed by the required parties hereto or thereto, it being understood that from after the occurrence of Effective Date, each reference in the Credit Documents to the “Credit Agreement,” “thereunder,” “thereof” (and each reference in the Credit Agreement to “this Agreement,” “hereunder,” or “hereof”) or words of like import shall mean and be a reference to the Credit Agreement as amended, modified or supplemented by this Agreement.

SECTION 7.12 Expenses. Without duplication of any amounts required to be paid pursuant to Sections 4.8 and 5.2, the Borrower agrees to reimburse the Administrative Agent and the Collateral Agent

for the reasonable and documented out-of-pocket expenses incurred by them in connection with this Agreement, including the reasonable and documented fees, charges and disbursements of one primary counsel and one local counsel in each relevant material jurisdiction for the Administrative Agent and the Collateral Agent, taken as a whole.

[Remainder of page intentionally left blank]

IN WITNESS WHEREOF, the parties have caused this Agreement to be duly executed as of the day and year first above written, to be effective as of the Effective Date.

Description of Governmental Regulations

General

The ownership, operation, and management of our gaming, betting and racing facilities (generically referred to herein as “gaming”) are subject to significant regulation under the laws, rules and regulations of each of the jurisdictions in which we operate. Gaming laws and regulations are generally based upon declarations of public policy designed to protect gaming consumers and the viability and integrity of the gaming industry. The continued growth and success of gaming is dependent upon public confidence, and gaming laws protect gaming consumers and the viability and integrity of the gaming industry, including prevention of cheating and fraudulent practices. Gaming laws also may be designed to protect and maximize state and local revenues derived through taxes and licensing fees imposed on gaming industry participants, as well as to enhance economic development and tourism. To accomplish these public policy goals, gaming laws establish stringent procedures to ensure that participants in the gaming industry meet certain standards of character and fitness. In addition, gaming laws require gaming industry participants to:

- ensure that unsuitable individuals and organizations have no role in gaming operations;
- establish procedures designed to prevent cheating and fraudulent practices;
- establish and maintain anti-money laundering practices and procedures;
- establish and maintain responsible accounting practices and procedures;
- maintain effective controls over their financial practices, including establishing minimum procedures for internal fiscal affairs and the safeguarding of assets and revenues;
- maintain systems for reliable record keeping;
- file periodic reports with gaming regulators;
- establish programs to promote responsible gaming; and
- enforce minimum age requirements.

Typically, a state regulatory environment is established by statute and underlying regulations and is administered by one or more regulatory agencies with broad discretion to regulate the affairs of owners, managers, and persons with financial interests in gaming operations. Among other things, gaming authorities in the various jurisdictions in which we operate:

- adopt rules and regulations under the implementing statutes;
 - interpret and enforce gaming laws and regulations;
 - impose disciplinary sanctions for violations, including fines and penalties;
 - review the character and fitness of participants in gaming operations and make determinations regarding their suitability or qualification for licensure;
 - grant licenses for participation in gaming operations;
 - collect and review reports and information submitted by participants in gaming operations;
-

- in the case of Rhode Island and Delaware, collect proceeds from our operations and provide us with commissions based on such proceeds;
- review and approve certain transactions, such as acquisitions or change-of-control transactions of gaming industry participants, securities offerings and debt transactions engaged in by such participants; and
- establish and collect fees and taxes in jurisdictions where applicable.

Any change in the laws or regulations of a gaming jurisdiction could adversely affect our gaming operations.

Licensing and Suitability Determinations

Gaming laws require us, each of our subsidiaries engaged in gaming operations, certain of our directors, officers and employees, and in some cases, certain of our shareholders and holders of our debt securities, to obtain licenses or findings of suitability from gaming authorities. Licenses or findings of suitability typically require a determination that the applicant qualifies or is suitable to hold the license. Gaming authorities have broad discretion in determining whether an applicant qualifies for licensing or should be deemed suitable. Subject to certain administrative proceeding requirements, the gaming regulators have the authority to deny any application or limit, condition, restrict, revoke or suspend any license, registration, finding of suitability or approval, or fine any person licensed, registered or found suitable or approved, for any cause deemed reasonable by the gaming authorities. Criteria used in determining whether to grant or renew a license or finding of suitability, while varying between jurisdictions, generally include consideration of factors such as:

- the character, honesty and integrity of the applicant;
- the financial stability, integrity and responsibility of the applicant, including whether the operation is adequately capitalized in the state and exhibits the ability to maintain adequate insurance levels;
- the quality of the applicant's casino facilities;
- the amount of revenue to be derived by the applicable state from the operation of the applicant's casino;
- the applicant's practices with respect to minority hiring and training; and
- the effect on competition and general impact on the community.

In evaluating individual applicants, gaming authorities consider the individual's business experience and reputation for good character, the individual's criminal history and the character of those with whom the individual associates.

Some gaming jurisdictions limit the number of licenses granted to operate casinos within the state, and some states limit the number of licenses granted to any one gaming operator. Licenses under gaming laws are generally not transferable without regulatory approval. Licenses in most of the jurisdictions in which we conduct gaming operations are granted for limited durations and require renewal from time to time. There can be no assurance that any of our licenses will be renewed. The failure to renew any of our licenses could have adversely affect our gaming operations.

In addition to us and our direct and indirect subsidiaries engaged in gaming operations, gaming authorities may investigate any individual who has a material relationship to or material involvement with any of our entities to determine whether such individual is suitable or should be licensed. Our officers, directors and certain key employees must file applications with the gaming authorities and may be required to be licensed, qualify or be found suitable in many jurisdictions. Gaming authorities may deny an application for licensing for any cause which they

deem reasonable. Qualification and suitability determinations require submission of detailed personal and financial information followed by a thorough investigation. The applicant must pay all the costs of the investigation. Changes in licensed positions must be reported to gaming authorities and in addition to their authority to deny an application for licensure, qualification or a finding of suitability, gaming authorities have jurisdiction to disapprove a change in a corporate position.

If one or more gaming authorities were to find that an officer, director or key employee fails to qualify or is unsuitable for licensing or unsuitable to continue having a relationship with us, we would be required to sever all relationships with such person. In addition, gaming authorities may require us to terminate the employment of any person who refuses to file appropriate applications.

Moreover, in many jurisdictions, certain of our shareholders may be required to undergo a suitability investigation similar to that described above. Many jurisdictions require any person who acquires beneficial ownership of more than a certain percentage of our voting securities, typically 5%, to report the acquisition to gaming authorities, and gaming authorities may require such holders to apply for qualification or a finding of suitability. Most gaming authorities, however, allow an “institutional investor” to apply for a waiver or reduced disclosure obligation. An “institutional investor” is generally defined as an investor acquiring and holding voting securities in the ordinary course of business as an institutional investor for passive investment purposes only, and not for the purpose of causing, directly or indirectly, the election of a member of our board of directors, any change in our corporate charter, bylaws, management, policies or operations, or those of any of our gaming affiliates, or the taking of any other action which gaming authorities find to be inconsistent with holding our voting securities for passive investment purposes only. Even if a waiver or reduced disclosure obligation is granted, an institutional investor generally may not take any action inconsistent with its status when the waiver was granted without once again becoming subject to the foregoing reporting and application obligations.

Generally, any person who fails or refuses to apply for a finding of suitability or a license within the prescribed period after being advised that it is required by gaming authorities may be denied a license or found unsuitable, as applicable. Any shareholder found unsuitable or denied a license and who holds, directly or indirectly, any beneficial ownership of our voting securities beyond such period of time, as may be prescribed by the applicable gaming authorities, may be guilty of a criminal offense. Pursuant to our bylaws, if a shareholder were to be found by an applicable gaming authority to be an unsuitable person, or if the Board were otherwise to determine that a shareholder is an unsuitable person under applicable gaming laws, then the Company may, subject to compliance with the bylaws, redeem such shareholder’s voting securities. In addition, in these circumstances, until such voting securities are owned by suitable shareholders:

- we would not be required or permitted to pay any dividend, payment, distribution or interest with respect to such voting securities,
- the unsuitable shareholder holder would not be entitled to exercise any voting rights in respect of such voting securities,
- we would not pay any remuneration in any form to the holder of such voting securities (other than, if applicable, the redemption price for such securities),
- no unsuitable person could continue as a manager, officer, partner or director of the us or any of our subsidiaries, and
- all other rights (including economic and voting rights) of such unsuitable persons in respect of the voting securities would be suspended.

The gaming jurisdictions in which we operate also require that suppliers of certain goods and services to gaming industry participants be licensed and require us to purchase and lease gaming equipment, and certain supplies and services only from licensed suppliers.

Violations of Gaming Laws

If we or our subsidiaries violate applicable gaming laws, our gaming licenses could be limited, conditioned, suspended or revoked by gaming authorities, and we and any other persons involved could be subject to substantial fines. Further, a supervisor or conservator can be appointed by gaming authorities to operate our gaming properties, or in some jurisdictions, take title to our gaming assets in the jurisdiction, and under certain circumstances, earnings generated during such appointment could be forfeited to the applicable state or states. Furthermore, violations of laws in one jurisdiction could result in disciplinary action in other jurisdictions. As a result, violations by us of applicable gaming laws could adversely affect our gaming operations.

Some gaming jurisdictions prohibit certain types of political activity by a gaming licensee, its officers, directors and key people. A violation of such a prohibition may subject the offender to criminal and/or disciplinary action.

Reporting and Recordkeeping Requirements

We are required periodically to submit detailed financial and operating reports and furnish any other information about us or our subsidiaries which gaming authorities may require. Under federal law, we are required to record and submit detailed reports of currency transactions involving greater than \$10,000 at our casinos as well as any suspicious activity that may occur at such facilities. Certain jurisdictions require logging, reporting, and/or review of transactions and winning wagers over certain amounts. We are required to maintain a current stock ledger which may be examined by gaming authorities at any time. If any securities are held in trust by an agent or by a nominee, the record holder may be required to disclose the identity of the beneficial owner to gaming authorities. A failure to make such disclosure may be grounds for finding the record holder unsuitable. Gaming authorities may require certificates for our securities to bear a legend indicating that the securities are subject to specified gaming laws. In certain jurisdictions, gaming authorities have the power to impose additional restrictions on the holders of our securities at any time.

Review and Approval of Transactions

Substantially all material loans, leases, sales of securities and similar financing transactions by us and our subsidiaries must be reported to and in some cases approved by gaming authorities. Neither we nor any of our subsidiaries may make a public offering of securities without the prior approval of certain gaming authorities. Changes in control through merger, consolidation, stock or asset acquisitions, management or consulting agreements, or otherwise are subject to receipt of prior approval of gaming authorities. Entities seeking to acquire control of us or one of our subsidiaries must satisfy gaming authorities with respect to a variety of stringent standards prior to assuming control. Gaming authorities may also require controlling shareholders, officers, directors and other persons having a material relationship or involvement with the entity proposing to acquire control to be investigated and licensed as part of the approval process relating to the transaction.

Because of regulatory restrictions, our ability to grant a security interest in any of our gaming assets is limited and subject to receipt of prior approval by certain gaming authorities. A pledge of the stock of a subsidiary holding a gaming license and the foreclosure of such a pledge may be ineffective without the prior approval of gaming authorities in certain jurisdictions. Moreover, our subsidiaries holding gaming licenses may be unable to guarantee a security issued by an affiliated or parent company pursuant to a public offering, or pledge their assets to secure payment of the obligations evidenced by the security issued by an affiliated or parent company, without the prior approval of certain gaming authorities.

Some jurisdictions also require us to file a report with the gaming authority within a prescribed period of time following certain financial transactions and the offering of debt securities. Certain gaming authorities reserve the right to order such transactions rescinded.

Certain jurisdictions require the implementation of a compliance review and reporting system created for the purpose of monitoring activities related to our continuing qualification. These plans require periodic reports to the regulatory authorities.

License Fees and Gaming Taxes

We pay substantial license fees and taxes in many jurisdictions, including some of the counties, cities and towns in which our operations are conducted, in connection with our casino gaming operations, computed in various ways depending on the type of gaming or activity involved and the jurisdiction where our operations are conducted. Depending upon the particular fee or tax involved, these fees and taxes are payable with varying frequency. License fees and taxes are based upon such factors as:

- a percentage of the gross gaming revenues received;
- the number of gaming devices and table games operated; and/or
- one time fees payable upon the initial receipt of license and fees in connection with the renewal of license.

In many jurisdictions, gaming tax rates are graduated, such that they increase as gross gaming revenues increase. Furthermore, tax rates are subject to change, sometimes with little notice, and such changes could have adversely affect our gaming operations. A live entertainment tax is also paid in certain jurisdictions by casino operations where entertainment is furnished in connection with the selling or serving of food or refreshments or the selling of merchandise.

In addition to taxes specifically unique to gaming, we are required to pay all other applicable taxes such as income and property taxes.

Rhode Island Commissions

In Rhode Island, our gaming operations are subject to extensive regulation by the Rhode Island Department of Business Regulation and the Division of Lotteries of the Rhode Island Department of Revenue. Similar to Delaware and unlike the other jurisdictions in which we operate, Rhode Island does not have a traditional tax on gaming operations. The state receives all of the gaming win that comes into our Rhode Island operations and then pays us a percentage of the gaming win. As a result, our revenue from Rhode Island operations reflects only the net amount we are paid of the total gaming win from our Rhode Island casinos. As of December 31, 2020, Twin River Casino Hotel is entitled to a 28.85% share of VLT revenue on the initial 3,002 units and a 26.00% share on VLT revenue generated from units in excess of 3,002. Tiverton Casino Hotel is and Newport Grand was entitled to receive a percentage of VLT revenue that is equivalent to the percentage received by Twin River Casino Hotel. Twin River Casino Hotel and Tiverton Casino Hotel are entitled to an 83.5% share of table games revenue.

Delaware Commissions

In Delaware, our gaming operations are subject to extensive regulations related to our operations by the Delaware State Lottery Office, Delaware's Department of Safety and Homeland Security, Division of Gaming Enforcement and the Delaware Harness Racing Commission. Similar to the Rhode Island jurisdiction, Delaware does not have a traditional tax on gaming operations. The Delaware State Lottery Office sweeps the win from the casino operations, collects the State's share of the win and the amount due to the vendors under contract with the State who provide the slot machines and associated computer systems, collects the amount allocable to purses for harness horse racing and remits the remainder to us as our commission. As a result, our revenue from Delaware operations reflects only the net amount we are paid of the total gaming win from our Delaware casino and raceway. As of December 31, 2020, Dover Downs was entitled to an approximate 42% share of VLT revenue and 80% share of table games revenue.

Operational Requirements

In most jurisdictions, we are subject to certain requirements and restrictions on how we must conduct our gaming operations. In some states, we are required to give preference to local suppliers and include minority and women-

owned businesses in construction projects as well as in general vendor business activity. Similarly, we may be required to give employment preference to minorities, women and in-state residents in certain jurisdictions.

Some gaming jurisdictions also prohibit cash distributions from a gaming operation, except to allow for the payment of taxes, if the distribution would impair the financial viability of the gaming operation. Moreover, many jurisdictions require a gaming operation to maintain insurance and post bonds in amounts determined by their gaming authority. In addition, our ability to conduct certain types of games, introduce new games or move existing games within our facilities may be restricted or subject to regulatory review and approval. Some of our operations are subject to restrictions on the number of gaming positions we may have and the maximum wagers allowed to be placed by our customers.

Our operating properties are also subject to various rules and regulations related to the prevention of financial crimes and combating terrorism, including the U.S. Patriot Act of 2001. These rules and regulations require us to, among other things, implement policies and procedures related to anti-money laundering, suspicious activities, currency transaction reporting and due diligence on customers. Although we have policies and procedures designed to comply with these rules and regulations, to the extent they are not fully effective or do not meet heightened regulatory standards or expectations, we may be subject to fines, penalties, restrictions on certain activities, reputational harm, or other adverse consequences.

Riverboat Casinos

In addition to all other regulations generally applicable to the gaming industry, certain of our riverboat casinos are also subject to regulations applicable to vessels operating on navigable waterways, including regulations of the U.S. Coast Guard, or alternative inspection requirements. These requirements set limits on the operation of the vessel, mandate that it must be operated by a minimum complement of licensed personnel, establish periodic inspections, including the physical inspection of the outside hull, and establish other mechanical and operations rules. In addition, the riverboat casinos may be subject to future U.S. Coast Guard regulations, or alternative security procedures, designed to increase homeland security which could affect some of our properties and require significant expenditures to bring such properties into compliance.

Racetracks

We conduct horse racing operations at our racetracks in Aurora, Colorado and Dover, Delaware and operate additional OTB locations throughout Colorado. Regulations governing our horse racing operation in Colorado and Delaware are administered separately from the regulations governing gaming operations, with separate licenses and license fee structures. The racing authorities responsible for regulating our racing operations have broad oversight authority, which may include: annually reviewing and granting racing licenses and racing dates, approving the opening and operation of OTB facilities, approving simulcasting activities, licensing all officers, directors, racing officials and certain other employees of a racing licensee, and approving certain contracts entered into by a racing licensee affecting racing, pari-mutuel wagering, account wagering and OTB operations.

Sports Book Wagering & Online Wagering

We and our partners are subject to various federal, state and international laws and regulations that affect our sports wagering and online wagering businesses. Additional laws in any of these areas are likely to be passed in the future, which could result in impact to the ways in which we and our partners are able to offer sports wagering and online wagering in jurisdictions that permit such activities.

Interactive Business

We are subject to various federal, state and international laws and regulations that affect our interactive business, including those relating to the privacy and security of customer and employee personal information and those relating to the Internet, behavioral tracking, mobile applications, advertising and marketing activities, sweepstakes and contests. Additional laws in all of these areas are likely to be passed in the future, which could result in

significant limitations on or changes to the ways in which we can collect, use, host, store or transmit the personal information and data of our customers or employees, communicate with our customers, and deliver products and services, or may significantly increase our compliance costs. As our business expands to include new uses or collection of data that is subject to privacy or security regulations, our compliance requirements and costs will increase and we may be subject to increased regulatory scrutiny.

Some of our social gaming products and features are based upon traditional casino games, such as slots and table games. Although we do not believe these products and features constitute gambling, it is possible that additional laws or regulations may be passed in the future that would restrict or impose additional requirements on our social gaming products and features.
